**Semantics and Poetics of the Righteous and the Wicked in the Psalms** Kevin Foth, 2024-12-15 In *Semantics and Poetics of the Righteous and the Wicked in the Psalms* Kevin Foth delves into the nuanced roles of the righteous and the wicked and explores their significance beyond conventional moral prototypes The study argues that the figures of the righteous and the wicked should be considered as part of the conventions of Hebrew psalmody By leveraging insights from lexical semantics of the terms and throughout the Hebrew Bible the study broadens the understanding of these terms in their multifaceted uses within poetic contexts The analysis further employs narratological theories about character and characterization to elucidate how the contrast between the righteous and wicked functions within 18 individual psalms By focusing on the specific contexts within psalms and embracing poetic diversity this study enriches the understanding of how these figures contribute to the literary features and theological messages woven throughout the Book of Psalms

**Wisdom Epistemology in the Psalter** John Kartje, 2014-10-14 We present a comparative epistemological analysis of the wisdom motifs in Psalms 1, 73, 90, and 107 These texts were selected on the basis of their epistemological content each confronts the relationship between virtue and prosperity and their canonical placement within the Psalter each begins one of the Psalter's five Books We explore the implications of their respective epistemological features for our understanding of the canonical structure of the Psalter After developing a diagnostic method for the identification and analysis of the epistemological features within a biblical text we apply it to each of the four psalms and discuss their epistemological qualities with respect to their canonical placement in the Psalter We find that an epistemic progression develops across the canonical ordering of the four psalms While the psalmists are increasingly forthright in acknowledging the moral paradox that the righteous often suffer while the wicked can prosper they engage this paradox with ever more sophisticated responses Although Yhwh is ultimately the source of all wisdom human beings can facilitate their acquisition of knowledge by seeking him out intentionally by questioning him directly and by observing him with a heart focused on learning
