## **Seeing Green The Politics Of Ecology Explained:**

**Seeing Green** Jonathon Porritt, 1984      **Seeing Green** , 1990      Politics of Sustainable Development Susan Baker, 2012-08-08 The concept of sustainable development was popularised by the 1987 Brundtland Report and became a central theme in the EU's Fifth Environmental Action Programme. It dominated the Rio Earth Summit and its promotion has been much in evidence in the subsequent      Reassessing Political Ideologies Michael Freeden, 2004-08-02 This book is a high level examination of each of the major ideologies that have shaped political thinking, action and conflict. Each chapter provides a critical overview of the current state of the major ideologies and a retrospective assessment of the strengths, weaknesses, developments and transformations of these ideologies over the past century. The volume poses a strong challenge to those who have loudly proclaimed the end of ideology by demonstrating that it is impossible to understand current political developments without an appreciation of their ideological context. It features internationally respected contributors who are authorities in their fields and will be an invaluable resource for both students and specialists in areas including Politics and International Relations.
