Researching Violently Divided Societies Marie Smyth, Gillian Robinson, 2001 All societies are to a certain extent divided by conflicts over race ethnicity religion and class However in societies such as Britain and the United States these tensions are contained and managed by social economic and political mechanisms This book produced as a result of an international collaboration between researchers in Eastern Europe Africa the Middle East Northern Ireland and elsewhere aims to Provide a guide to the issues faced by researchers working in violently divided contexts Document the insights and practice wisdom of practising researchers operating in such contexts Afford access to the lived experience of those researchers and the ethical and methodological challenges which face them Present accounts and analysis which illustrate a wide range of diverse experiences and perspectives on the experience of doing research in violently divided societies Explore the involvement of the researchers with the research material and the impact of doing the research on them A range of ethical and methodological issues are covered and the specific demands of conducting research in war torn and divided societies has stimulated the contributors to analyse and critique issues such as the contribution of research to society the benefit of research to respondents and issues of objectivity issues of concern to all researchers However in the often stark circumstances in which the contributors work these issues take on an urgency and clarity that can potentially illuminate research practice generally The book deals with the methodological and ethical issues arising when researching conflicts in violently divided societies where there is no consensus about policing law and order the impartiality of the state or indeed about the legitimacy of the state itself With contributions from researchers who have worked in a range of very different divided societies around the world it examines the conditions under which such inquiry is conducted and looks at the obstacles that researchers face *Researching Violently Divided Societies* looks in detail at different case studies to offer a sound understanding of the most effective methodological approaches for improving responses to division and violence Chapters cover the role and function of research in divided societies in Africa the efficacy of research in Northern Ireland dilemmas of identification and ethnography research by insiders and outsiders research for empowerment in Cambodia the role of research in managing conflicts in Nigeria researching ethnic conflict in Post Soviet central Asia a first time researcher s experience in Bosnia the ethics of psychiatric research in war zones and a final comparison of policy

Understanding Peace Research Kristine Hoglund, Magnus Oberg, 2011-03-01 This textbook provides a comprehensive overview of different methods and sources of information gathering for peace and conflict students and researchers as well as the challenges presented by such work Research on conflict ridden societies carries special challenges for the collection and evaluation of

information about the conflict and its actors First due to the nature of information emerging incentives to misrepresent and propaganda is common News coverage is sometimes poor and reporting is often incomplete selective and biased Second the sensitivity of the topic and the questions posed in peace and conflict research means that access to and the security of informants can be a problem Peace and conflict research as a discipline encompasses a number of different approaches for obtaining empirical information which serve as a basis for analyzing various research topics This book provides a comprehensive overview of different methods and sources of information gathering for students and researchers as well as the challenges presented by such work It offers tools for evaluating sources and information suggestions on where different types of information can be found advice on using different types of sources including news reports and written narratives practical guidelines for constructing large scale datasets insights and guidelines for comparative fieldwork in depth interviews focus groups and surveys reflection and discussion on important ethical concerns in peace research This book will be of much interest for students and researchers of peace and conflict studies conflict resolution war and conflict studies development studies security studies and IR as well as for NGO workers researchers Kristine H glund is Associate Professor at the Department of Peace and Conflict Research Uppsala University She has a PhD in Peace and Conflict Research from Uppsala University Sweden 2004 She is author of *Peacemaking in the Shadow of Violence* Magnus berg is Associate Professor at the Department of Peace and Conflict Research Uppsala University and Associate Editor of the *Journal of Peace Research* since 2006 He has a PhD in Peace and Conflict Research from Uppsala University 2003 and is co editor of *Resources Governance and Civil Conflict* Routledge 2008

