Aboriginal Placenames Luise Hercus,Harold Koch,2009-10-01 Aboriginal approaches to the naming of places across Australia differ radically from the official introduced Anglo Australian system However many of these earlier names have been incorporated into contemporary nomenclature with considerable reinterpretations of their function and form Recently state jurisdictions have encouraged the adoption of a greater number of Indigenous names sometimes alongside the accepted Anglo Australian terms around Sydney Harbour for example In some cases the use of an introduced name such as Gove has been contested by local Indigenous people The 19 studies brought together in this book present an overview of current issues involving Indigenous placenames across the whole of Australia drawing on the disciplines of geography linguistics history and anthropology They include meticulous studies of historical records and perspectives stemming from contemporary Indigenous communities The book includes a wealth of documentary information on some 400 specific placenames including those of Sydney Harbour the Blue Mountains Canberra western Victoria the Lake Eyre district the Victoria River District and southwestern Cape York Peninsula

The Oxford Handbook of Names and Naming Carole Hough,2016-05-03 In this

handbook scholars from around the world offer an up to date account of the state of the art in different areas of onomastics in a format that is both useful to specialists in related fields and accessible to the general reader Since Ancient Greece names have been regarded as central to the study of language and this has continued to be a major theme of both philosophical and linguistic enquiry throughout the history of Western thought The investigation of name origins is more recent as is the study of names in literature Relatively new is the study of names in society which draws on techniques from sociolinguistics and has gradually been gathering momentum over the last few decades The structure of this volume reflects the emergence of the main branches of name studies in roughly chronological order The first Part focuses on name theory and outlines key issues about the role of names in language focusing on grammar meaning and discourse Parts II and III deal with the study of place names and personal names respectively while Part IV outlines contrasting approaches to the study of names in literature with case studies from different languages and time periods Part V explores the field of socio onomastics with chapters relating to the names of people places and commercial products Part VI then examines the interdisciplinary nature of name studies before the concluding Part presents a selection of animate and inanimate referents ranging from aircraft to animals and explains the naming strategies adopted for them
