Innovative Techniques in Skin Surgery Marwali Harahap,2002-05-10 Introduces pioneering techniques in suture removal without scissors meshed skin graft preparation and multiple Z plasty Innovative Techniques in Skin Surgery features new material on modified buried vertical mattress sutures for wounds under moderate and severe tension bury and knot sutures for grafting skin tissue out

Complications of Dermatologic Surgery Marwali Harahap,2012-12-06 The scope of dermatologic surgery is so wide that inevitably a large number and variety of complications arise Of course the majority of complications can be prevented by careful preoperative preparation meticulous surgical technique and proper postoperative care but when they do occur they can be recognized and managed with skill and competence This book provides a valuable source of reference for the prevention recognition and management of complications in dermatologic surgery Avoiding problems is at least as important as dealing with them and so all the chapters in this book deal with both prevention and management This book addresses dermatologic surgeons in practice or in training and to surgeons in other specialties who

may be required to undertake repair of skin defects Many of the authors accepted the responsibility of contributing to this work in addition to their many other obligations For this I am extremely grateful to them MARwALI HARAHA Local Anesthesia and Regional Anesthesia George B Winton 1 Electrodesiccation and Curettage Harvey Finkelstein and Robert Jackson 16 Dermatologic Surgery Johannes Petres, Rainer Rompel, Perry Robins, 2012-12-06 The history of the healing arts forces us to be very modest There are no absolute truths and no eternally valid laws A new era will appear with new teachings and new ideas We need to be certain that we are receptive to change and approach the new times with understanding Ferdinand Sauerbruch Das war mein Leben Kindler Munich 1951 Many of our colleagues especially the younger ones have encouraged us to share our operative experiences with them It is their pleasure that have given us the resolve to write this book We hope that we have met their needs with a volume which illustrates the broad spectrum of surgical techniques used in dermatology and related fields In it we attempt to provide practical help to both practicing dermatologists and those in training as they consider surgical therapeutic options and then seek to implement them Every operation requires courage a sense of responsibility patience and imagination The true quality of the surgeon is seen not in the extent and difficulty of his or her operations but in the personal qualities that the physician brings to patient care
