suppressed though in the effort of suppression it may become perverted I have at least tried to find out what are the facts among normal people as well as among abnormal people for while it seems to me that the physician's training is necessary in order to ascertain the facts the physician for the most part only obtains the abnormal facts which alone bring little light I have tried to get at the facts and having got at the facts to look them simply and squarely in the face If I cannot perhaps turn the lock myself I bring the key which can alone in the end rightly open the door the key of sincerity That is my one panacea sincerity
