Reflections on the Revolution of Our Time Harold Laski, 2017-07-05 Harold J Laski saw World War Two as a period of revolutionary change as profound as any in the modern history of the human race In his view the period s inner nature was as significant in its essentials as those which saw the fall of the Roman Empire the birth in the Reformation of capitalist society or as in 1789 the final chapter in the dramatic rise of the middle class to power All of these were not revolutions made by thinkers though some of them may have foreseen its coming but of ordinary people

who shaped the large outlines of the direction of these changes Laski held that revolutions of our time have been rooted in all that goes to give its present character to our society We can recognize its advent and prepare for it in that event we might build a civilization richer and more secure than any of which we so far have knowledge Or we may chose to resist its onset in which case it will appear to some future generation that our age has sought rather to sweep back the tides of the ocean than to oppose the decrees of men The curse of our social order is its persistent inequalities Either we must find ourselves able to co operate in their removal or we shall move rapidly to conflict about them Laski argues that the middle class must co operate with workers in essential revisions as the aristocracy was wise enough to do a century ago over the Reform Bill or violent revolution will be unleashed by means that transforms the ends of either party to the conflict in view This is the choice that lies before us Just how accurate or wide of the mark Laski was is brilliantly articulated in the critical introduction by Sidney A Pearson Jr

Relativity In Our Time Mendel Sachs, 2018-10-08 Relativity In our Time is a book concerning the relevance of Einstein s theory to human relations in contemporary times It is physics and it is philosophy It is a discussion about one of the greatest of all pillars of 20th century thought and science Based on a seminar course for a mixture of science and humanities students the approach and narrative style leads the reader towards the frontier of thinking in this farreaching subject Sachs deals with the whole spread of relativity starting from the early history of Galileo and Faraday he arrives at the foundation of the special theory There is a logical transition to the general theory while the last part of the book covers the mind testing realms of unified field theory Mach s principle and cosmology The book begins with atomistic deterministic classical physics and goes on towards a view of continuous fields of matter and a clearer view of spacetime The reader is led into Einstein s extension of this theory towards a unified force field consequently the authors address the issue of the validity of linear mathematics compared with the realism of a non linear universe Such arguments today are leading towards a new paradigm in science a study and description of nonlinear natural systems especially far from equilibrium systems their energetics and dynamics This book should be of value to postgraduates undergraduates secondary students and professionals in physics and philosophy and anyone with an interest in science subjects

Optics in Our Time Mohammad D. Al-Amri, Mohamed El-Gomati, M. Suhail Zubairy, 2016-12-12 Light and light based technologies have played an important role in transforming our lives via scientific contributions spanned over thousands of years In this book we present a vast collection of articles on various aspects of light and its applications in the contemporary world at a popular or semi popular level These articles are written by the world authorities in their respective fields This is therefore a rare volume where the world experts have come together to present the developments in this most important field of science in an almost pedagogical manner This volume covers five aspects related to light The first presents two articles one on the history of the nature of light and the other on the scientific achievements of Ibn Haitham Alhazen who is broadly considered the father of modern optics These are then followed by an article on ultrafast phenomena and the invisible world The third part includes

