Power Up Your People Skills:

Power Up Your Library Bloomsbury Publishing, 1996-09-15 Based on the methods of the New York City Library Power Program this is a practical handbook for revitalizing or rebuilding the school library Putting the many facets of the media specialist s professional life into the context of a flexibly scheduled collaboratively planned teaching program the book offers simple strategies for effecting positive change It covers such topics as the librarian s role as teacher programming assessment collection development facilities technology the library budget support staff and public relations Written for the school library media specialist who has or plans to have a library that conforms to today s vision of an effective school library media program this book places the library media center at the heart of the school s educational program and shows how to position the library as the catalyst for school reform

Power Up Your Profits Troy Waugh, 2005-01-07 Expert guidance for CPAs who want to become marketing savvy improve profits and gain satisfaction This updated Second Edition demonstrates how combining the power of trust with the power of persuasion can help CPAs sell their services more effectively Each chapter develops a key concept of marketing or selling that s easy to follow and shows how to apply the concepts to any CPA practice Through a step by step approach to developing and mastering a stronger marketing and sales presence this book focuses on how to dramatically enhance the reader s growth potential It presents real world examples from top CPA rainmakers and other marketing and management gurus including Tom Peters This updated second edition offers interviews covering Sarbanes Oxley and the new accounting rules Troy Waugh CPA Nashville TN is founder President and CEO of The Rainmaker Academy a comprehensive three year leadership client service and practice development training program for CPAs

Deep Human Crystal Lim-Lange, Dr Gregor Lim-Lange, The inspirational bestseller now updated with insights on living in the age of AI How do you thrive in a world of rapid change Authors Crystal Lim Lange and Dr Gregor Lim Lange combine their expertise in leadership and psychology to share five timeless superskills that will help you unlock your fullest potential focus and mindfulness self awareness empathy complex communication and adaptive resilience This newly updated edition features a fresh note from the authors on the rise of artificial intelligence digital overwhelm and the growing mental health crisis

X-Teams, Revised and Updated Deborah Ancona, Henrik Bresman, 2023-08-08 An essential work on teams now updated with new research and tools and a new preface X Teams shows how an externally focused team model is the key to fueling innovation and your organization s success You build a team around top notch talent The team members work well together they re committed to the mission and are highly motivated to perform Yet the results are disappointing You re not seeing creativity and flexibility You re not getting breakthrough ideas Good teams build camaraderie confidence in their abilities and a solid process for working together But these internal dynamics while positive in themselves can create a wall between the team and the outside world And that wall can prevent the team from adapting to change and delivering value to the organization In this updated streamlined edition with a new preface and practical tools Deborah Ancona and

Henrik Bresman describe an externally focused team model the x team that is even more relevant today than when it was first introduced With their distinctively flexible membership and leadership structure x teams continuously reach outward to fuel the innovation process With new examples and research from organizations such as Microsoft Takeda and the Museum of Modern Art Ancona and Bresman show you how to build x teams that Keep pace with shifts in markets technologies cultures and your competition Innovate by moving quickly from generating ideas to executing and diffusing them throughout your organization Employ distributed leadership to unlock crucial information expertise and new ways of working together wherever these qualities reside whether within or outside your company In an increasingly complex and ever changing world where adaptability and creativity are paramount to an enterprise s success and even its survival X Teams is your handbook for winning

Powering Up Anne Doyle,2011-01-26 Working With Others - Smart Skills Frances Kay,2011-10-15 Part of the Smart Skills series Working with Others offers all you need to know to work successfully with colleagues and business associates whether you are an employee manager freelancer or business owner Many of the most successful business ideas and projects spring from collaboration between people so making sure you work effectively with others can be the making or breaking of a business

Taming Your Public Speaking Monkeys Dee Clayton,2012-08-08 A Godsend for anyone who s ever suffered that dread of speaking in public If like almost everyone you re petrified of public speaking the last thing you want is a lecture And there lies the brilliance of this unique book s genuinely innovative approach to the issue Dee Clayton makes the process of overcoming those negative voices in your head Your Public Speaking Monkeys and becoming an effective speaker lighthearted and fun A Godsend for anyone who s ever suffered that dread Dee s refreshingly simple yet amazingly effective multiawardwinning approach has already helped

thousands to overcome their fears and become effective and confident public speakers. Significantly, the author is keenly aware that for most of us, effective public speaking isn't necessarily an end in itself but a means to other ends. For example, Dee has already helped company directors to persuade more successfully, doctors to win more funding, mediators to influence international decisions, and all kinds of business people to fulfil their potential. What's more, this is a genuinely practical guide. Unlike most self-help books on the topic or any other, this one doesn't just tell you what to do; in her chatty, good-humored style, Dee explains exactly how, sharing her own experiences and coaxing the reader through a programme that doesn't just work, it even makes public speaking enjoyable. *Taming Your Public Speaking Monkeys* works so well because its easy, enjoyable style is underpinned by Dee's solid real-life experience of speaking publicly to tens of thousands of people, first in her highly successful twenty-year marketing career communicating for UK household brands such as Jacob's Creek, Pizza Hut, and Jammie Dodgers, to name a few, and now as a public speaking training specialist. Equally vitally, the book draws heavily upon the NeuroLinguistic Programming (NLP) techniques and insights in which Dee is a highly experienced Trainer and Master Practitioner. *Taming your Public Speaking Monkeys* is a rare find: a self-help book that really helps, and best of all, the results come to you quickly and stick with you for life.

