Product Service Solutions addresses one of the most exciting and growing strategic marketing opportunities facing product  
and service companies bundling Many customers want bundled products and services which represent integrated solutions  
to their problems rather than buying individual products and services piecemeal and if you become that supplier it can  
transform a company There are many outstanding examples Magna International grew in several stages from a supplier of  
basic individual auto parts to a company manufacturing a product service super bundle ultimately sourcing and assembling  
the entire car itself GE developed their business involving the supply of medical imaging machines to hospitals to become a  
super bundler of complete hospital radiological floor imaging operations planning installation and integration IBM  
transformed their position as a supplier of individual hardware software and peripherals to companies into a product service  
solution bundler of increasing complexity and finally into the super bundle of BPO Business Process Outsourcing  
representing an outsourced and complete integrated IT solution set for clients entire global operations Roger More explores  
what was learned by these leading companies amongst others when they transformed their market strategies to become  
bundlers of complex integrated customer solutions Over many years the author has developed and tested new concepts maps  
and tools for use by a wide variety of managers in developing strategies for these bundled product service solutions His book  
now offers these maps and tools to all who invest in a copy      **U.S. Postal Service** United States. General Accounting

*EBOOK: Services Marketing: Integrating Customer Focus Across the Firm* Alan Wilson, Valarie Zeithaml, Mary  
Jo Bitner, Dwayne Gremler, 2012-06-16 The Second European Edition of Services Marketing Integrating Customer Focus  
Across the Firm by Wilson Zeithaml Bitner and Gremler uniquely focuses on the development of customer relationships  
through quality service Reflecting the increasing importance of the service economy Services Marketing is the only text that

put the customer's experience of services at the centre of its approach. The core theories, concepts and frameworks are retained and specifically the gaps model a popular feature of the book. The text moves from the foundations of services marketing before introducing the gaps model and demonstrating its application to services marketing. In the second edition, the book takes on more European and International contexts to reflect the needs of courses, lecturers and students. The second edition builds on the wealth of European and International examples, cases and research in the first edition, offering more integration of European content. It has also been fully updated with the latest research to ensure that it continues to be seen as the text covering the very latest services marketing thinking. In addition, the cases section has been thoroughly examined and revised to offer a range of new case studies with a European and global focus. The online resources have also been fully revised and updated, providing an excellent package of support for lecturers and students.
