

Revolution Of 1917

S. A. Smith

Revolution Of 1917 :

From Tsar to Soviets Christopher Read, 1996 By examining the 1917 revolution in the light of the experiences of the ordinary population rather than the activities of central parties and politicians this book presents a challenging and fresh interpretation

Lenin's Revolution David R. Marples, 2014-06-06 This study examines one of the key events in history the Russian Revolution Since the late Gorbachev period a wealth of new material has become available to historians that has triggered intense scholarly debate on the nature of revolution This timely new book takes account of the new scholarship including for example the role of Lenin It is argued that the initial flexibility of Lenin and the Bolshevik party allowed them to take power but that the conduct of both changed considerably once they were obliged to take steps to maintain their authority This book charts the February Revolution the October Revolution the Civil War and the main individuals involved giving a remarkable degree of clarity to the tumultuous events in Russia whose consequences the world lived with for the rest of the twentieth century

The Russian Revolution Ronald Kowalski, 2005-08-09 The collapse of the Soviet Union in 1991 has provided fresh perspectives from which to view the Revolution out of which it grew The Russian Revolution 1917 1921 by Ronald Kowalski reviews the ever changing debate on the nature of the Russian Revolution This collection of documents and sources includes newspapers memoirs and literature commentary and background information of each source a narrative of the major events of the period new material made available since the policy of glasnost a re examination of World War One and the Revolution focus on thematic issues such as the actions of peasants and workers For students of European history this will provide interesting and informative reading on this major event in Russia's turbulent past

The Russian Revolution Sheila Fitzpatrick, 1984 Now in a new edition this provocative highly readable work presents a fascinating look at events that culminated in the Russian Revolution Focusing on the Revolution in its widest sense Sheila Fitzpatrick covers not only the events of 1917 and what preceded them but the social transformations brought about by the Bolsheviks

Voices of Revolution, 1917 Mark D. Steinberg, 2001-01-01 Although much has been written about the political history of the Russian revolution the human story of what the revolution meant to ordinary people has rarely been told This book gives voice to the experiences thoughts and feelings of the Russian people workers peasants soldiers as expressed in their own words during the vast political social and economic upheavals of 1917 The documents in the volume include letters from individuals to newspapers institutions or leaders collective resolutions and appeals and even poetry Selected from the State Archive of the Russian Federation in Moscow nearly all the texts are published here for the first time In these writings we hear the voices of ordinary Russians seeking to understand the revolution and make sense of the values ideals and discontents of their turbulent times Not only do they speak of their particular needs and desires for solutions to the economic crisis or an end to the war for example they also reveal how relatively unprivileged Russians thought about such questions as political power freedom justice democracy social class nationhood and civic morality Mark Steinberg

provides introductions to the documents explaining the language of popular revolution in Russia and setting the writings in the context of the history of the time The Russian Revolution, 1917 Rex A. Wade,2017-02-02 This book explores the 1917 Russian Revolution from its February Revolution beginning to the victory of Lenin and the Bolsheviks in October Russian Revolution of 1917 Sean N. Kalic,Gates M. Brown,2017-09-21 Combining reference entries and examination of primary documents from the Russian Revolution this book gives students a better understanding of how and why political forces fought to reshape the Russian empire 100 years ago and provides keen insights into the Soviet Union that resulted This invaluable reference guide provides an understanding of the social political and economic forces and events in Russia that led to the 1905 Russian Revolution in which leftists radicals disposed of the Czar and his regime It addresses key developments such as the formation of the provisional government the Bolshevik Revolution in October 1917 and the Russian Civil War connected evolutionary historical events that fundamentally reshaped Russia into the Soviet Union This book serves students and general readers seeking a single source that provides in depth coverage of the Russian Revolution and the Russian Civil War Beyond the reference entries the book contains primary documents that cover the key events people and issues that emerged during Russia s revolutions and Civil War These documents give readers a more detailed understanding of how the Bolsheviks used calls for greater democracy to gain support for their revolution how the Bolsheviks used terror and control as means to maintain their power once the Bolshevik Revolution took place and why the Bolsheviks believed such extreme measures were needed Also included is a chronology of major events from 1890 through 1923 and a bibliography that serves as a starting point for more directed research **The Russian Revolution 1917** Nick Shepley,2016-07-11 In the third year of the First World War The Russian Empire experienced a year of revolutionary turmoil that saw the fall of the emperor Tsar Nicholas II This was followed by the creation of an interim government which in turn was overthrown by an extreme revolutionary socialist regime in October that year By the end of 1917 a government that would rule Russia as a dictatorship for most of the rest of the 20th Century was firmly in power and its establishment would have profound implications for the rest of Russian and 20th Century history However the revolution was not simply the product of short term events instead it developed from long term problems and challenges from within Russia which the government of the tsars was incapable of controlling The purpose of this ebook is to focus closely on the revolutionary year of 1917 and explain why not just one but two governments fell in that year It will also examine how and why the Bolsheviks a revolutionary socialist party came to power Firstly however we must explore the long term causes of the Russian Revolution which stretch back deep into Russian history This e book also features advice on source based questions and a section on historical interpretations of the Russian Revolution The Russian Revolution S. A. Smith,2002-02-21 This Very Short Introduction provides an analytical narrative of the main events and developments in Soviet Russia between 1917 and 1936 It examines the impact of the revolution on society as a whole on different classes ethnic groups the army men and women youth Its

