acting out a crime that was collective and conspiratorial in nature Even when reporting on sexual crimes and white slave trafficking the papers never stressed sexual motives of Jewish defendants but only their callous greed Dwells on the ritual murder trial of Hilsner in Bohemia and shows the extent to which the perception of this case and even the course of the trial were affected by the press The reports of the antisemitic press on Jewish criminality was intended for antisemitic believers and did not affect non antisemites however this press had a great number of readers In the Nazi period the narrative on Jewish criminality acquired blatantly racial motifs [Encyclopedia of Historians and Historical Writing](#) Kelly Boyd,2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like Jürgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies

The Proletarian Dream Sabine Hake, 2017-09-11 The proletariat never existed but it had a profound effect on modern German culture and society As the most radicalized part of the industrial working class the proletariat embodied the critique of capitalism and the promise of socialism But as a collective imaginary the proletariat also inspired the fantasies desires and attachments necessary for transforming the working class into a historical subject and an

emotional community This book reconstructs this complicated and contradictory process through the countless treatises essays memoirs novels poems songs plays paintings photographs and films produced in the name of the proletariat The Proletarian Dream reads these forgotten archives as part of an elusive collective imaginary that modeled what it meant and even more important how it felt to claim the name proletarian with pride hope and conviction By emphasizing the formative role of the aesthetic the eighteen case studies offer a new perspective on working class culture as a oppositional culture Such a new perspective is bound to shed new light on the politics of emotion during the main years of working class mobilizations and as part of more recent populist movements and cultures of resentment Aldo and Jeanne Scaglione Prize for Studies in Germanic Languages and Literatures 2018
