Molly the Mule Hope R. Kjellerup,1981-04 **From Here to Where** Thaddeus Best,2013-04 From Here To Where is a story about a little boy learning to survive in a very abusive environment not only does he learn to save his own life he had to use his wits to save his mother s life as well In his early years he and his mother lived in constant fear The story describes how his survivor skills became more important than his education As a seven year old child he ran into the dark of night to save himself from certain death Tells the how a daddy punished a child beyond the limits of law for any man or animal Show how a daddy s abuse was determined as punishment The story tells how a young child gets involved in sex play This story begins at three and ends at eleven years old It s not about kicking sand or throwing rocks in to lakes or streams It s about surviving in a very cold and cruel environment at home The Author has always wanted to write stories of interest concerning people that live ordinary lives Unfortunately some characters in this story lived every way except an ordinary life Also about people that makes a difference in day to day lives of all people Especially children who in many ways of experiencing some form of abuse in their lives His hope and prayer is that someone will read his story and act in a way that would help a child find hope peace and love Many parents believe their way is the best way without noticing the child s reactions There are many children that pass through the system with emotionally and physically abused scars They don t know how to ask for help some may not even realize they need help All children are born trusting and caring It s the adults that betray that trust Most problems are not detected until it s far too late He loved to read stories about different cultures and their way of life From a small boy until an adult male reading has been a large part of his secret getaway The author learned to type in high school because he knew that someday he would write this story He knew he wouldn t rest until his story was told Only four individuals still living can verify the heart of this story Feel the grief in graphic details of an abusive life of a child From Here to Where is a true story After many years the events are forever tattooed on my brain With so many other things to do I try not to think about them Life goes on but the story lives and so does the pain with its sadness You will also feel the pain as well as some very cheerful moments **Murder in the Menagerie** Victor Mollo,2014-11-24 The Hog insufferable and all but insuperable brings off one coup after another and seldom fails to triumph over his hated rival Papa the Greek Neither is a match for the Rabbit for though R R rarely knows what he is doing or why he is always saved from himself by a guardian angel **"Holy Deadlock" and Further Ribaldries** ,2017-01-18 Did you hear the one about the newlywed who rushes off for legal advice before the honeymoon is over Or the husbands who arrange for an enormous tub in which to cure their sugary wives with a pinch of salt How about a participatory processional toward marriage so sacrilegious that it puts Chaucer s pilgrimage to shame And who could have imagined a medieval series of plays devoted to spouse swapping Jody Enders has heard and seen all this and more and shares it in her second volume of performance friendly translations of medieval French farces Carefully culled from more than two hundred extant farces and crafted with a wit and contemporary

sensibility that make them playable half a millennium later these dozen bawdy plays take on the hilariously depressing and depressingly hilarious state of holy wedlock In fifteenth and sixteenth century comedy love and marriage do not exactly go together like a horse and carriage What with all the arranged matches of child brides to doddering geezers the frustration fear anxiety jealousy disappointment and despair are matched only by the eagerness with which everybody sings dances and cavorts in the pursuit of deception trickery and adultery Easily recognizable stock characters come vividly to life struggling to negotiate the limits of power class and gender each embodying the distinctive blend of wit social critique and breathless boisterousness that is farce Whether the antics play out on the fifteenth century stage or the twenty first century screen Enders notes comedy revels in shining its brightest spotlight on the social and legal questions of what makes a family Her volume defines and redefines love and marriage with a message that no passage of time can tear asunder social change finds its start where comedy itself begins at home The Hog in the 21th Century Robert King,2014-12-29 Bridge players all over the world are familiar with Victor Mollo s incredible cast of characters Now this new collection of stories from The Griffins Club follows the sage of Mollo s menagerie as Hideous Hog and Rueful Rabbit bewitch bother and bewilder their opponents