New Perspectives in Political Ethnography Lauren Joseph, Matthew Mahler, Javier Auyero, 2007-09-20 The use of ethnographic research social research based on the observation of individuals or institutions where the researcher becomes part of the group or very close to the group to better understand their actions is becoming more and more of a prevalent methodology within sociology As ethnography gains prominence within the discipline its focus theoretical underpinnings and narrative styles are also expanding to the yet unexamined worlds and institutions of society Politics political institutions and those working in politics state officials politicians and activists have so far missed the lens of the ethnographer As a group politicians and those in politics can be found in every corner of the world While political systems and politicians are by no means the same in every country what brings these people together to be part of the political process Ethnography is uniquely equipped to look microscopically at the foundations of political institutions and their attendant set of practices just as it is ideally suited to explain why political actors behave the way they do and to identify the causes processes and outcomes that are part and parcel of political life The volume based on a special issue of *Qualitative Sociology* has a two fold purpose to bring politics into the ethnographic literature and of ethnography in studies of politics The case studies included are based on the research of ethnographers studying the various level of politics in Brazil Japan El Salvador Bosnia the Philippines India and the United States It will be of interest to those in

the sociology of politics political science and those looking for ethnographic research on a global level **A Decade of Human Security** David R. Black, 2016-03-03 Human security has been advanced as an alternative to traditional state based conceptualizations of security yet controversies about the use and abuse of the concept remain Investigating innovations in the advancement of the human security agenda over the past decade this book identifies themes and processes around which consensus for future policy action might be built It considers the ongoing debates regarding the human security agenda explores prospects and projects for the advancement of human security addresses issues of human security as emerging forms of new multilateralisms and examines claims that human security is being undermined by US unilateralisms This comprehensive volume explores the theoretical debate surrounding human security and details the implications for practical application It will prove ideal for students of international relations security studies and development studies **Ethics for Graduate Researchers** Cathriona Russell, Linda Hogan, Maureen Junker-Kenny, 2012-12-31 This edited collection is intended as a primer for core concepts and principles in research ethics and as an in depth exploration of the contextualization of these principles in practice across key disciplines The material is nested so that readers can engage with it at different levels and depths It is unique in that it combines an analysis of complex ethical debates about the nature of research and its governance with the best of case based and discipline specific approaches It deals with the following topics in depth in the natural sciences it explores the scientific integrity of the researcher and the research process human cloning as a test case for the limits to research and the emerging ethical issues in nanotechnology in the health sciences it takes up the question of consent assent and proxies research with vulnerable groups and the ethics of clinical trials in the social sciences it explores the issues that arise in qualitative research interviews and ethnography and in the humanities it examines contested archaeologies and research in divided societies Overview of Research Ethics Principles Full text papers from experienced researchers across many disciplines Dialogue with ethicists *Ethics and Terrorism* Max Taylor, John Horgan, 2021-11-24 This book provides a unique insight into the ethical issues and dilemmas facing practitioners and researchers of terrorism and counterterrorism Ethics play a central if largely unrecognised role in most if not all issues relevant to terrorism and political violence These are often most noticeable regarding counterterrorism controversies while often virtually absent from discussions about academic research practice At a minimum ethical issues as they relate to terrorism have rarely been explicitly addressed in a direct or comprehensive manner The chapters in this edited volume draws on the experience of both practitioners and researchers to explore how a regard to ethical issues might influence and determine research and practice in counter terrorism and in our understanding of terrorism Ethics and Terrorism recognizes that there are conflicting and often irreconcilable perspectives from which to view terrorism and terrorism research In calling for greater attention to these issues the goal is not to resolve problems but to explore and clarify the assumptions and dilemmas that underpin our understanding of the personal institutional and societal ethical boundaries and constraints around terrorism and responses to

it This book will be of value to practitioners and researchers and to policy makers and the broader interested community The chapters in this book were originally published as a special issue of the journal Terrorism and Political Violence

