Mysticism A Study In The Nature And Development Of Mans Spiritual Consciousness:

Mysticism Evelyn Underhill, 2005-01-01 *Mysticism* is Evelyn Underhill's seminal work on the subject. The book is divided into two parts: *The Mystic Fact* and *The Mystic Way*. In the first part, Underhill explores the theological, psychological, and philosophical underpinnings of mysticism from a historical perspective. In the second part, Underhill examines the application of mysticism in one's life as a means for spiritual growth. Evelyn Underhill's *Mysticism* is both a fantastic introduction to the search for spirituality through mysticism and an almost encyclopedic examination of the subject. ***Mysticism, a Study in the Nature and Development of Man's Spiritual Consciousness, by Evelyn Underhill,... 12th Edition...*** Evelyn Underhill (Mrs. Hubert Stuart Moore.), 1930 *Mysticism* Evelyn Underhill, 2017-09-17 *Spiritual Consciousness* *Mysticism: The Nature and Development of Man's Spiritual Consciousness* is a seminal book about Christian mysticism written by one of the most widely read authors on the subject, the ever popular Evelyn Underhill. It continues her trend of truly life-altering writings. Underhill has divided *Mysticism* into two parts. The first section of the book, *The Mystic Fact*, serves as an introduction to Christian mysticism, tracing the history and nature of mysticism from theological and philosophical perspectives. A chapter is also included on mysticism and magic, a relationship that perhaps forms the most controversial aspect of mysticism. The second part of Underhill's book, dubbed *The Mystic Way*, is the author's study of the process of mystical growth. This portion of the book can almost be read as a how-to. For those seeking spiritual growth through Christian mysticism, it is this portion of the book that will be most valuable and potentially life-altering. *Mysticism* remains one of the most heralded texts examining Christian mysticism. The reason for this is simple: Underhill's prose and clarity of voice are remarkable. The text is simple yet both illuminating and inspiring. Both the novice and the experienced follower will find tremendous value in this book. *Spiritual Consciousness* *Mysticism: The Nature and Development of Man's Spiritual Consciousness* is perhaps the most well-known book on the subject matter and with good reason. It is a true accomplishment and one that deserves to be read by anybody with a passing interest in mysticism. Underhill's book is highly recommended. Underhill employs a lyrical and contemplative style, inviting readers to apprehend the depths of the mystical experience. She contextualizes this journey within the broader literary framework of

early 20th century spirituality deftly engaging with both historical and contemporary figures in mysticism thereby establishing a rich dialogue across ages that enriches the reader's understanding of the subject Evelyn Underhill an early feminist thinker and a pioneer in the study of mysticism utilized her theological training and personal spiritual experiences to craft this insightful work Her background in philosophical theology and her own quest for deeper spiritual meaning led her to delve into the writings of mystics like St John of the Cross and Teresa of Avila This profound understanding and personal connection to the subject of mysticism permeate her writing providing an authentic voice that resonates with seekers of spiritual truth Mysticism is an essential read for anyone interested in the intersection of spirituality and literature Underhill's rich prose and thoughtful meditations provide an accessible yet profound exploration of a complex topic making it suitable for both scholars and lay readers alike This book encourages one to embark on their own spiritual journey illuminating the path toward a deeper understanding of the divine

Mysticism Evelyn Underhill, 2018-11-01 Mysticism is one of most celebrated books on the subject The spirit of the book is romantic engaged and theoretical rather than historical or scientific Underhill has little use for theoretical explanations and the traditional religious experience formal classifications or analysis She dismisses William James pioneering study *The Varieties of Religious Experience* 1902 and his four marks of the mystic state ineffability noetic quality transience and passivity Excerpt All men at one time or another have fallen in love with the veiled Isis whom they call Truth With most this has been a passing passion they have early seen its hopelessness and turned to more practical things But others remain all their lives the devout lovers of reality though the manner of their love the vision which they make to themselves of the beloved object varies enormously Some see Truth as Dante saw Beatrice an adorable yet intangible figure found in this world yet revealing the next
