What is Wrong with Us? Eric Coombes,Theodore Dalrymple,2016-11-08 Can any of us entirely banish from our hearts and minds grave misgivings about the condition of the culture we now inhabit Expressions of those misgivings are mostly unheard in public forums ignored in the dominant media and if noticed at all dismissed by state supported bureaucracies and commercial vested interests To have any chance of gaining attention they must resolve themselves into coherent forms We need to clarify our perceptions of the things that trouble us by articulating and developing our thoughts about them That is we are in need of serious criticism serious criticism aesthetic social and political which is notably lacking in the contemporary world especially in places readily available to the educated non specialist such as the quality weekend newspapers and especially perhaps in relation to the visual arts The pieces collected in this volume are not presented as amounting to an overall account or theory of our cultural condition They are offered merely as examples of serious criticism of what we need if we are to begin to think more profitably about our condition daring in defiance of contemporary dogmatism to make the necessary judgements of value without which our culture will continue to disintegrate

authors and narration **Selected Writings of James Fitzjames Stephen** Christopher Ricks, 2023-06-19 James Fitzjames Stephen 1829 1894 is still highly valued as a judge as the historian of the criminal law of England and as the author of *Liberty Equality Fraternity* a forthright disagreement with John Stuart Mill Stephen's weekly journalism established him as a vigorous cross examiner in the controversies cultural social religious political moral and philosophical of his time and duly of our time Collected here now are his essays on the novel and journalism the co operation and collusion of these two their responsibilities and irresponsibilities Written between 1855 and 1867 while Stephen prosecuted twin careers as barrister and journalist these reviews bring to bear his formidable powers of mind and of phrasing scrutinizing many deep and disconcerting novelists Dickens and Thackeray Harriet Beecher Stowe and E C Gaskell Flaubert and Balzac His work also weighs journalism in the scales from Addison's *The Spectator* to the Crimean war correspondence of William Howard Russell from the scabrously detailed law reports in *The Times* to the phenomenon of Letters to its Editor from the high culture of Matthew Arnold to the mass market of Railroad Bookselling **Double Agent** Morris Dickstein, 1996-07 *Double Agent* is a watershed in the recent revival of interest in the role of the public critic and intellectual who writes about culture politics and the arts for an intelligent general audience Offering acute portraits of critics both famous and neglected Dickstein traces the evolution of cultural criticism over the last century from Matthew Arnold to New Historicism He examines the development of practical criticism the rise and fall of literary journalism and the growth of American Studies and rereads the work of critics like Arnold Walter Pater I A Richards Roland Barthes Edmund Wilson R P Blackmur Lionel Trilling Alfred Kazin and George Orwell In essays and books that are themselves works of literature these writers made criticism central to the public sphere balancing social and literary values politic commitment and aesthetic judgment Though marginalized or ignored by academic histories of criticism their example has proved immensely valuable for younger critics eager to find a personal voice and reach a wider public Dickstein concludes with a lively and provocative dialogue that weighs the claims of recent literary theory and the importance of renewing public culture Along Heroic Lines Christopher Ricks, 2021 A selection of new and revised essays from eminent scholar and critic Professor Christopher Ricks Christopher Ricks brings together new as well as substantially augmented critical essays across a wide range Several derive from his term as the Professor of Poetry at the University of Oxford when his inaugural lecture engaged with the illuminatingly puzzled relations between poetry and prose Comparison and analysis the tools of the critic as T S Eliot insisted are enlivened by imaginative pairings of Samuel Johnson with Samuel Beckett of Norman Mailer with Dickens of Shakespeare with George Herbert or of secret police surveillance in Ben Jonson's *Rome* with that of Carmen Bugan's *Romania* *Along Heroic Lines* devotes itself to the heroic and to heroics Othello cross examined by T S Eliot Byron and role playing Ion Bugan political protest and arrest This knot is in tension with the English heroic line Dryden's heroic triplets Henry James's cadences Geoffrey Hill's concluding book of prose poems and how they choose to conclude All alert to the balance and sustenance of alternate tones that prose and poetry can

achieve in harmony **Pushkin's Mozart and Salieri** Robert Reid, 2023-11-20 Mozart and Salieri probably the best known of Pushkin's Little Tragedies was written in 1830 during the peak of the poet's creative powers Like the other Little Tragedies it is a closet drama which concentrates on the devastating effects of an all-consuming human passion in this case envy Mozart and Salieri typifies Pushkin's implicational technique of character construction the salient points of a fictional psyche are highlighted sufficiently to suggest inner depth while stopping short of precise concretization this allows full play to lectorial inference on a plurality of connotational levels thematic psychological and sociological The present work the first of its kind in English isolates two major thematic dominants in the play envy and music and these form the focus for its aesthetic and psychological preoccupations respectively A variety of psychological approaches are brought to bear on the play's protagonists including adaptations of the theories of Freud Adler Jung and Klages The readiness with which these contrastive but complementary approaches yield new insights into the nature and motivations of the protagonists of Mozart and Salieri points to a work of profound cultural significance something all the more remarkable given its modest compass The sociological and anthropological approaches applied to the drama in this study dwell particularly on theories of social interaction and theories of alienation anomie and suicide Pushkin has often been regarded as an enigmatic phenomenon in the west the compactness and economy of his works often seeming at odds with the degree of impact which they have made on subsequent generations of Russian writers The present work seeks to lay bare what is typical for Pushkin the intimation of great psychological and philosophical truths via a superficially unassuming medium It is not surprising therefore that the influence of Pushkin's Mozart and Salieri and of the aesthetic and ideological positions they represent can be felt in the works of later Russian writers notably Dostoyevsky **Johnson, Writing, and Memory** Greg Clingham, 2002-09-05 This study demonstrates the importance of memory in Samuel Johnson's work Greg Clingham argues that this concept of memory is derived from the process of historical and creative writing it is embodied in works of literature and other cultural forms He examines Johnson's writing including his biographical writing as it intersects with eighteenth-century thought on literature history fiction and law and its subsequent compatibility with and resistance to modern theory **Authors and Authority** Patrick Parrinder, 1991 One of the great paradoxes of modern times is that the more scientists understand the natural world the more we discover that our everyday beliefs about it are wrong Neil F Comins has identified and classified by origin and topic over 1 700 commonly held misconceptions about the universe He presents the reader with the tools needed to probe erroneous notions so that we can begin to question for ourselves and to think more like scientists
