Long-range Forecasting Jon Scott Armstrong,1985 Getting started Forecasting methods Evaluation Comparing methods Commencement **Long-range Forecasting** ,1973 **Long-range Forecasting : from Crystal Ball to Computer** Georgii Ivanovich Petrashen,1978 Principles of Forecasting J.S. Armstrong,2001 This handbook summarises knowledge from experts and empirical studies It provides guidelines that can be applied in fields such as economics sociology and psychology Includes a comprehensive forecasting dictionary 1987, Encyclopedia of Production and Manufacturing Management Paul M. Swamidass,2006-09-21 The Encyclopedia of Production and Manufacturing Management is an encyclopedia that has been developed to serve this field as the fundamental reference work Over the past twenty years the field of production and operations management has grown more rapidly than ever and consequently its boundaries have been stretched in all directions For example in the last two decades production and manufacturing management absorbed in rapid succession several new production management concepts manufacturing strategy focused factory just in time manufacturing concurrent engineering total quality management supply chain management flexible manufacturing systems lean production and mass customization to name a few This explosive growth makes the need for this volume abundantly clear The manufacturing industry thinks and acts more broadly than it did several decades ago The most notable change has been the need for manufacturing managers to think in technological strategic and competitive terms This is a very favorable development and it leads to manufacturing success The entries in this encyclopedia include the most recent technical and strategic innovations in production and manufacturing management The encyclopedia consists of articles of varying lengths The longer articles on important concepts and practices range from five to fifteen pages There are about 100 such articles written by nearly 100 authors from around the world In addition there are over 1000 shorter entries on concepts practices and principles The range of topics and depth of coverage is intended to suit both student and professional audiences The shorter entries provide digests of unfamiliar and complicated subjects Difficult subjects are made intelligible to the reader without oversimplification The strategic and technological perspectives on various topics give this Encyclopedia its distinctiveness and uniqueness The world of manufacturing today is increasingly competitive It is apparent that manufacturers must respond to these competitive pressures with technical and strategic innovation This encyclopedia has been developed to help researchers students and those in the manufacturing industry to understand and implement these ongoing changes in the field Management Science in Hospitality and Tourism Muzaffer Uysal,Zvi Schwartz,Ercan Sirakaya-Turk,2017-03-03 Management Science in Hospitality and Tourism is a timely and unique book focusing on management science applications The first section of the book introduces the concept of management science application in hospitality and tourism and related issues to set the stage for subsequent sections Section II focuses on management science applications with conceptual pieces empirical applications and best practices with

examples coming from different parts of the world and settings The last section ends with a chapter focusing on challenges and future research directions This book goes beyond revenue management topics and presents a broad range of topics in management science applications as they relate to hospitality and tourism cases Researchers and students in hospitality and tourism will find this book very useful since it contains chapters on data analytics e commerce and technology revenue and yield management optimization methods resource allocation goal programming dynamic programming Markov chain models trends analysis and detection measuring potential and attractiveness in tourism development performance measures and use of indices in hospitality and tourism and more There is a heightened interest in these areas of business applications in today s data driven business environment and this book addresses that interest This book is the only comprehensive text on management science applications in hospitality and tourism It will help managers and hospitality and tourism students as future managers to develop an in depth understanding of the importance of data analysis interpretation and generating information and intelligence for decision making It covers a broad range of applications representing different geographic regions of the world

General Accounting Office, 1991 Forecasting for the Pharmaceutical Industry Arthur G. Cook, 2017-11-28 In virtually every decision a pharmaceutical executive considers some type of forecast This process of predicting the future is crucial to many aspects of the company from next month's production schedule to market estimates for drugs in the next decade The pharmaceutical forecaster needs to strike a delicate balance between over engineering the forecast including rafts of data and complex black box equations that few stakeholders understand and even fewer buy into and an overly simplistic approach that relies too heavily on anecdotal information and opinion Art Cook's highly pragmatic guide explains the basis of a successful balanced forecast for products in development as well as currently marketed products The author explores the pharmaceutical forecasting process the varied tools and methods for new product and in market forecasting how they can be used to communicate market dynamics to the various stakeholders and the strengths and weaknesses of different forecast approaches The text is liberally illustrated with tables diagrams and examples The final extended case study provides the reader with an opportunity to test out their knowledge Forecasting for the Pharmaceutical Industry is a definitive guide for forecasters as well as the multitude of decision makers and executives who rely on forecasts in their decision making
