Sedona Vortex Video Experience:

Dick Sutphen Presents Sedona Dick Sutphen, Richard Sutphen, 1993 Sedona Arizona is considered the location of four vortex energy centers that enhance psychic abilities Sutphen describes these areas and how their energies may affect people Along with his own observations and experiences he includes excerpts from letters and reports by people who have attended his Sedona seminars

Sedona, Psychic Energy Vortexes Dick Sutphen, 2022-05-31 Renowned psychic researcher Dick Sutphen reveals everything readers need to know about Sedona a hot spot of powerful cosmic energies that can call in spiritual visions past life experiences and healing Sedona Arizona a place of awesome beauty and an extraordinary energy that is felt by every person wandering through its red rock canyons The first time I saw Sedona in 1969 I knew this was a special place not only because of its magnificent beauty but because of an undeniable spiritual vibration emanating throughout the area Over the years I've become convinced through my own experiences and the experiences of others and through extensive research and investigation that the psychic energy here is greater than anywhere else in the country Thousands of people have had incredible metaphysical experiences in Sedona including direct contact with spirits visions and manifestations Sedona lies on ley lines connecting to Stonehenge and other spiritual power places in the world and is surrounded by four powerful energy centers or vortexes all within a few miles of each other In this book you will learn how the vortexes are charged and how they can affect you You will hear firsthand testimonials from people who have explored the vortexes and remarkable stories describing their profound life changing encounters Complete directions to find each vortex are also included as well as important warnings and safeguards you need to be aware of before exploring You will learn how to test the energy then activate and expand it to maximize the psychic potentials of your own vortex experience Foreword by Colette Baron Reid
