

## **..Live Well And Long (Love Poem)**

**When you are standing by my grave  
Don't ask the children to behave,  
Let them run free and shout out loud,  
The living joy of which I'm proud.**

**When I am lying six feet deep  
Don't sadly hang your head and weep,  
But let my final epitaph  
Be tales of life that make you laugh.**

**When you are talking at my wake  
Don't chat politely eating cake,  
Instead buy champagne by the crate  
Link arms with friends, dance, celebrate!**

**When people stop and say 'too bad'  
Don't reminisce and then feel sad,  
But raise your glass up high and toast  
The joys of life you love the most.**

**When all are shaking hands at last  
Don't hold a grudge from years long past,  
But face each other, then embrace,  
Forgive, let love spread from this place.**

**And finally, when on your own,  
Don't think that you are all alone,  
But sing out loud so I can hear  
And wipe away that foolish tear.**

**For I lived well  
And I lived long  
And none shall soon forget my song,  
And all I wish,  
From high above,  
Is you live well and long, my love.**

## Longer Poems:

**Selected Longer Poems** A. R. Ammons, 1980-03-17 Readers already familiar with Ammons's longer mode in other books will welcome this new collection while those familiar only with the shorter poems will find their appreciation of his work both deepened and heightened The Selected Poems 1951 1977 was described by one critic as an indispensable book Selected Longer Poems is an indispensable companion to it The distinguished poet A R Ammons once described himself as not so much looking for the shape as being available to any shape that may be summoning itself through me from the self not mine but ours This availability has enabled his poetic genius to be at home in forms raging from brief lyrics the best of which he brought together in The Selected Poems 1951 1977 all the way to poems of full book length **Collected Longer Poems** Hayden Carruth, 1994 For fifty years Hayden Carruth's poetry has been distinguished by the indelible presence of passion compassion and radical philosophy Collected Longer Poems gathers the poet's choice of his narrative work and poems in sequence including his epic on the nature of romance The Sleeping Beauty and meditative poems on the rural northeast that have made him the most accessible regional poet since Robert Frost Our pre eminent poet of improvisation within form Carruth's renowned technical genius is perfectly matched to his ear for spoken language and narrative structure By turns caustic and hilarious his observations of that life his own and his neighbors ring as true as his ear for native speech Collected Longer Poems completes the two volume Collected Poems begun with the publication of Collected Shorter Poems in 1992 a volume that was a finalist for the National Book Award and won the National Book Critics Circle Award **Eight Longer Poems** David R. Slavitt, 1990 David R Slavitt brings together eight poems that deal largely with the mind's relation to history personal history and the history of myth and of empires In addressing these two seemingly independent modes of thinking and remembering Slavitt reveals that they are in fact closely related and that they are both part of our poetic consciousness

**Longer Narrative Poems** Edward Everett Hale (Jr.), 1902 *Collected Longer Poems* Wystan Hugh Auden, 1969

**Collected Longer Poems** Kenneth Rexroth, 2013-05-15 This is a companion volume to the Collected Shorter Poems of Kenneth Rexroth which was published in 1967 This is a companion volume to the Collected Shorter Poems of Kenneth Rexroth which was published in 1967 All of the long poems written over the past forty years are included The Homestead Called Damascus 1920 25 A Prolegomenon to a Theodicy 1925 27 The Phoenix and the Tortoise 1940 44 The Dragon and the Unicorn 1944 50 and The Heart's Garden The Garden's Heart 1967 68 As we read the long poems together and in sequence we can see that Rexroth is a philosophical poet of consequence who offers us a comprehensive system of values based on the realization of the ethical mysticism of universal responsibility He is concerned above all with process the movement from the Dual to the Other I have tried Rexroth writes to embody in verse the belief that the only valid conservation of value lies in the assumption of unlimited liability the supernatural identification of the self with the tragic unity of creative process I hope I have made it clear that the self does not do this by an act of will by sheer assertion He who would save his life must lose it

