Workbook Responsibility (EV) Gianni Liscia, Jan Liscia, Marcello Liscia, 2018-07-30. The second letter in the D R E A M Formula stands for a leader's responsibility: A responsibility that applies to a myriad of areas. First and foremost, a leader has a responsibility to himself. He should have respect for his physical and psychological resources, applying them consciously. He must then ensure that his employees do the same. In times of increasing burnout afflictions, this is a vital issue and entails creating a positive environment in which employees enjoy their work. A leader carries exceptional responsibility during transitional processes. He must masterfully guide his staff to their destination. For this purpose, we developed story changing, an outstanding award-winning tool for understanding, accepting, and actively shaping change. You can learn about this and much more in *Workbook Responsibility*, with numerous worksheets for profound, enduring insight. Want more? Then redouble your knowledge with our book *D R E A M of LEADERS*. Leadership is not an illusion, along with the four other workbooks from the series. **The Beginning Translator's Workbook** Michele H. Jones, 2014-03-18. This workbook combines methodology and practice for beginning translators with a solid proficiency in French. It assumes a linguistic approach to the problems of translation and addresses common pitfalls, including the delineation of translation units, word polysemy, false cognates, and structural and cultural obstacles to literal translation. The first part of the book focuses on specific strategies used by professionals to counter these problems, including transposition, modulation, equivalence, and adaptation. The second part of the book provides a global application of the techniques taught in the opening sections, guiding the student through step-by-step translations of literary and non-literary excerpts. The revised edition clarifies some of the finer points of the translation techniques introduced in the first edition, provides extra practice exercises, and offers information on a website that can be used in class. **The Advanced Workbook For Spiritual & Psychic Development** Helen Leathers, Diane
