Moments Of Transcendence:

Hearts in Transcendence Alexander De Foe, 2015-01-16 *Hearts in Transcendence* offers an insightful exploration of transcendental consciousness states that challenge the boundaries of human potential. These exceptional states of consciousness have been captured throughout literature but seldom is the real tangible and practical significance of exceptional experiences discussed in the modern world. This book sets out to do just that to uncover the greater potential of the human being through a practical applied approach to consciousness states and cosmic experiences of transcendence.

The Minimalist Vision of Transcendence Jerome A. Stone, 1992-11-03 Charts a spiritual path that skirts the choice between the old notion of God and atheism between foundationalism and relativism. Describes a Neo naturalistic philosophy of religion that combines a vision of this worldly transcendence with an attitude of openness in inquiry and action. Part of the revival of radical empiricism in religious thought. Paper edition unseen 16 95. Annotation copyright by Book News Inc Portland OR.

Secularism and the Pursuit of Transcendence, Volume II Stanley E. Porter, Wendy J. Porter, 2025-02-19 We live in a secular age or so we have been told. Nevertheless the Christian church strongly believes that we still experience and in fact are surrounded by acts of transcendence encounters with God that often defy imagination and explanation. And yet we do try to explain such phenomena whether theologically experientially biblically historically philosophically literarily or even or especially artistically. These two volumes are more than just papers from a major conference on secularism and the pursuit of transcendence held at McMaster Divinity College in Hamilton Ontario. They contain genuine attempts by people deeply engaged with their secular surroundings to explain what we mean by transcendence. Transcendence has been a longstanding topic among the best thinkers of this and previous ages and the same is true for these volumes which include contributions by Charles Taylor Robert Wuthnow Merold Westphal and Christina Gschwandtner but also by a wide range of others who address the question from divergent vantage points. The responses vary as much as the orientations of those involved in the pursuit of defining not only what it means to live in our secular age but to be involved in the pursuit of transcendence or even to perceive the Transcendent's pursuit of us.

The Changing Face Of The Priesthood Donald B. Cozzens, 2017-06-15 Few today would contest that the priesthood is in a state of crisis. Cosmopolitan Love Sijia Yao,2023-11-09 Love and the different manifestations of it is a common theme in literature around the world In Cosmopolitan Love Sijia Yao examines the writings of D H Lawrence a British writer whose literature focused primarily on interpersonal relationships in domestic settings and Eileen Chang a Chinese writer who migrated to the United States and explored Chinese heterosexual love in her writing While comparing the writings of a Chinese writer and an English one Yao avoids a direct comparison between East and West that could further enforce binaries Instead she uses the comparison to develop an idea of cosmopolitanism that shows how the writers are in conversation with their own culture and with each other Both D H Lawrence and Eileen Chang wrote stories that are influenced by but sometimes stand in opposition

to their own cultures They offer alternative understandings of societies dealing with modernism and cultural globalization Their stories deal with emotional pain caused by the restrictions of local politics and economics and address common themes of incestuous love sexual love adulterous love and utopian love By analyzing their writing Yao demonstrates that the concept of love as a social and political force can cross cultural boundaries and traditions to become a basis for human meaning the key to a cosmopolitan vision
