Studies in Irreversibility Benjamin Schreier, 2009-10-02 The premise of *Studies in Irreversibility* Texts and Contexts is that there is a big difference between phenomena practices processes and events that are irreversible and those that are reversible and moreover that this difference and its manifold implications remain underappreciated so long as the analysis of culture continues to anchor itself in an emphasis on the capacities of human agency If messianic modes posit a future to justify the present and so interpret the influence of the past the papers in this collection are devoted to examining the present of experience from the perspective of its uncompromising and irreducible past finding in irreversibility a key to an interpretation of futurity Together these papers outline a method of examining experience as something more or at least other than the desire to know it and in so doing they shed light on the powerful role of normativity in the narratives we construct in and about culture Through novel analyses from the disciplines of literature art criticism history philosophy ethnic studies and ethics the contributors to this book address key questions about the nature of irreversibility What differentiates the experience of the irreversible from the experience of the reversible How is irreversibility recognized What happens when we acknowledge something to be irreversible How has society contended with irreversibility and what sorts of tools exist today to interpret its significance Wary of impetuously fixing the meaning of a still elusive concept this volume collects papers that employ a wide array of methodologies mindful that no one critical approach may yet have proved itself Irreversibility is not simply a quality of the texts examined in this volume nor is it strictly speaking a lens through which otherwise coherent or stable texts are examined rather it emerges as a model that brings together texts and the thinking of them By together outlining a method of examining culture that moves beyond reliance on tropes such as functionalism teleology and chance tropes that have dominated twentieth century cultural analysis these papers help to inaugurate a new paradigm in the study of culture

The Wounded Surgeon: Confessions and Transformations in Six American Poets Adam Kirsch, 2005-04-17 One of the most promising young poet critics in America Los Angeles Times examines a revolutionary generation of poets Robert Lowell Elizabeth Bishop Sylvia Plath John Berryman Randall Jarrell and Delmore Schwartz formed one of the great constellations of talent in American literature In the decades after World War II they changed American poetry forever by putting themselves at risk in their poems in a new and provocative way Their daring work helped to inspire the popular style of poetry now known as confessional But partly as a result of their openness they have become better known for their tumultuous lives afflicted by mental illness alcoholism and suicide than for their work This book reclaims their achievement by offering critical biographies of the poetry tracing the development of each poet s work exploring their

major themes and techniques and examining how they transformed life into art An ideal introduction for readers coming to these major American poets for the first time it will also help veteran readers to appreciate their work in a new light

Studies in Contemporary Jewry Peter Y. Medding, 1992-12-17 The eighth volume of the acclaimed annual publication of the Institute of Contemporary Jewry at the Hebrew University of Jerusalem this volume focuses on the history and development of American Jewish life since World War II Contributions include A Golden Decade for American Jews 1945-1955 by Arthur A Goren American Judaism Changing Patterns in Denominational Self Definition by Arnold Eisen Value Added Jews in Postwar American Culture by Stephen J Whitfield The Postwar Economy of American Jews by Barry R Chiswick Jewish Migration in Postwar America The Case of Miami and Los Angeles by Deborah Dash Moore and All in the Family American Jewish Attachments to Israel by Chaim Waxman The volume also contains essays book reviews and a list of recent dissertations in the field

W.H. Auden John Haffenden, 1983 This set comprises of 40 volumes covering nineteenth and twentieth century European and American authors These volumes will be available as a complete set mini boxed sets by theme or as individual volumes This second set compliments the first 68 volume set of Critical Heritage published by Routledge in October 1995

The Cambridge History of Literary Criticism: Volume 7, Modernism and the New Criticism George Alexander Kennedy, 1989 The history of the most hotly debated areas of literary theory including structuralism and deconstruction

The American Poet at the Movies Laurence Goldstein, 1995 A timely and engaging exploration of cinema's influence on verse a treat for poetry lovers and film buffs alike

Gates of Eden: American Culture in the Sixties Morris Dickstein, 2015-02-23 Widely admired as the definitive cultural history of the 1960s this groundbreaking work finally reappears in a new edition The turbulent 1960s almost from its outset produced a dizzying

display of cultural images and ideas that were as colorful as the psychedelic T shirts that became part of its iconography It was not however until Morris Dickstein s landmark *Gates of Eden* first published in 1977 that we could fully grasp the impact of this raucous decade in American history as a momentous cultural epoch in its own right as much as Jazz Age America or Weimar Germany From Ginsberg and Dylan to Vonnegut and Heller this lasting work brilliantly re creates not only the intellectual and political ferment of the decade but also its disillusionment What results is an inestimable contribution to our understanding of twentieth century American culture

Deconstructing Post-WWII New York City Robert Bennett,2013-12-02 Situating post WWII New York literature within the material context of American urban history this work analyzes how literary movements such as the Beat Generation the New York poets and Black Arts Movement criticized the spatial restructuring of post WWII New York City

