Oeuvres Iv:

God Desires You Eunan McDonnell, 1908-10-15 Bond of Perfection Wendy M. Wright, 2001 *The Volitional Theory of Causation* W. J. Mander, 2023-01-10 This book presents a history of the volitional theory of causation the philosophical proposal that volition or will of the same or broadly the same stamp as that which we experience in our own deliberate and voluntary doings should be taken as the basis for all causality Few today know much about the volitional theory of causation and even fewer have given it any serious attention But if current opinion regards this suggestion as an unusual one of minor importance the historical record shows otherwise revealing that it is a theory which has been proposed and developed again and again throughout the modern era Its obscurity is only a recent phenomenon Starting at the beginning of the Early Modern period and progressing right up the modern times the historical discussion takes in both supporters and critics as well as both famous and less well known figures to tell the story of a long running debate which contemporary history of philosophy has forgotten The principal figures discussed are Berkeley Hume Reid Maine de Biran Schopenhauer Mansel Mill Martineau Alexander Campbell Fraser Borden Parker Bowne and G F Stout although many other philosophers are also considered The book ends with a consider of the philosophical merits of the theory Political Thought and Political Thinkers Judith N. Shklar, 1998-03-28 A collection of twenty one essays written over Shklar s forty year career as a professor at Harvard University **Historical Roots of Linguistic Theories** Lia Formigari, Daniele Gambarara, 1995-01-01 Most of the papers collected in this volume concentrate on the history of linguistic ideas in France and Italy in the modern period from the Renaissance to the present day Some of them are specifically focused on the links between the two traditions of reflection on language The contributions have a common methodological outlook the authors do not believe that the history of linguistic ideas is a separate activity from research on language or that it is marginal with respect to the latter On the contrary they are convinced that in contemporary research into language we can still discern the influence positive or negative as this may be of factors deriving from the sometimes distant past A historical analysis of these factors whether it rejects them as superseded or redefines them in order to elicit the fruitful suggestions they may still contain has a contribution to make to the progress of theory *Frederick the Great* Giles MacDonogh, 2025-10-16 Piet and soldier misanthrope and philosopher Frederick the Great was a contradictory almost unfathomable man His conquests made him one of the most formidable and feared leaders of his era But as a patron of artists and intellectuals Frederick re created Berlin as one of the continent s great cities matching his state s reputation for military ferocity with one for cultural achievement Though history remembers Frederick as a Potsdam Fuhrer his father more rightly deserved the title When as a youth Frederick attempted to flee the elder man s brutality the punishment was to watch the execution of his friend and co conspirator Katte Though a subsequent compromise allowed Frederick to take the throne in 1740 he would remain true unto himself His tastes for music poetry and architecture would match the significance of his military triumphs in the Seven Years

War Drawing on the most recent scholarship Giles MacDonald's fresh authoritative biography gives us the most fully rounded portrait yet of an often misunderstood king A Contribution to the Study Of Jean Lemaire De Belges Kathleen Miriam Munn, 1936 A History of Philosophy: Maine de Biran to Sartre Frederick Charles Copleston, 1946 Prominent French philosophical thinkers of the nineteenth and twentieth centuries *Women Religious and Epistolary Exchange in the Carmelite Reform* Bárbara Mujica, 2025-10-01 The sixteenth century was a period of crisis in the Catholic Church Monastic reorganization was a major issue and women were at the forefront of charting new directions in convent policy The story of the Carmelite Reform has been told before but never from the perspective of the women on the front lines Nearly all accounts of the movement focus on Teresa de Avila 1515-1582 and end with her death in 1582 *Women Religious and Epistolary Exchange in the Carmelite Reform* The Disciples of Teresa de Avila carries the story beyond Teresa's death showing how the next generation of Carmelite nuns struggled into the seventeenth century to continue her mission It is unique in that it draws primarily from female authored sources in particular the letters of three of Teresa's most dynamic disciples Mar a de San Jos Ana de Jes s and Ana de San Bartolom **Antoine Barnave** John Hardman, 2023-05-23 A major new biography of Antoine Barnave the politician and writer who advocated for a constitutional monarchy in revolutionary France Antoine Barnave was one of the most influential statesmen in the early French Revolution He was a didactic man of austere morals and vaulting ambition who dressed as an English dandy running up considerable tailor's bills Before his execution at age thirty-two he played a decisive role in revolutionary politics and even governed France in 1791 through a secret correspondence with Marie Antoinette In the first biography for more than a century John Hardman traces Barnave's life from his youth in Dauphin to his role in the Constituent Assembly and his part in forming the Feuillants the party dedicated to the moderate cause Despite his early death Barnave left a remarkable volume of material from published works to thousands of manuscript pages Hardman uses this rich archive to explore the life of this elusive writer politician and thinker and sheds new light on the revolutionary period King of the World Philip Mansel, 2020-09-01 Louis XIV was a man in pursuit of glory Not content to be the ruler of a world power he wanted the power to rule the world And for a time he came tantalizingly close Philip Mansel's *King of the World* is the most comprehensive and up to date biography in English of this hypnotic flawed figure who continues to captivate our attention This lively work takes Louis outside Versailles and shows the true extent of his global ambitions with stops in London Madrid Constantinople Bangkok and beyond We witness the importance of his alliance with the Spanish crown and his success in securing Spain for his descendants his enmity with England and his relations with the rest of Europe as well as Asia Africa and the Americas We also see the king's effect on the two great global diasporas of Huguenots and Jacobites and their influence on him as he failed in his brutal attempts to stop Protestants from leaving France Along the way we are enveloped in the splendor of Louis's court and the fascinating cast of characters who prostrated and plotted within it *King of the World* is exceptionally researched drawing on international

