Return To The Philippines:

Return to the Philippines Rafael Steinberg, Time-Life Books, 1979-06-01 Memorial William A Zundel Migrant Returns Eric J. Pido, 2017-06-22 In Migrant Returns Eric J Pido examines the complicated relationship among the Philippine economy Manila s urban development and balikbayans Filipino migrants visiting or returning to their homeland to reconceptualize migration as a process of connectivity Focusing on the experiences of balikbayans returning to Manila from California Pido shows how Philippine economic and labor policies have created an economy reliant upon property speculation financial remittances and the affective labor of Filipinos living abroad As the initial generation of post 1965 Filipino migrants begin to age they are encouraged to retire in their homeland through various state sponsored incentives Yet once they arrive balikbayans often find themselves in the paradoxical position of being neither foreign nor local They must reconcile their memories of their Filipino upbringing with American conceptions of security sociality modernity and class as their homecoming comes into collision with the Philippines deep economic and social inequality Tracing the complexity of balikbayan migration Pido shows that rather than being a unidirectional event marking the end of a journey migration is a multidirectional and continuous process that results in ambivalence anxiety relief and difficulty Republic of the Philippines Congressional Record Philippines. Senate, 1964 **Filipino American Transnational Activism**, 2019-12-09 Read an interview with Robyn Rodriguez Filipino American Transnational Activism Diasporic Politics among the Second Generation offers an account of how Filipinos born or raised in the United States often defy the multiple assimilationist agendas that attempt to shape their understandings of themselves Despite conditions that might lead them to reject any kind of relationship to the Philippines in favor of a deep rootedness in the United States many forge linkages to the homeland and are actively engaged in activism and social movements transnationally Though it may well be true that most Filipino Americans have an ambivalent relationship to the Philippines many of the chapters of this book show that other possibilities for belonging and imaginaries of home are being crafted and pursued **Leyte: the Return to the Philippines** M. Supreme Court, 1911 Characteristics of Temporary Migration in European-Asian Transnational Social Spaces Pirkko Pitkänen, Mari Korpela, Mustafa Aksakal, Kerstin Schmidt, 2017-10-05 This book focuses on the experiences of temporary movements between Asia and Europe from the perspective of migrants and mobile people It raises important

questions such as Why do people migrate on a temporary basis and what does this actually mean How are these trajectories shaped What are the implications of temporary moves for migrants and non migrants And how are transnational ties and practices characterized in the context of temporary migration By shedding light on the practices and experiences of individual migrants the book provides useful insights into understanding the challenges arising in an increasingly interconnected and mobile world The chapters indicate that temporary migratory movements are on the rise on the one hand on a voluntary basis such as reflected in labour migration lifestyle migration and international student mobility and on the other hand in an involuntary way as expressed in different forms of forced migration Either way temporary migration has diverse political legal economic social and cultural implications including the emergence of novel transnational networks and practices The book is based on the findings of the international research project Transnational Migration in Transition Transformative Characteristics of Temporary Mobility of People EURA NET funded by the European Union s 7th Framework Programme for period 2014 2017