**The Great War, The Waste Land and the Modernist Long Poem** Oliver Tearle, 2019-03-07 The Great War The Waste Land and the Modernist Long Poem explores how cultural responses to the trauma of the First World War found expression in the form of the modernist long poem Beginning with T S Eliot's The Waste Land Oliver Tearle reads that most famous example of the genre in comparison with lesser known long poems such as Hope Mirrlees's Paris A Poem Richard Aldington's A Fool in the Forest and Nancy Cunard's Parallax As well as presenting a new history of this neglected genre the book examines the ways in which the modernist long poem represented the seminal literary form for grappling with the crises of European modernity in the wake of World War I

On Extended Wings Helen Vendler, 1969 Though Wallace Stevens shorter poems are perhaps his best known his longer poems Helen Hennessy Vendler suggests in this book deserve equal fame and equal consideration Stevens central theme the worth of the imagination remained with him all his life and Mrs Vendler therefore proposes that his development as a poet can best be seen not in description which must be repetitive of the abstract bases of his work but rather in a view of his changing styles The author presents here a chronological account of fourteen longer poems that span a thirty year period showing through Stevens experiments in genre diction syntax voice imagery and meter the inventive variety of Stevens work in long forms and providing at the same time a coherent reading of these difficult poems She concludes Stevens was engaged in constant experimentation all his life in an attempt to find the appropriate vehicle for his expansive consciousness he found it in his later long poems which surpass in value the rest of his work

**A Long Essay on the Long Poem** Rachel Blau DuPlessis, 2023-03-21 For decades Rachel Blau DuPlessis has shown readers how genres forms and the literal acts of writing and reception can be understood as sites of struggle In her own words writing is a praxis in which the author disappears into a process into a community into discontinuities and into a desire for discovery It is cause for celebration then that we have another work of warm incisive explanatory writing from DuPlessis in A Long Essay on the Long Poem

Reading the Modernist Long Poem Brendan C. Gillott, 2020-12-10 How do readers approach the enigmatic and unnavigable modernist long poem Taking as the form's exemplars the highly influential but critically contentious poetries of John Cage and Charles Olson this book considers indeterminacy the fundamental feature of the long poem by way of its analogues in musicology mycology cybernetics and philosophy It addresses features of these works that figure broadly in the long poem tradition such as listing typography archives mediation and mereology while articulating how both poets broke with the longform poetic traditions of the early 1900s Brendan C Gillott argues for Cage's and Olson's centrality to these traditions in developing critiquing and innovating on the longform poetics of the past their work revolutionized the longform poetry of the 20th and 21st centuries

Romanticism, Self-Canonization, and the Business of Poetry Michael Gamer, 2017-02-17 This is the first book to examine how Romantic writers transformed poetic collections to reach new audiences In a series of case studies Michael Gamer shows Romantic poets to be fundamentally social authors working closely with booksellers intimately involved in literary production and resolutely concerned with current readers

even as they presented themselves as disinterested artists writing for posterity Exploding the myth of Romantic poets as naive unworldly or unconcerned with the practical aspects of literary production this study shows them instead to be engaged with intellectual property profit and loss and the power of reprinting to reshape literary reputation Gamer offers a fresh perspective on how we think about poetic revision placing it between aesthetic and economic registers and foregrounding the centrality of poetic collections rather than individual poems to the construction of literary careers