Work Happy Jill Geisler, 2012-06-05. Management guru Jill Geisler has coached countless men and women who want to build their leadership skills, help employees do their best work, and make workplaces happy and successful. In *WORK HAPPY*, she provides a practical, step-by-step guide based on real-world experience, respected research, and lessons that will transform managers and their teams. It's a workshop in a book designed to produce positive, immediate, and lasting results. Whether the reader is an experienced manager, a rookie boss, or an aspiring leader, *WORK HAPPY* will supercharge their skills and celebrate the values that make anyone look forward to going to work. Jill Geisler offers concrete steps for improving each element of management, including collaboration, communication, conflict resolution, motivation, coaching, and feedback, so that everyone on the team, whether in the office or working offsite, can do their best. *WORK HAPPY* takes management skills to the next level and proves that learning, leadership, and life at work can and should be fun.

Pedagogies for Leading Practice Sandra Cheeseman, Rosie Walker, 2018-11-16. Bringing together the experiences of professionals from around the world, this essential text explores the intersections between pedagogy and leadership to consider how effective Pedagogical Leadership can be used to foster the collaborative engagement of children and their families, staff, and practitioners, and ensure high-quality provision in early years settings and services. *Pedagogies for Leading Practice* showcases a vast range of experiences and ideas which are at the heart of professional practice. Written to provoke group discussion and extend thinking, opportunities for international comparison, points for reflection, and editorial provocations will help students, policy makers, and others engage critically with wide-ranging approaches to leadership in early years practice. Considering varied forms of collaborative working, the challenges involved in becoming a pedagogical leader, and the role of management in meeting institutional demands and the needs of the wider community, chapters are

divided into four key sections which reflect major influences on practice and pedagogy Being alongside children Those who educate Embedding families and communities Working with systems Offering insight examples and challenges this text will enhance understanding support self directed learning and provoke and transform thinking at both graduate and postgraduate levels particularly in the field of early childhood education and care

The Tao of Coaching Max Landsberg,2015-03-05 The essence and success of The Tao of Coaching has always been its focus on the practical tips and techniques for making work more rewarding through the habit of coaching and this philosophy continues to underpin this brand new reissue The book s premise is simple that to become an effective coach managers and leaders need master only a few techniques even though mastery obviously requires practice Each chapter focuses on a specific technique or Golden Rule of coaching to help practice make perfect Tried and tested by generations within and beyond the workplace this succinct and engaging book gives readers the tools to create more time for themselves by delegating well build and enjoy working with effective teams achieve better results enhance their interpersonal skills It demonstrates that coaching is not simply a matter of helping others and improving performance but is also a powerful force for self development and personal fulfilment

It'S People George Cameron,2015-08-24 All organizations consist of people The more seamlessly they work together the more efficient and effective they will become thereby producing a more productive organization I have tried to put together an eclectic collection of thoughts and practices that will enable aspiring executives middle management and the CEO to move toward a more positive understanding of how they can improve the inter personal skills needed to make an organization run more effectively These suggestions may seem somewhat random but each attempts to contribute to building an organization based on trust and consideration of the needs of the individual that allows effort to be focused on productive effort rather than concern over how misbehavior may adversely affect each individual What I am trying to achieve with this book is an acceptance by managers and leaders that a failure to recognize and deal with people as individuals and deal with their idiosyncratic ways will result in sub optimal performance of your organization Have courage People admire honest effort and integrity I hope that reading this book will encourage everyone to be more adventurous in dealing with others to be more sensitive to the individual and above all to enjoy and have some fun in whatever you undertake This book also tries to highlight that there is very little which new knowledge is I have included ideas of a number philosophers and writers over the centuries In fact I would argue that too many management books focus on esoteric theories of behaviour without ever really understanding how real people react There is no magic Many of these ideas and suggestions may seem eccentric difficult to undertake or even embarrassing Relax and go with the flow In seeking to put many of these interpersonal skills into action an excessive amount of dignity is a barrier

Successful Management Guidelines (Collection) Martha Finney,Stephen P. Robbins,2013-08-22 Each book in the bestselling Truth About series offers the author s practical and distilled knowledge on a particular business topic showing readers how to apply these principles in their daily work lives With an aha on every page

information is presented in a clear and accessible style that the reader can easily reference Written in short chapters each book covers an entire field of knowledge that applies practical experience to business theory cuts to the gist of each subject in an entertaining way and deconstructs commonly held assumptions to reveal the real truth behind challenges and their appropriate solutions In the Second Edition of the successful book *The Truth About Getting the Best From People* Martha Finney shares over 60 proven principles for achieving employee engagement one hundred percent of the time This new edition features more than 15 new truths including managing virtual teams building persuasive skills tuning into your own unconscious biases managing multiple generations and identifying and cultivating individual high performers In the Third Edition of the bestselling book *The Truth About Managing People* bestselling author Stephen Robbins shares even more proven principles for handling virtually every management challenge Robbins delivers 61 real solutions for the make or break problems faced by every manager Readers will learn how to overcome the true obstacles to teamwork why too much communication can be as dangerous as too little how to improve your hiring and employee evaluations how to heal layoff survivor sickness how to manage a diverse culture and ways to lead effectively in a digital world New truths include how to nurture friendly employees forget about age stereotypes first impressions count be a good citizen techniques for managing a diverse age group and ethical leadership among others
