**On Becoming a Teen Mom** Mary Patrice Erdmans, Timothy Black, 2015-02-06 In 2013 the New York City Public Health Department placed public service announcements on trains and buses and at transportation stops that showed photos of frowning or crying children saying such things as I m twice as likely not to graduate high school because you had me as a teen and Honestly Mom Chances are he won t stay with you What happens to me Campaigns like this support a public narrative that portrays teen mothers as threatening the moral order bankrupting state coffers and causing high rates of poverty incarceration and school dropout These campaigns demonize teen mothers but tell us nothing about their lives before they became pregnant In this myth shattering and often deeply disturbing book sociologists Mary Patrice Erdmans and Timothy Black tell the life stories of 108 brown white and black teen mothers They expose the problems that cause distress in these young women s lives and that are often overlooked in pregnancy prevention campaigns Some stories are tragic and painful marked by child sexual abuse partner violence and school failure Others are less devastating depicting girl next door characters whose unintended pregnancies expose their lack of contraception and unwillingness to abort Offering a fresh critical perspective on the links between early childbirth and social inequalities *On Becoming a Teen Mom* demonstrates how the intersecting hierarchies of gender race and social class shape the personal stories of young mothers

AmiriRad,2016-11-28 Among many factors perhaps their confidence was shaped by cultural mantras in the United States which proclaim that this is a country of opportunity where it is possible to pursue one s dreams and reach the top of one s potential as one of the participants indicated Of relevance there are a multitude of good reasons for women to leave abusive relationships in order to reach their full potential and this was what many single mother doctoral students have had to do On one hand societal expectations are on their side encouraging them to leave the relationship On the other hand when they do leave they often experience a crippling lack of cultural societal and programmatic support When they left these relationships and decided to

pursue their doctorates while being single parents to their children they were often marginalized by their universities doctoral programs and faculty by peers and by what should have been their support systems

*Mothers as Keepers and Tellers of Origin Stories* Kerri S. Kearney, 2019-12-01 This collection presents diverse critical perspectives and discussion about the keeping or telling of children's origin stories as a part of contemporary mothering labor. The first two sections outline perspectives from mother authors about how they strategically craft complex origin stories for their children as well as how the telling and retelling of origin stories may be passed on as generational knowledge. The third section discusses mothering and origin stories from multiple perspectives: that of a father by adoption of single mothers, positioning stories of absent fathers, and a multi-perspective chapter that includes a mother by adoption, her adult child, and her child's birthmother.

**Working Mother**, 1999-05 The magazine that helps career moms balance their personal and professional lives. The Wonder of Boys Michael Gurian, 2006-09-07 THE WONDER OF BOYS is a provocative book that electrifies the debate over how this nation raises sons. USA Today In this insightful and practical book, Michael Gurian describes what boys need to become strong, responsible, sensitive men. Instead of encouraging us to stifle boys' natural propensities for competition and aggression, Gurian offers effective and practical guidelines for channeling them. He shows how the evils boys are susceptible to, including gang activity, sexual misconduct, and crime, become necessary outlets when positive role models and adult support are not available. Most important, Gurian explains what a boy really needs: a primary and an extended family, relationships with mentors, and intense support from his school and community, and details how we can provide these things for the boys we love.