**The Complete Poetry of Robert Herrick** Tom Cain, Ruth Connolly, 2013-11-01 This is the first edition for fifty years of one of the greatest of English lyric poets Volume I concentrates on Herrick's large printed collection *Hesperides* published in 1648 and the product of nearly four decades of writing The text is based on a collation of all fifty seven known surviving copies of *Hesperides* In addition it includes a much needed new biography covering the suicide of his father his apprenticeship as a goldsmith banker and his subsequent career in Cambridge London and Devon It provides a survey of Herrick's fluctuating critical reputation from the first in rank and station of English song writers to trivially charming and a detailed reconstruction of the original printing and publishing just after the first Civil War of a book which was the first Complete Works to be published by an English poet There is also a newly ordered sequence of Herrick's letters from Cambridge his only surviving prose An extensive commentary on *Hesperides* is placed in Volume II so that readers can use it side by side with the poems if they wish The commentary gives new translations of Herrick's hundreds of classical allusions and quotes his equally numerous Biblical ones both of them far more extensive and frequently far more playful than has hitherto been realised It also notes many parallels between Herrick's work and that of contemporaries especially Jonson Shakespeare Burton and John Fletcher and his habit of echoing or quoting himself a tendency which reinforces the strong sense of Herrick's persona dominating the collection Full explanations are given of contemporary personal political and cultural references

*The Poetry of He Zhu (1052-1125)* Stuart Howard Sargent, 2007 The Northern Song poet He Zhu is best known for his lyrics *ci* but also produced *shi* poetry of subtlety wit and feeling This study examines the latter as a response to the options available to a late eleventh century writer in the pentametrical and heptametrical forms of Ancient Verse Regulated Verse and Quatrains Numerous comparisons are made with Su Shi Huang Tingjian Du Fu and other important writers In a major advance over previous methodologies the author uses a clear system of metrical notation to show how sound patterns reveal the poet's artistic and emotional intentions This innovation and the author's other meticulous explorations of He Zhu's artistry allow us to experience Chinese poetry as never before From the reader's report not just an excellent study of an

individual poet but also a model of reading the language of classical Chinese poetry opens up a world of interpretive territory heretofore seldom explored      *The Poetry of the Self-taught* Julie D. Prandi, 2008 *The Poetry of the Self Taught* demonstrates the characteristic strengths of self taught poetry and analyzes the factors that have caused most selftaught poets to disappear from anthologies and from literary history Raising the question of whether or not their work should be read today and taken seriously instead of being relegated to separate and unequal categories like women s or peasant poetry the book highlights interesting contrasts between the poetry of eighteenth century autodidacts such as Robert Burns Mary Leapor C D F Schubart and Anna Louise Karsch and the work of their contemporaries mainstream poets like Alexander Pope James Thomson C F Gellert and Barthold Heinrich Brockes Self taught poetry is often treated as an index to the lives and times of the poets but this book explores it with a different purpose to understand and illustrate the commonalities in autodidactic poetics imagery rhetorical strategies and themes Concurrent with a recent upturn of interest in laboring or self taught poets both in England and in Germany *The Poetry of the Self Taught* will be useful for courses focusing on such poets or those dealing with eighteenth century literature      *A New Theory for American Poetry* Angus FLETCHER, 2009-06-30 Amid gloomy forecasts of the decline of the humanities and the death of poetry Angus Fletcher a wise and dedicated literary voice sounds a note of powerful tempered optimism He lays out a fresh approach to American poetry at large the first in several decades expounding a defense of the art that will resonate well into the new century Breaking with the tired habit of treating American poets as the happy or rebellious children of European romanticism Fletcher uncovers a distinct lineage for American poetry His point of departure is the fascinating English writer John Clare he then centers on the radically American vision expressed by Emerson and Walt Whitman With Whitman this book insists that the whole theory and nature of poetry needs inspiration from science if it is to achieve a truly democratic vista Drawing variously on Complexity Theory and on fundamentals of art and grammar Fletcher argues that our finest poetry is nature based environmentally shaped and descriptive in aim enabling poets like John Ashbery and other contemporaries to discover a mysterious pragmatism Intense resonant and deeply literary this account of an American poetics shows how today s consumerist and conformist culture subverts the imagination of a free people While centering on American vision the argument extends our horizon striking a blow against all economically sanctioned attacks upon the finer stronger human capacities Poetry the author maintains is central to any coherent vision of life      **Selections from the Poems of Tennyson** Alfred Tennyson Baron Tennyson, 1907
