Heffernan, 2004-04 Ekphrasis is the art of describing works of art the verbal representation of visual representation Profoundly ambivalent ekphrastic poetry celebrates the power of the silent image even as it tries to circumscribe that power with the authority of the word Over the ages its practitioners have created a museum of words about real and imaginary paintings and sculptures In the first book ever to explore this museum James Heffernan argues that ekphrasis stages a battle for mastery between the image and the word Moving from the epics of Homer Virgil and Dante to contemporary American poetry this book treats the history of struggle between rival systems of representation Readable and well illustrated this study of how poets have represented painting and sculpture is a major contribution to our understanding of the relation between the arts Star Wars: The Princess and the Scoundrel Beth Revis, 2022-08-16 NEW YORK TIMES BESTSELLER You are cordially invited to the wedding of Princess Leia Organa and Han Solo The Death Star is destroyed Darth Vader is dead The Empire is desolate But on the forest moon of Endor among the chaos of a changing galaxy time stands still for a princess and her scoundrel After being frozen in carbonite then risking everything for the Rebellion Han is eager to stop living his life for other people He and Leia have earned their future together a thousand times over And when he proposes to Leia it s the first time in a long time he s had a good feeling about this For Leia a lifetime of fighting doesn t seem truly over There is work still to do penance to pay for the dark secret that she now knows runs through her veins Her brother Luke is offering her that chance one that comes with family and the promise of the Force But when Han asks her to marry him Leia finds her answer immediately on her lips Yes Yet happily ever after doesn t come easily As soon as Han and Leia depart their idyllic ceremony for their honeymoon they find themselves on the grandest and most glamorous stage of all the Halcyon a luxury vessel on a very public journey to the most wondrous worlds in the galaxy Their marriage and the peace and prosperity it represents are a lightning rod for all including Imperial remnants still clinging to power Facing their most desperate hour the soldiers of the Empire have dispersed across the galaxy retrenching on isolated planets vulnerable to their influence As the Halcyon travels from world to world one thing becomes abundantly clear The war is not over But as danger draws closer Han and Leia find that they fight their best battles not alone but as husband and wife **Hegel.