central concern is to understand how one structure of domination was replaced by another The book registers the primacy of politics but situates political developments firmly in the context of massive economic social and cultural change Since the fall of Communism there has been much reflection on the significance of the Russian Revolution The book rejects the currently influential liberal interpretation of the revolution in favour of one that sees it as rooted in the contradictions of a backward society which sought modernization and enlightenment and ended in political tyranny ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable **From Tsar To Soviets** Christopher Reed,2005-11-10 Written from the perspective of the factory worker and peasant at the ground level this study of Russia during the Revolution 1917 21 aims to shed light on the realities of living through and participating in these tumultuous events The book is intended for undergraduate courses in history Soviet studies and politics [The February Revolution, Petrograd, 1917](#) Tsuyoshi Hasegawa,2017-10-02 The February Revolution Petrograd 1917 is the most comprehensive book on the epic uprising that toppled the tsarist monarchy and ushered in the next stage of the Russian Revolution Hasegawa presents in detail the intense drama of the nine days of the revolution including the workers strike soldiers revolt the scrambling of revolutionary party activists to control the revolution and the liberals conspiracy to force Tsar Nicholas II to abdicate Based on his previous work published in 1981 the author has revised enlarged and reinterpreted the complexity of the February Revolution resulting in a major and timely reassessment on the occasion of its centennial See inside the book *The Russian Revolution, 1917-1921* William Henry Chamberlin,1935 [The Bolshevik Revolution, 1917-1923](#) Edward Hallett Carr,1985 *1917* Goldman Emma Goldman,2019-10-15 Upon their scandalous deportation from the United States in 1919 famous anarchist writers and activists Emma Goldman and Alexander Berkman were greeted like heroes by the new Bolshevik government in Russia Berkman described it as e the most sublime day of my life e And yet he would flee the country after only two years Belarus born Ida Mett who went through a similar experience at the time also wrote a harrowing account of the Red Army s brutal massacre at the Kronstadt Uprising before she too went into exile How did each of these figures become so deeply disillusioned with Russia so quickly And why within a few years did they all leave the country forever 1917 offers a unique alternative perspective on the early years of the Russian Revolution through the narrative perspective of these three eyewitnesses Featuring an introduction by Murray Bookchin this book emphasizes the rarely discussed anarchist hopes for a democratic October revolution while also critiquing the increasingly authoritarian responses of Bolshevik leaders at the time Published for the centennial of the Russian revolutions 1917 contains four essays by Emma Goldman Alexander Berkman Ida Mett and Bookchin as well as a poem by Dan Georgakas that analyze assess celebrate and bemoan both the wild successes and the bitter failures of the revolution *The Russian Revolution, 1917* Jim

Whiting,2020-02-04 For centuries ordinary Russians lived under the absolute power of the czars the country s hereditary rulers For many such a life involved few rights and grinding poverty The Russian people increasingly wanted a greater voice in the way they were governed and a higher standard of living These desires put pressure on the government of the czars The civil unrest finally came to a head in 1917 The last czar Nicholas II was overthrown in what History calls the Russian Revolution But the government still wasn t stable Russians realized they had no more freedom under the new communist government than they had had under the czars Find out about the events that led up to the Russian Revolution one of the landmark events of the twentieth century and the decades of conflict that followed The Bolshevik Revolution, 1917-1918 James Bunyan,Harold Henry Fisher,1961 **The Soviet Revolution, 1917-1939** Raphael R. Abramovitch,1985 The Russian Revolution and Civil War 1917-1921 Jonathan Smele,2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state The Russian Revolution Nikolai Nikolaevič Sukhanov,1984 **The Russian Revolution, 1917-1945** Anthony D'Agostino,2010-12-16 This book offers a fresh analysis of the Russian Revolution from a global perspective It stresses the historical role of Soviet Communism in the modernization of the country the defeat of Nazism and the rise of American power and world leadership For students and scholars of the Russian Revolution there are pivotal questions that merit careful comprehensive consideration why did the Tsarist regime unravel in revolution Why did the Bolsheviks come to power rather than some other party How did Stalin rather than a more popular and respected leader win the mantle of Lenin and gain leadership of the ruling party How should Stalin s regime be judged by subsequent generations of Russians and in the context of world history In Russian Revolution 1917 1945 author Anthony D Agostino discusses all these questions His suggestions for further reading range over decades of writing on Soviet subjects and cite classics revisionist works curiosities and studies done during and since the Gorbachev years The book explores topics including the modernization of the Tsarist Russian state World War I the revolutionary project of Soviet Communism the nationalist transformation of Soviet Communism under international pressures the Big Drive to modernize Russia by force and the external threat of fascism
