Environment and Society Erika Cudworth, 2005-08-04 At the start of the twenty-first century it can be argued that human societies have a greater impact on the environment than ever before We have always been dependent upon and interacted with the natural environment However the dramatic social changes of the past three centuries have altered the form of our relationship with non-human nature to the extent that some would see people-planet relations as in a situation of crisis Environment and Society provides a comprehensive and critical account of the ways in which we can think about the relationship between human societies and

the environments with which they interact It argues that human societies are ecologically embedded and that environments are often socially embedded and constituted It makes the different theoretical positions and empirical studies accessible to students and includes chapter outlines and summaries annotated further reading boxed case studies and discussion points

Interdisciplinary Measures Graham Huggan,2008-01-01 Where now for postcolonial studies That is the central question in this new volume from one of the field s most original thinkers Not so long ago the driving force behind postcolonial criticism was literary increasingly however many have claimed that the future of postcolonial studies is interdisciplinary *Interdisciplinary Measures* thoroughly considers this alternative trajectory through the field of postcolonial studies by setting up a series of conversations among these newly postcolonial disciplines notably geography environmental studies history and anthropology and literary studies in which the imaginative possibilities of non Western epistemologies are brought to the fore

Environmentalism and Cultural Theory Kay Milton,2002-09-11 The last decade has seen a dramatic increase in the attention paid by social scientists to environmental issues and a gradual acknowledgement in the wider community of the role of social science in the public debate on sustainability At the same time the concept of culture once the property of anthropologists has gained wide currency among social scientist These trends have taken place against a growing perception among specialist and public of the global nature of contemporary issues This book shows how an understanding of culture can throw light on the way environmental issues are perceived and interpreted both by local communities and within the contemporary global arena Taking an anthropological approach the book examines the relationship between human culture and human ecology and considers how a cultural approach to the study of environmental issues differs from other established approaches in social science This book adds significantly to our understanding of environmentalism as a contemporary phenomenon by demonstrating the distinctive contribution of social and cultural anthropology to the environmental debate It will be of particular interest to students and researchers in the fields of social science and the environment

For the Love of Mary Christopher Meades, 2016-05-01 Fifteen year old Jacob feels almost on the inside almost smart almost funny almost good looking almost worthy of falling in love His sister is too busy dating guys in Whitesnake jackets to notice and his best friend is occupied with his own painful pubescent crisis Jacob's mother has just started a curious and rather un-Christian holy war with the church across the street while his father has secretly moved into the garage Everything changes when Jacob meets Mary Jacob thinks Mary is the most beautiful girl in the world If only Mary's father wasn't the minister at the enormous rival church If only she wasn't dating a youth pastor with pristine white teeth and impeccably trimmed hair If only Jacob could work up the courage to tell Mary how he feels As the conflict between the churches escalates a peeping Tom prowls the neighborhood a bearded lady terrorizes unsuspecting Dairy Queen customers a beautiful young girl entices Jacob into a carnal romp in a car wash and the church parishioners prepare their annual re-enactment of Operation Desert Storm For the Love of Mary is sidesplitting satire

with a surprising amount of heart Greening in the Red Zone Keith G. Tidball, Marianne E. Krasny, 2013-07-22 Creation and access to green spaces promotes individual human health especially in therapeutic contexts among those suffering traumatic events But what of the role of access to green space and the act of creating and caring for such places in promoting social health and well being Greening in the Red Zone asserts that creation and access to green spaces confers resilience and recovery in systems disrupted by violent conflict or disaster This edited volume provides evidence for this assertion through cases and examples The contributors to this volume use a variety of research and policy frameworks to explore how creation and access to green spaces in extreme situations might contribute to resistance recovery and resilience of social ecological systems *Exploring Psychology* David G. Myers, 2004-04-02 David Myers's bestselling brief text has opened millions of students' eyes to the world of psychology Through vivid writing and integrated use of the SQ3R learning system Survey Question Read Rehearse Review Myers offers a portrait of psychology that captivates students while guiding them to a deep and lasting understanding of the complexities of this field **Philosophy for AS and A2** Elizabeth Burns, Stephen Law, 2004-06-24 *Philosophy for AS and A2* is the definitive textbook for students of Advanced Subsidiary or Advanced Level philosophy courses structured directly around the specification of the AQA Following a lively foreword by Nigel Warburton author of *Philosophy The Basics* a team of experienced teachers devote a chapter each to the six themes covered by the syllabus Each of the chapters include helpful student friendly features a list of key concepts to introduce students to the topic bite size sections corresponding to the syllabus topics actual exam questions from previous years suggested discussion questions to promote debate text boxes with helpful summaries case studies and examples an annotated further reading list directing students towards the best articles books and websites a comprehensive glossary providing a handy reference point There is a final chapter on essay writing and exam preparation designed to help students get to grips with the examination board requirements *Philosophy for AS and A2* is written by a team of expert teachers based at Heythrop College part of the University of London which specializes in teaching philosophy and theology **Kant's Thinker** Patricia Kitcher, 2011-01-07 Kant's discussion of the relations between cognition and self consciousness lie at the heart of the *Critique of Pure Reason* in the celebrated transcendental deduction Although this section of Kant's masterpiece is widely believed to contain important insights into cognition and self consciousness it has long been viewed as unusually obscure Many philosophers have tried to avoid the transcendental psychology that Kant employed By contrast Patricia Kitcher follows Kant's careful delineation of the necessary conditions for knowledge and his intricate argument that knowledge requires self consciousness She argues that far from being an exercise in armchair psychology the thesis that thinkers must be aware of the connections among their mental states offers an astute analysis of the requirements of rational thought The book opens by situating Kant's theories in the then contemporary debates about apperception personal identity and the relations between object cognition and self consciousness After laying out Kant's argument that the distinctive kind

of knowledge that humans have requires a unified self consciousness Kitcher considers the implications of his theory for current problems in the philosophy of mind If Kant is right that rational cognition requires acts of thought that are at least implicitly conscious then theories of consciousness face a second hard problem beyond the familiar difficulties with the qualities of sensations How is conscious reasoning to be understood Kitcher shows that current accounts of the self ascription of belief have great trouble in explaining the case where subjects know their reasons for the belief She presents a new Kantian approach to handling this problem In this way the book reveals Kant as a thinker of great relevance to contemporary philosophy one whose allegedly obscure achievements provide solutions to problems that are still with us

Charlie McGee and the Leprechaun R. C. Jette, 2019-02-20 This is the story of a young lad who loses his pa at the age of eleven and takes on the responsibility of the family farm Charlie always tries to remember his father's counsel and follow it by doing right for others However his sixteenth birthday finds him overwhelmed with the arrival of a card containing a strange poetic message This ordeal has Charlie in a state of confusion Along with his pa's example the help of Father Flanagan's Bible preaching and some friends Charlie discovers some valuable truths From the leprechaun's curse Charlie sees how vanity can be hidden deep inside With that insight he learns what true friendship is all about As he starts to believe the priest about the Bible he realizes that although you might know someone all your life you may not really know them at all His greatest revelation is that the verses in the Bible are applicable to everyday life Through reading it he learns that what seems evil God can turn into good *Charlie McGee and the Leprechaun* is an allegory in that it reveals the spiritual journey of a young lad to discover through his dilemma the truths of the Bible
