Longman Dictionary And Handbook Of Poetry:

Longman Dictionary and Handbook of Poetry Jack Myers, Michael Simms, 1985 The Concise Oxford Dictionary of Literary Terms, 1996 **The Longman Dictionary of Poetic Terms** Jack Myers, Michael Simms, 1989 *Learning the Secrets of English Verse* David J. Rothman, Susan Delaney Spear, 2022-08-09 This textbook teaches the writing of poetry by examining all the major verse forms and repeating stanza forms in English. It provides students with the tools to compose successful lines of poetry and focuses on meter including free verse, rhythm, rhyme, and the many other tools a poet needs to create both music and meaningfulness in an artful poem. Presenting copious examples from strong poets of the past and present along with many recent student examples, all of which are scanned, each chapter offers lessons in poetic history and the practice of writing verse along with giving students a structured opportunity to experiment writing in all the forms discussed. In Part 1, Rothman and Spear begin at the beginning with Anglo-Saxon Strong Stress Alliterative Meter and examine every major meter in English up to and including the free verse forms of modern and contemporary poetry. Part 2 presents a close examination of stanza forms that moves from the simple to the complex, beginning with couplets and ending with the 14-line Eugene Onegin stanza. The goal of the book is to give students the essential skills to understand how any line of poetry in English may have been composed, the better to enjoy them and then also write their own: the keys to the treasure chest. Rothman and Spear present a rigorous curriculum that teaches the craft of poetry through a systematic examination and practice of the major English meters and verse forms. Under their guidance, students hone their craft while studying the rich traditions and innovations of poets writing in English. Suitable for high school students and beyond, I studied with Rothman in graduate school and went through this course with additional scholarly material. This book will help students develop a keen ear for the music of the English language. Teow Lim Goh, author of *Islanders* The New York School Poets and the Neo-avant-garde Mark Silverberg, 2010 In the first monograph to examine all five New York School Poets, Mark Silverberg analyzes the work of John Ashbery, Barbara Guest, Kenneth Koch, Frank O'Hara, and James Schuyler in terms of the neo-avant-garde. Silverberg examines the aesthetic concerns and ideological assumptions these poets shared with one another and with artists from the visual and performing arts. A unique feature is Silverberg's annotated catalogue of collaborative works by the five poets and other artists. *The Book of Forms* Lewis Turco, 2020-09-01 Now in its fifth edition, *The Book of Forms: A Handbook of Poetics* continues to be the go-to reference and guide for students, teachers, and critics. A companion for poets from novice to master, *The Book of Forms* has been called the poet's bible for more than fifty years. Filled with both common and rarely heard of forms and prosodies, Turco's engaging style and apt examples invite writers to try their hands at exploring forms in ways that challenge and enrich their work. Revised for today's poet, the fifth edition includes the classic rules of scansion and the useful Form Finder Index alongside new examples of terms and prose that are essential to the study of all forms of poetry and verse. As Turco writes in the introduction, "It should go without saying that the more one

knows how to do the more one can do *The Oxford Dictionary of Literary Terms* Chris Baldick,2008-03-20 The best selling Oxford Dictionary of Literary Terms formerly the Concise dictionary provides clear concise and often witty definitions of the most troublesome literary terms from abjection to zeugma It is an essential reference tool for students of literature in any language It is now available in a new and expanded edition and includes increased coverage of new terms from modern critical and theoretical movements such as feminism and schools of American poetry Spanish verse forms life writing and crime fiction It includes extensive coverage of traditional drama versification rhetoric and literary history as well as updated and extended advice on recommended further reading and a pronunciation guide to more than 200 terms New to this edition are recommended entry level web links updated via the Dictionary of Literary Terms companion website *Forms of Poetry* Travis Lyon,2004 **The Languages of World Literature** Achim Hölter,2024-03-04 This volume opens the series of papers presented at the Vienna Congress of AILC ICLA 2016 beginning with eight keynotes Thirty four further papers are dedicated to the central theme of the conference the linguistic side of world literature under different focal points The volume further contains five roundtables the papers of a workshop of the UNESCO memory of the worlds programme a presentation of the avldigital de platform as well as several bibliographically enriched overviews of the special lexicography of comparative literature up to date versions of the ICLA publications and an example of multiple translations of a famous modern classic