Contesting Caprivi Bennett Kangumu,2011-12-29 Caprivi the remote and narrow Namibian strip of land encapsulated by neighbouring Angola Zambia and Botswana has a contested colonial and postcolonial history Bennett Kangumu traces the politics of its people in this complex borderlands since the late 19th century Neglected by German and South African colonial administrations its inhabitants were often pushed towards neighbouring territories though not being an integral part of them At the same time South African apartheid and homeland politics emphasised the ethnization of local identities Becoming a strategic location in the ensuing liberation wars of the late 20th century its history is often one of conquest and resistance plunder betrayal and rivalry Kangumu shows how the inhabitants of Caprivi responded in various ways notably in the form of regional nationalism when the Caprivi African National Union CANU was formed in the early 1960s The Unions merger with the dominant Namibian liberation movement SWAPO was a claim to end separation and isolation which however flared up again in post colonial Namibia

The Politicization of Ethnicity as Source of Conflict Ademola Adediji,2016-05-11 In view of the explosion of violent conflicts in many parts of the world and the hasty but prevailing assumption that ethnicity is the source of these conflicts this book is encompassed to highlight describe and examine how ethnicity is politicized in many of these current conflicts By deploying the instrumentalist approach and the theory of identity and difference in ethnicity the author identifies the actors involved and depicts how religion is exploited as an instrument of division by reflecting it on the Nigerian situation exploring the examples of the Jos conflicts and the Warri Crisis within a twenty years period 1990 to 2010

Women and the Lebanese Civil War Jennifer Philippa Eggert,2021-11-09 This book analyses the reasons for women s participation in the various Lebanese and Palestinian militias involved in the Lebanese Civil War 1975 1990 Whilst most existing accounts of the Civil War in Lebanon either overlook the roles and experiences of women entirely or focus on women as victims or peacemakers only *Women and the Lebanese Civil War* highlights that women were involved as militants and often also as fighters in all of the militias partaking in the war Analysing individual motivations organisational characteristics security related aspects and societal factors the book explains why women were included as fighters in some of the militias but not in others Based on extensive fieldwork in Lebanon the book is the first comprehensive study of female perpetrators and supporters of political violence during the Lebanese Civil War Beyond the case of Lebanon it questions widespread assumptions about the roles of women at times of violent conflict and war

Families of the Missing Simon Robins,2013-05-29 Families of the Missing interrogates the current practice of transitional justice from the viewpoint of the families of those disappeared and missing as a result of conflict and political violence Studying the needs of families of the missing in two contexts Nepal and Timor Leste the practice of transitional justice is seen to be rooted in discourses that are alien to predominantly poor and rural victims of violence and that are driven by elites with agendas that diverge from those of the victims In contrast to the legalist orientation of the global transitional justice project victims do not see judicial process as a priority Rather they urgently seek an answer concerning the fate of the missing and to retrieve human remains As important are livelihood issues where families are struggling to cope with the loss of breadwinners and seek support to ensure economic security Although rights are the product of a discourse that claims to be global and universal needs are necessarily local and particular the product of culture and context And it is from this perspective that this volume seeks both to understand the limitations of transitional justice processes in addressing the priorities of victims and to provide the basis of an emancipatory victim centred approach to transitional justice

Doing Global Fieldwork Jesse Driscoll,2021-04-13 To do quality research many social scientists must travel to far flung parts of the world and spend long stretches of time living in places they find unfamiliar and uncomfortable No matter how prepared researchers think they are everyone encounters unexpected challenges in the course of their work in the field In Doing Global Fieldwork the political scientist Jesse Driscoll offers a how to guide for social scientists who are considering extended mixed methods international fieldwork He details the major steps in fieldwork planning and execution from creating a plan to what happens when political conditions throw up obstacles to research to distilling and writing up research findings upon return Driscoll emphasizes the ability to improvise and adapt because in the field ideas will shift plans will change and something will inevitably go wrong He offers a practical overview of the types of psychological and physical preparation professionalization and self presentation that social scientists conducting research abroad need to prioritize Driscoll describes the challenges that arise when working in difficult settings such as war zones areas of contested sovereignty and volatile nondemocratic states He explores the practical and ethical considerations for data collection in these unique situations including whether and how much to reveal about one s research and common psychological harms associated with fieldwork Doing Global Fieldwork is an up to date methodological guide for graduate students and social science researchers of all stripes who need blunt no nonsense advice about how to make the best of their time in the field
