Ioannides, 2017-11-20 This volume examines the development of the non liturgical parts of the Central Conference of American Rabbis Haggadah Through an understanding of the changes in American Jewish educational patterns and the CCAR's theology it explores how the CCAR Haggadah was changed over time to address the needs of the constituency While there have been many studies of the Haggadah and its development over the course of Jewish history there has been no such study of the non liturgical parts of the Haggadah that reflect the needs of the audience it reaches How the CCAR the first and largest of American born Judaisms addressed the changing needs of its members through its literature for the Passover Seder reveals much about the development of the movement This in turn provides for the readers of this book an understanding of how American Judaism has developed

*The New American Judaism* Rabbi Dr. Arthur Blecher, 2007-10-16

Popular Washington D C rabbi and psychotherapist Arthur Blecher believes that the American Jewish community is actually flourishing amidst fears of dying out He shows us that intermarriage strengthens Judaism a concept that many Jews continue to debate In straightforward and engaging chapters he provides a progressive and positive outline of how this religion has changed over the years and why American Jewish culture must be embraced and discussed in depth in Jewish families This is a fascinating exploration of the ways in which social and psychological forces created a new and quite different form of Judaism in America more than one hundred years ago

*The Documentary History of Judaism and Its Recent Interpreters*

Jacob Neusner, 2012-07-10 The result for the history of Judaism of a documentary reading of the Rabbinic canonical sources illustrates the working of that hypothesis It is the first major outcome of that hypothesis but there are other implications and a variety of new problems emerge from time to time as the work proceeds In the recent past Neusner has continued to explore special problems of the documentary hypothesis of the Rabbinic canon At the same time Neusner notes others join in the discussion that have produced important and ambitious analyses of the thesis and its implications Here Neuser has collected some of the more ambitious ventures into the hypothesis and its current recapitulations Neusner begins with the article written by Professor William Scott Green for the Encyclopaedia Judaica second edition as Green places the documentary hypothesis into the context of Neusner's entire oeuvre Neuser then reproduces what he regards as the single most successful venture of the documentary hypothesis contrasting between the Mishnah's and the Talmuds programs for the social order of Israel the doctrines of economics politics and philosophy set forth in those documents respectively Then come the two foci of discourse Halakhah or normative law and Aggadah or normative theology Professors Bernard Jackson of the University of Manchester England and Mayer Gruber of Ben Gurion University of the Negev treat the Halakhic program that Neusner has devised and Kevin Edgecomb of the University of California Berkeley has produced a remarkable summary of the theological system Neusner discerns in the Aggadic documents Neusner concludes with a review of a book by a critic

Kraemer, 2020-07-24 This book explores the history of Jewish eating and Jewish identity from the Bible to the present The lessons of this book rest squarely on the much quoted insight you are what you eat But this book goes beyond that simple truism to recognise that you are not only what you eat but also how when where and with whom you eat This book begins at the beginning with the Torah and then follows the history of Jewish eating until the modern age and even into our own day Along the way it travels from Jewish homes in the Holy Land and Babylonia Iraq to France and Spain and Italy then to Germany and Poland and finally to the United States of America It looks at significant developments in Jewish eating in all ages in the ancient Near East and Persia in the Classical age throughout the Middle Ages and into Modernity It pays careful attention to Jewish eating laws halakha in each time and place but it does not stop there it also looks for Jews who bend and break the law who eat like Romans or Christians regardless of the law and who develop their own hybrid customs according to their own laws whatever Jewish tradition might tell them In this colourful history of Jewish eating we get more than a taste of how expressive and crucial eating choices have always been