archives and incorporating sources who knew the king intimately including the newly released correspondence of Louis's second wife Madame de Maintenon Mansel's narrative flair is a perfect match for this grand figure and he brings the Sun King's world to vivid life This is a global biography of a global king whose power was extensive but also limited by laws and circumstances and whose interests and ambitions stretched far beyond his homeland Through it all we watch Louis XIV progressively turn from a dazzling attractive young king to a belligerent reactionary who sets France on the path to 1789 It is a convincing and compelling portrait of a man who three hundred years after his death still epitomizes the idea of le grand monarque

The Chanson Albums of Marguerite of Austria, 19th and 20th Century French Philosophy Frederick Charles Copleston, 2003-01-01 Copleston an Oxford Jesuit and specialist in the history of philosophy created his history as an introduction for Catholic ecclesiastical seminaries The 11 volume series gives an accessible account of each philosopher's work and explains their relationship to the work of other philosophers

Voltaire's Essay on Epic Poetry Voltaire, Florence Donnell White, 1915

Vichy France and the Resistance Roderick Kedward, Roger Austin, 2021-11-21 This book first published in 1985 examines various aspects of the intellectual achievements of writers and artists in the Vichy period a strong emphasis on the ambiguity of much of their work emerges from the research It goes a long way in answering the question of what it was like living under the fascist Vichy regime and what the collaborators and resistance thought about their purpose and patriotism

Anarchist Portraits Paul Avrich, 2020-11-10 From the celebrated Russian intellectuals Michael Bakunin and Peter Kropotkin to the little known Australian bootmaker and radical speaker J W Fleming this book probes the lives and personalities of representative anarchists

New Tragedy and Comedy in France, 1945-1970 Peter Norrish, 1988-01-01 Contents Introduction New Tragedy and Comedy The Background From R La Machine infernale to Huis clos More Sartre and Camus Drama Tragedy and Philosophy Henry de Montherlant Tragedy and Morality Samuel Beckett New Tragedy Eugène Ionesco New Comedy Arthur Adamov Black Satire Dreams and Politics Jean Genet Tragic Masquerades Fernando Arrabal Tragic Farce Conclusion The Death of Comedy Select Bibliography Index

New Tragedy and Comedy in France, 1945-70 Peter Norrish, 1988-06-18 This is a study about the reshaping of tragedy and comedy in serious French drama in the quarter century following World War II It offers an introduction to the most important plays of the period which include those of Sartre Arrabal Beckett Ionesco Camus Montherlant Adamov and Genet

Verbal Periphrasis in Ancient Greek Klaas Bentein, 2016-03-03 Ancient Greek is commonly considered a synthetic or inflectional language that is a language with a high morpheme per word ratio Nevertheless already at the earliest stages of the language one finds traces of multi word periphrastic constructions similar to those in the modern European languages as in it was happening or s/he has dishonoured Verbal Periphrasis in Ancient Greek offers a systematic investigation of periphrastic constructions with the verbs to be and to have based on an extensive corpus of texts ranging from the eighth century BC to the eighth century AD It clarifies the notions of verbal periphrasis and adjectival periphrasis from a theoretical point of view and offers a broad

introduction to a selection of recent advancements in linguistics It includes a diachronic analysis which investigates constructions in all three main aspectual domains perfect aspect imperfective aspect and perfective aspect combining a qualitative with a quantitative approach In doing so the volume presents a substantial contribution to our understanding of the ancient Greek verbal system and its development over time **The Invention of Autonomy** Jerome B.

Schneewind,1998 This remarkable book is the most comprehensive study ever written of the history of moral philosophy in the seventeenth and eighteenth centuries Its aim is to set Kant s still influential ethics in its historical context by showing in detail what the central questions in moral philosophy were for him and how he arrived at his own distinctive ethical views The book is organised into four main sections each exploring moral philosophy by discussing the work of many influential philosophers of the seventeenth and eighteenth centuries In an epilogue the author discusses Kant s view of his own historicity and of the aims of moral philosophy In its range in its analyses of many philosophers not discussed elsewhere and in revealing the subtle interweaving of religious and political thought with moral philosophy this is an unprecedented account of the evolution of Kant s ethics
