## **Molasses Making Time:**

*Winning Three Times* Jacobaris,2011-04-27 On May 9 1940 Adrie de Kievit is a carefree ten year old boy who lives with his parents Arie and Ko and his thirteen year old sister Willie in Yselmonde in the Netherlands The familys life is about to change drastically As planes soar low overhead with cannons firing at them a neighbor with access to a radio confirmed that the Dutch are now at war with the German Army This memoir offers a firsthand narrative of what it was like growing up under the backdrop of World War II While accented with many historical details *Winning Three Times* is a personal story of how the war and the German occupation affected Adrie his family their neighbors their city and the country From food hoarding to rationing and shortages *Winning Three Times* recounts with great detail surviving the war in a small down under the shadow of Rotterdam He tells of how his family coped with the hardships such as no gas no electricity no telephone and little outside communication This personal history communicates a story of both challenge and triumph *Making Music*

William C. Allsbrook Jr.,2023-06-23 The banjo has been emblematic of the Southern Appalachian Mountains since the late twentieth century *Making Music The Banjo in a Southern Appalachian County* takes a close look at the instrument and banjo players in Haywood County North Carolina Author William C Allsbrook Jr MD presents the oral histories of thirty two banjo players all but two of whom were born in Haywood County These talented musicians recount in their own words their earliest memories of music and of the banjo as well as the appeal of the banjo They also discuss learning to play the instrument including what it feels like playing the banjo many describing occasional flow states In the book Allsbrook explores an in home musical folkway that developed along the colonial frontier By the mid 1800s frontier expansion had ceased in Haywood County due to geographic barriers but the in home musical tradition including the banjo survived in largely isolated areas Vestiges of that tradition remain to this day although the region has undergone significant changes over the lifetimes of the musicians interviewed As a result the survival of the in home tradition is not guaranteed Readers are invited into the private lives of the banjo players and asked to consider the future of the banjo in the face of contemporary trends The future will be shaped by how this remarkable mountain culture continues to adapt to these challenges Still this thriving community of banjo players represents the vibrant legacy of the banjo in Haywood County and the persistence of tradition in the twenty first century