papers on specific sources of light the discoveries of which have revolutionized optical technologies in our lifetime They discuss the nature and the characteristics of lasers Solid state lighting based on the Light Emitting Diode LED technology and finally modern electron optics and its relationship to the Muslim golden age in science The book's fourth part discusses various applications of optics and light in today's world including biophotonics art optical communication nanotechnology the eye as an optical instrument remote sensing and optics in medicine In turn the last part focuses on quantum optics a modern field that grew out of the interaction of light and matter Topics addressed include atom optics slow stored and stationary light optical tests of the foundation of physics quantum mechanical properties of light fields carrying orbital angular momentum quantum communication and Wave Particle dualism in action Witness in Our Time, Second Edition Ken Light, 2010-10-05 *Witness in Our Time* traces the recent history of social documentary photography in the words of twenty nine of the genre's best photographers editors and curators showing how the profession remains vital innovative and committed to social change The second edition includes a new section of interviews on documentary photography in the field and an exploration of the role of photojournalism in 21st century media *Witness in Our Time* provides an insider's view of a profession that continues to confront questions of art and truth while extending the definitions of both Peace in Our Time Sir Austen Chamberlain, 1928 *History in Our Time* David Cannadine, Professor of History and Director of the Institute of Historical Research David Cannadine, 1998-01-01 *Verzameling opstellen over het 19e en 20e eeuwse Groot Brittanni waarin veel bekende persoonlijkheden voor het voetlicht treden* **World Peace in Our Time.** Howard Dimond, 2022-10-01 This book *World Peace in Our Time* challenges us all to rethink recorded history It is a struggle to consider the logic of evolution which differs from existing records *Has Humanity Stifled Advancing Wisdom* At birth we are born with an open mind willing to discover the history and complexity of our many different environments As children in cultural society we learn rules to obey We are taught any number of fascinating subjects about history science language and social behaviour just to name a few **Development Issues of Our Time** Rameshwar Prasad Misra, 1985 *Writing in Our Time* Pauline Butling, Susan Rudy, 2009-10-22 *Process poetics* is about radical poetry poetry that challenges dominant world views values and aesthetic practices with its use of unconventional punctuation interrupted syntax variable subject positions repetition fragmentation and disjunction To trace the aesthetically and politically radical poetries in English Canada since the 1960s Pauline Butling and Susan Rudy begin with the upstart poets published in Vancouver's TISH A Poetry Newsletter and follow the trajectory of process poetics in its national and international manifestations through the 1980s and 90s The poetics explored include the works of Nicole Brossard Daphne Marlatt bpNichol George Bowering Roy Kiyooka and Frank Davey in the 1960s and 70s For the 1980-2000 period the authors include essays on Jeff Derksen Clare Harris Erin Mour and Lisa Robertson They also look at books by older authors published after 1979 including Robin Blaser Robert Kroetsch and Fred Wah A historiography of the radical poets and a roster of the little magazines small press publishers literary festivals and other such sites that have

The Enlightenment Supper Party: Conversations with Great Thinkers of Our Time Pasquale De Marco, 2025-04-27 Embark on an intellectual journey through the ages with *The Enlightenment Supper Party: Conversations with Great Thinkers of Our Time*. This thought provoking book invites you to sit down with some of history's greatest minds and engage in lively discussions that explore the fundamental questions of human existence. Within these pages you'll encounter the brilliance of Voltaire, the wit of Rousseau and the political acumen of Montesquieu. You'll witness the birth of the American nation through the eyes of the Founding Fathers whose words and actions continue to shape the world today. You'll explore the complexities of the human condition, pondering questions of happiness, fulfillment and the meaning of life. And you'll delve into the wonders of the natural world, marveling at the intricate workings of science and the beauty of artistic expression. This book is not a chronological narrative but rather a series of thought provoking conversations that delve into various topics that have shaped human history and culture. Each chapter focuses on a different theme from the Enlightenment and its impact on modern thought to the challenges of leadership and the power of innovation. As you turn the pages of this book you'll gain a deeper understanding of the intellectual and cultural currents that have shaped our world. You'll encounter diverse perspectives, challenge your assumptions and expand your horizons. Whether you're a lifelong learner, a history buff or simply someone seeking intellectual stimulation, *The Enlightenment Supper Party* offers a rich and rewarding reading experience. Join the conversation with history's greatest thinkers and embark on a journey of exploration, discovery and enlightenment. Let their words inspire you, challenge you and illuminate the path to a better understanding of ourselves and the world around us. If you like this book, write a review on Google Books.

America in Our Time Godfrey Hodgson, 2005 With a new afterword by the author *Great Speeches Of Our Time* Hywel Williams, 2014-08-12 Let each know that for each the body, the mind and the soul have been freed to fulfill themselves. These powerful words spoken by Nelson Mandela in his inaugural address as the new president of South Africa are taken from just one of the forty important and thought provoking speeches in this collection. Ranging from 1945 to the present day, they provide an important insight into the modern world. Inspirational speeches by Winston Churchill, Mikhail Gorbachev, Martin Luther King, Barack Obama and many others are supplemented with biographies of each speaker as well as an exploration of their words' significance and an historical account of the consequences of their oratory. This is a history of the recent and contemporary world told through the speeches that shaped it.

