A History of Modern Tibet, 1913-1951 Melvyn C. Goldstein, 2003-11-15 The Tibetan Question the nature of Tibet's political status vis vis China has been the subject of often bitterly competing views while the facts of the issue have not been fully accessible to interested observers While one faction has argued that Tibet was in the main historically independent until it was conquered by the Chinese Communists in 1951 and incorporated into the new Chinese state the other faction views Tibet as a traditional part of China that split away at the instigation of the British after the fall of the Manchu Dynasty and was later dutifully reunited with New China in 1951 In contrast this comprehensive study of modern Tibetan history presents a detailed non partisan account of the demise of the Lamaist state Drawing on a wealth of British American and Indian diplomatic records first hand historical accounts written by Tibetan participants and extensive interviews with former Tibetan officials monastic leaders soldiers and traders Goldstein meticulously examines what happened and why He balances the traditional focus on international relations with an innovative emphasis on the intricate web of internal affairs and events that produced the fall of Tibet Scholars and students of Asian history will find this work an invaluable resource and interested readers will appreciate the clear explanation of highly polemicized and often confusing historical events The Tibetan Question the nature of Tibet's political status vis vis China has been the subject of often bitterly competing views while the facts of the issue have not been fully accessible to interested observers While one faction has argued that T

and introduces the phenomenon known in Tibetan language as *thamzing* or struggle sessions **Sacred Suicide** Carole M. Cusack, 2016-04-08 The label Suicide Cults has been applied to a wide variety of different alternative religions from Jonestown to the Solar Temple to Heaven's Gate. Additionally, observers have asked if such group suicides are in any way comparable to Islamist suicide terrorism or to historical incidents of mass suicide such as the mass suicide of the ancient community of Masada. Organizationally and ideologically diverse, it turns out that the primary shared trait of these various groups is a common stereotype of religion as an irrational force that pushes fanatics to undertake acts of suicidal violence. Offering a valuable perspective on New Religious Movements and on religion and violence, *Sacred Suicide* brings together contributions from a diverse range of international scholars of sociology, religious studies, and criminology. *Catalog of the Foreign Relations Library* Foreign Relations Library, 1969 *Facets of Qing Daoism* Monica Esposito, 2016-03-11 As China is rapidly reemerging as the world's dominant economic powerhouse that it had been until the mid-eighteenth century, interest in its religions and philosophies is on the rise. Just as the history and culture of Western civilizations can hardly be grasped without a measure of knowledge about Christianity, an understanding of Chinese civilization and its history seems impossible without some comprehension of Daoism. Though it has long been clear that modern Daoism has its roots in Daoist movements of the Qing dynasty (1644-1911), research on premodern Daoism had been largely neglected. Published in six languages (Italian, French, English, German, Chinese, and Japanese), the pioneering studies by Monica Esposito (1962-2011) on Qing Daoism have been instrumental in kindling keen scholarly interest both in the West and in China and Japan. This book presents corrected and augmented versions of three of Dr. Esposito's seminal articles that had originally been published in English: *Daoism in the Qing: The Longmen School and its Controversial History* and *Longmen Daoism in Qing China: Doctrinal Ideal and Local Reality*, along with English versions of two articles that had hitherto only been available in Japanese and Chinese: *Beheading the Red Dragon: The Heart of Feminine Alchemy* and *An Example of Daoist and Tantric Interaction during the Qing Dynasty: The Longmen xinzong*. In addition, this volume contains a bibliography of all her publications and a detailed index. **Water** Brahma Chellaney, 2013-07-25 This is a study of Asia's murky water politics and the relationships among freshwater, peace, and security. The author illustrates the larger picture of water across Asia, highlights the security implications of resource-linked territorial disputes, and proposes real strategies to avoid conflict and more equitably share Asia's water resources.

The Tibetan History Reader Gray Tuttle, Kurtis R. Schaeffer, 2013-03-12 Answering a critical need for an accurate in-depth history of Tibet, this single-volume resource reproduces essential, hard-to-find essays from the past fifty years of Tibetan studies. Covering the social, cultural, and political development of Tibet from the seventh century to the modern period, the volume is organized chronologically and regionally to complement courses in Asian and religious studies and world civilizations. Beginning with Tibet's emergence as a regional power and concluding with its profound contemporary transformations, this anthology offers both a general and **Book Dealers' Weekly**, 1926 **Japanese Agent in Tibet**
