Review Of Contemporary Fiction Summer 91:

Untheories of Fiction Mark Axelrod-Sokolov, 2021-01-20 This book takes a closer look at the diversity of fiction writing from Diderot to Markson and by so doing call into question the notion of a singular theory of fiction especially in relation to the novel Unlike Forster's approach to *Aspects of the Novel* which implied there is only one kind of novel to which there may be an aspect this book deconstructs how one approach to studying something as protean as the novel cannot be accomplished To that end the text uses Diderot's *This Is Not A Story* 1772 and David Markson's *This Is Not A Novel* 2016 as a frame and imbedded within are essays on De Maistre's *Voyage Around My Room* 1829 Machado de Assis's *Posthumous Memoirs Of Braz Cubas* 1881 Andr Breton's *Nadja* 1928 and Elizabeth Smart's *By Grand Central Station I Sat Down And Wept* 1945

Encyclopedia of the American Novel Abby H. P. Werlock, 2015-04-22 Praise for the print edition no other reference work on American fiction brings together such an array of authors and texts as this **Fictive Fathers in the Contemporary American Novel** Debra Shostak, 2020-02-20 Fictive Fathers in the Contemporary American Novel explores the unstable construction of heteronormative white masculinity in the contemporary United States by focusing on relationships between fathers and their children Debra Shostak reads the novels of 18 North American writers publishing in the late 20th and early 21st centuries as allegories of cultural conflict and change within the nuclear family the authors considered include Paul Auster Don DeLillo Jeffrey Eugenides Jonathan Safran Foer Jonathan Franzen John Irving Jonathan Lethem Carole Maso Bobbie Ann Mason Cormac McCarthy Claire Messud Viet Thanh Nguyen Tim O'Brien Marilynne Robinson Philip Roth Mona Simpson Jane Smiley and Anne Tyler These novelists portray father figures who often literally or figuratively absent from the family scene disrupt the familial order and their family members identities Shostak's close readings illuminate unexpectedly conservative even subversive ideological positions at the heart of these fictions Fictive Fathers traces the eroding myth of paternal authority that sustained a patriarchal model within real American families and their literary representations

Carlos Fuentes, Mexico, and Modernity Maarten Van Delden, 1998 In Carlos Fuentes Mexico and Modernity Maarten van Delden argues that there is a fundamental paradox at the heart of Fuentes's vision of Mexico and in his role as novelist and critic in putting forth that vision This paradox hinges on the tension between national identity and modernity A significant internal conflict emerges in Fuentes's work from his attempt to stake out two different positions for himself as experimental novelist and as politically engaged and responsible intellectual Drawing from the fiction literary essays and political journalism van Delden places these tensions in Fuentes's work in relation to the larger debates about modernity and postmodernity in Latin America He concludes that Fuentes is fundamentally a modernist writer in spite of the fact that he occasionally gravitates toward the postmodernist position in literature and politics Van Delden's thorough command of the subject matter his innovative and sometimes iconoclastic conclusions and his clear and engaging writing style make this study more than just an interpretation of Fuentes's work Carlos Fuentes Mexico and Modernity offers nothing less than a comprehensive analysis of Fuentes's work Carlos Fuentes Mexico and Modernity offers nothing less than a comprehensive analysis of Fuentes's intellectual development in the context of modern Mexican political and cultural life **Some Other**

Fictions of Proximity Tim Personn,2023-11-02 Fictions of Proximity Skepticism Romanticism and the Wallace Nexus tells the story of a nexus of contemporary novelists around David Foster Wallace who took up the legacy of logical positivism and reworked it between the 1980s and the 2000s in a way that has affinities with romanticism The book shows how the writers of this

Wallace uses fiction's complexities to challenge the idea that in human interactions only complete fusion and transparency may count as instances of knowing. In place of this positivistic ideal of absorption, the book offers the freshly defined concept of proximity: a closeness with separateness. It reads key novels of contemporary Anglo-American literature as fictions of proximity, i.e. as texts that dramatize, problematize, and enact the movement into this position of proximity. To tell this story, the book draws on unpublished archival materials and understudied connections, advancing new interpretations of four novelists: David Foster Wallace, David Markson, Bret Easton Ellis, and Zadie Smith. *Fictions of Proximity* provides new readings of these writers both of their canonical texts and of lesser-known works and situates them with respect to prominent figures in contemporary post-positivist philosophy.

Encyclopedia of the Essay Tracy Chevalier, 2012-10-12 This groundbreaking new source of international scope defines the essay as nonfictional prose texts of between one and 50 pages in length. The more than 500 entries by 275 contributors include entries on nationalities, various categories of essays such as generic ones such as sermons, aphorisms, individual major works, notable writers, and periodicals that created a market for essays, and particularly famous or significant essays. The preface details the historical development of the essay, and the alphabetically arranged entries usually include biographical sketch, nationality, era, selected writings, list of additional readings, and anthologies.