The Social Crisis of Our Time Wilhelm Röpke, [The Book For Our Time!](#) Willy Jeanne Louis De Smedt, 2023-11-22 Is it still possible to write something new and valuable about the Revelation? The subject of Revelation has always been an intriguing one for both believers and non-believers who for centuries have devoted themselves to studying and examining it. Consequently many scholars have shared their view about it but almost all of them appear to be in contrast with one another. Indeed, never in time existed a continuous interpretation as every reader approaches the text from a distinct perspective. Nonetheless, it has always been evident that

the key to Revelations lies within the pages of the Holy Scriptures With this notion in mind The Book For Our Time a translation of the original manuscript published in 1872 was written in order to research and understand along with readers to find the true end and fulfilment of Revelation and in so doing bring a sense of purpose to those who read it Willy Louis Jeanne De Smedt 8 2 1931 25 8 2017 Born in Belgium he moved with his parents to the Democratic Republic of the Congo where he attended a Catholic School Always serious about religion he wished to become a priest but eventually decided not to pursue his dream After moving to South Africa where he qualified as a millwright at Iscor Willy started working as a math teacher at the Military Technical College During a service in the New Apostolic Church Willy heard and learned about the Day of The First Resurrection That s when the project of The Book For Our time started to take form from his desire to inform people about the salvation plan of God He died in 2017 due to Leukemia

Lord Acton for Our Time Christopher Lazarski,2023-10-15 Lord Acton for Our Time illuminates the thought of the English historian politician and writer who gave us the famous maxim Power tends to corrupt and absolute power corrupts absolutely Extracting lessons for our current age Christopher Lazarski focuses on liberty how Acton understood it what he thought was its foundation and necessary ingredients and the history of its development in Western Civilization Acton is known as a historian or even the historian of liberty and as an ardent liberal but there is confusion as to how he understood liberty and what kind of liberalism he professed Lord Acton for Our Time provides an introduction that presents essentials about Acton s life and recovers his theory of liberalism Lazarski analyzes Acton s type of liberalism probing whether it can offer a solution to the crisis of liberal democracy in our own era For Acton liberty is the freedom to do what we ought to do both as individuals and as citizens and his writings contain valuable lessons for today

Postcards of Our Time: Impressions of American Life Pasquale De Marco,2025-07-25 Postcards have been a part of American life for over a century and they offer a unique glimpse into the history and culture of the United States This book explores the impact of postcards on American culture and society from their humble beginnings to their widespread popularity The first chapter of the book provides a brief overview of the history of the postcard from its origins in the 19th century to its widespread popularity in the early 20th century The subsequent chapters explore the different ways that postcards have been used to reflect American culture and society One chapter examines the role of postcards in promoting tourism and travel while another looks at the way postcards have been used to document major historical events The book also explores the personal side of postcards examining the way that people have used them to stay connected with friends

and family One chapter looks at the role of postcards in wartime while another examines the way postcards have been used to commemorate personal milestones such as birthdays weddings and anniversaries The final chapter of the book looks at the future of postcards in the digital age With the rise of email and social media the postcard has faced new challenges However the postcard has proven to be a resilient medium and it continues to be used by people around the world to share messages and images This book is a comprehensive look at the history and impact of the postcard in the United States It is a valuable resource for anyone interested in American culture and history as well as for collectors of postcards If you like this book write a review

A Writer of Our Time Joshua Sperling, 2018-11-20 This engaging intellectual biography traces Berger's creative evolution analyzes highlights from his vast output and situates them within his empathetic Marxism *The New Yorker* The first intellectual biography of the life and work of John Berger John Berger was one of the most influential thinkers and writers of postwar Europe As a novelist he won the Booker prize in 1972 donating half his prize money to the Black Panthers As a TV presenter he changed the way we looked at art with *Ways of Seeing* As a storyteller and political activist he defended the rights and dignity of workers migrants and the oppressed around the world Far from dragging politics into art he wrote in 1953 art has dragged me into politics He remained a revolutionary up to his death in January 2017 Built around a series of watersheds at once personal and historical *A Writer of Our Time* traces Berger's development from his roots as a postwar art student and polemicist in the Cold War battles of 1950s London through the heady days of the 1960s when the revolutions were not only political but sexual and artistic to Berger's reinvention as a rural storyteller and the long hangover that followed the rise and fall of the New Left Drawing on first hand unpublished interviews and archival sources only recently made available Joshua Sperling digs beneath the moments of controversy to reveal a figure of remarkable complexity and resilience The portrait that emerges is of a cultural innovator as celebrated as he was often misunderstood and a writer increasingly driven as much by what he loved as by what he opposed *A Writer of Our Time* brings the many faces of John Berger together repatriating one of our great minds to the intellectual dramas of his and our time