Once and for All Delmore Schwartz,2016-04-28 The publication of this book restores a missing chapter in the history of twentieth century American literature With his *New Directions* debut in 1938 the twenty five year old Delmore Schwartz was hailed as a genius and among the most promising writers of his generation Yet he died in relative obscurity in 1966 wracked by mental illness and substance abuse Sadly his literary legacy has been overshadowed by the story of his tragic life Among poets Schwartz was a prototype for the confessional movement made famous by his slightly younger friends Robert Lowell and John Berryman While his stories and novellas about Jewish American experience laid the groundwork for novels by Saul Bellow whose *Humboldt s Gift* is based on Schwartz s life and Philip Roth Much of Schwartz s writing has been out of print for decades This volume aims to restore Schwartz to his proper place in the canon of American literature and give new readers access to the breadth of his achievement Included are selections from the in print stories and poems as well as excerpts from his long unavailable epic poem *Genesis* a never completed book length work on T S Eliot and unpublished poems from his archives

Republic of Dreams Ross Wetzstein,2007-11-01 If the twentieth century was the American century it can be argued that it was more specifically the New York century and Greenwich Village was the incubator of every important writer artist and political movement of the period From the century s first decade through the era of beatniks and modern art in the 1950s and 60s Greenwich Village was the destination for rebellious men and women who flocked there from all over the country to fulfill their artistic political and personal dreams It has been called the most significant square mile in American cultural history for it holds the story of the rise and fall of American socialism women s suffrage and the commercialization of the avant garde One Villager went so far as to say that everything started in the Village except Prohibition and in the 1940s the young actress Lucille Ball said The Village is the greatest place in the world What other community could claim a spectrum ranging from Henry James to Marlon Brando from Marcel Duchamp to Bob Dylan from Gertrude Vanderbilt Whitney to Abbie Hoffman The story of the Village is in large part the stories old Villagers have told new Villagers about former Villagers and to tell its story is in large part to tell its legends *Republic of Dreams* presents the remarkable outrageous often interrelated biographies of the giants of American

journalism poetry drama radical politics and art who flocked to the Village for nearly half a century among them Eugene O'Neill whose plays were first produced by the Provincetown Players on Macdougall Street for whom Edna St Vincent Millay also wrote Jackson Pollock who moved to the Village from Wyoming in 1930 and was soon part of the group of 8th Street painters who would revolutionize Western painting E E Cummings who lived for years on Patchin Place as did Djuna Barnes Max Eastman who edited the groundbreaking literary and political journal The Masses which introduced Freud to the American public and also published Sherwood Anderson Amy Lowell Upton Sinclair Maksim Gorky and John Reed's reporting on the Russian Revolution Republic of Dreams is beautifully researched outspoken wise hip exuberant a monumental definitive history that will endure for decades to come

Affect, Psychoanalysis, and American Poetry John Steen, 2018-07-12 Poetry has often been defined by its closure its condensation of meaning and value into discrete self-referential textual objects Affect Psychoanalysis and American Poetry challenges the dominant metaphor of poetic containers by turning to recent poetic texts that represent the contagious and uncontainable feelings of anxiety grief shame and rage From modernists Wallace Stevens to mid-century poets Randall Jarrell Robert Creeley and Ted Berrigan and finally to contemporary practitioners Aaron Kunin and Claudia Rankine John Steen argues that new poetic techniques arise from the poetic productivity of negative affects and that a new model of poetic value can be found in poems that are instead of containers permeable social spaces of intimacy attachment and withdrawal Drawing from object relations psychoanalysis queer theory and affect theory Affect Psychoanalysis and American Poetry finds poetry's singularity in its unique capacity to represent anew the transmissible relational and uncontainable valences of feeling that structure and destabilize social life

Ezra Pound Eric Homberger, 2013-07-04 This set comprises 40 volumes covering nineteenth and twentieth century European and American authors These volumes will be available as a complete set mini boxed sets by theme or as individual volumes This second set complements the first 68 volume set of Critical Heritage published by Routledge in October 1995

American and British Poetry Harriet Semmes Alexander, 1984 The Politics of Irony in American Modernism Matthew Stratton, 2013-11-01 Shortlisted for the 2015 Modernist Studies Association Book Prize This book shows how American literary culture in the first half of the twentieth century saw irony emerge as a term to describe intersections between aesthetic and political practices Against conventional associations of irony with political withdrawal Stratton shows how the term circulated widely in literary and popular culture to describe politically engaged forms of writing It is a critical commonplace to acknowledge the difficulty of defining irony before stipulating a particular definition as a stable point of departure for literary cultural and political analysis This book by contrast is the first to derive definitions of irony inductively showing how writers employed it as a keyword both before and in opposition to the institutionalization of New Criticism It focuses on writers who not only composed ironic texts but talked about irony and satire to situate their work politically Randolph Bourne Benjamin De Casseres Ellen Glasgow John Dos Passos Ralph Ellison and many others