Uwe Timm David Basker, 1999 Uwe Timm belongs to the generation of writers whose early careers were shaped by personal experience of the student movement in the Federal Republic of the late 1960s. Hei er Sommer, Timm's first novel, deals directly with such individual experience of the protests and with a sense of disillusionment which followed. The author's subsequent novels have among many other topics focused on the issues of colonialism and the environment, while his shorter prose works give literary expression to his personal *sthetik des Alltags*. Uwe Timm follows the pattern of earlier volumes in the Contemporary German Writers series. It opens with a previously unpublished prose piece by Timm followed by an interview that the author gave during his visit to the Centre for Contemporary German Literature at University Wales Swansea. Subsequent critical essays focus on the main areas of Timm's work, including the student novels *Hei er Sommer* and *Kerbels Flucht*, anthropological elements in Timm's work, and an assessment of his shorter prose work in the light of the essays on literary technique contained in *Erz hlen und kein Ende*. The volume concludes with a full bibliography of primary and secondary material.

The Fiction of Rushdie, Barnes, Winterson and Carter Gregory J. Rubinson, 2005-08-24 Literature often reflects societal change, but it can also effect change by inspiring people to think in new ways. Four authors who encourage readers to question traditional boundaries are Salman Rushdie, Julian Barnes, Jeanette Winterson, and Angela Carter. This book takes an in-depth look at the works of these authors with specific emphasis on how they challenge religion, especially in its fundamentalist forms, and its intersections with history, politics, gender, and sexuality. The study notes both differences and similarities among the four authors whose writings broadly represent the major themes in contemporary British literature. Divided into two primary sections, the volume first takes a look at Rushdie and Barnes, and

their stance regarding historical and political issues The second section concentrates on gender and sexuality in the writings of Winterson and Carter Among the works examined are Rushdie's *The Satanic Verses* and *Midnight's Children* Barnes Flaubert's *Parrot* and *A History of the World in 10 1/2 Chapters* Winterson's *Boating for Beginners* and *Written on the Body* and Carter's *The Passion of New Eve* and *Heroes and Villains* The final chapter includes a brief survey of other significant figures in postmodern British literature including Martin Amis Ian McEwan D M Thomas Fay Weldon and Emma Tennant

Innocence, Power, and the Novels of John Hawkes Rita Ferrari, 1996-08-29 For over forty years John Hawkes has created fictions remarkable for their stylistic beauty and narrative experimentation Rita Ferrari's *Innocence Power and the Novels of John Hawkes* is an unprecedented exploration of Hawkes's sixteen novels and novellas *Paul Auster* Mark Brown, 2013-07-19 Paul Auster provides the first extended analysis of Auster's essays poetry fiction films and collaborative projects It explores his key themes of identity language and writing metropolitan living and community and storytelling and illusion By tracing how Auster's representations of New York and city life have matured from a position of urban nihilism to qualified optimism the book shows how the variety of forms he works in influences the treatment of his central concerns The chapters are organised around gradually extending spaces to reflect the way in which Auster's work broadens its focus beginning with the poet's room and finishing with the global metropolis of New York his home city and often his muse The book uses Auster's published and unpublished literary essays to explain the shifts from the dense and introspective poems of the 70s through the metropolitan fictions of the 80s and early 90s to the relatively optimistic and critically acclaimed films and his return to fiction in recent years *Anagrams of Desire* Charlotte Crofts, 2003-04-19 This is the only book length study of Carter's work in media a critically neglected body of work comprising five radio plays two film adaptations and a television documentary as well as two unrealised screenplays an operatic libretto and a stage play **A Comparative Analysis of the South African and German Reception of Nadine Gordimer's, Andre Brink's and J.M. Coetzee's Works** Eva-Marie Herlitzius, 2005 *Library Journal*, 1992 **Provisional Avant-Gardes** Sophie Seita, 2019-07-23 What would it mean to be avant garde today Arguing against the notion that the avant garde is dead or confined to historically failed movements this book offers a more dynamic and inclusive theory of avant gardes that accounts for how they work in our present Innovative in approach *Provisional Avant Gardes* focuses on the medium of the little magazine from early Dada experiments to feminist queer and digital publishing networks to understand avant gardes as provisional and heterogeneous communities Paying particular attention to neglected women writers artists and editors alongside more canonical figures it shows how the study of little magazines can change our views of literary and art history while shedding new light on individual careers By focusing on the avant garde's publishing history and group dynamics Sophie Seita also demonstrates a new methodology for writing about avant garde practice across time one that is applicable to other artistic and non artistic communities and that speaks to contemporary practitioners as much as scholars In the process she addresses fundamental

questions about the intersections of aesthetic form and politics and about what we consider to be literature and art
