Martin's concept of Othering is a welcome addition to an already crowded field where concepts like difference alterity or hybridity are firmly established. But the new concept is more than an addition; it is more in the nature of a substitution as it aims to replace the now exhausted concepts, allowing the authors to avoid the trivialities of a criticism based on gender and race and by focusing on form and language or style to recapture the now largely lost intuitions of close reading. This combination of close reading and a firm grasp of theory is one of the attractions of the book. I am impressed by their mastery of the intricacies of theory and the range of their literary corpus in terms both of genres and texts. I have no doubt that their book will be a major contribution to the renewal of the study of contemporary American literature.

Professor Jean Jacques Lecercle, University of Nanterre, Paris. In *Beyond Words*, Wendy Harding and Jacky Martin offer a new attitude to reading that approaches true diversity by ignoring trends toward traditional groupings of authors by race and gender and instead examining democratically recent American literature in terms of its unique and peculiar achievements. In choosing texts that employ the rhetoric of the inexpressible, the authors have identified Othering as the common thread running through short fiction and poetry by authors as varied as Allen Ginsberg, Raymond Carver, Sandra Cisneros, Adrienne Rich, and Li Young Lee. In transliterating the language of the ineffable and unspoken, *Beyond Words* employs its superbly original methodology toward unfolding previously inaccessible layers of meaning and provoking a fuller understanding of the creative process and its cultural milieu.

Michael Waters, Professor of English at Salisbury University, USA. A germinal study from an other, in this case European perspective, of an at once idiosyncratic and indicative range of American texts with a view of how they themselves encounter the unexamined and unexpected. Marilyn Hacker, Professor at City College of New York and CUNY Graduate Center. Invigorating and original. *Beyond Words: The Othering Excursion in Contemporary American Literature* challenges conventional ways of approaching literary texts. Eschewing binaries, Wendy Harding and Jacky Martin propose a new approach to reading and analyzing the heterogeneity of recent American literature. By juxtaposing both well-known and less familiar poetry and short fiction by authors as various as Gayl Jones, John Ashbery, Russell Banks, and Marilyn Nelson, Harding and Martin consider a stimulating variety of texts that cross aesthetic, generic, canonical, and political boundaries. Harding and Martin's polysemous approach to literary texts, a procedure they call othering, is groundbreaking and enlightening. *Beyond Words* provides rich insights for scholars and general readers alike. Harding and Martin's new mapping of American literature is a remarkable achievement, certain to provoke dialogue for decades to come.

Sue Standing, Jane Ruby, Professor of English, Wheaton College, Norton, Massachusetts. In this new book with the apt title *Beyond Words: The Othering Excursion in Contemporary American Literature*, Wendy Harding and Jacky Martin promise to generate intense conversation about their conceptual approach to reading canonical as well as newer texts in late twentieth-century American literature. *Beyond Words* favors a shift in thinking about all texts that defy conventional analysis and it resists the cleavages that it finds in unsatisfactory terms like alterity and hybridity, conceived to account for differences in gender, racial, ethnic, and class.

contexts Re conceiving Othering as a corroborative and complementary methodology rather than a splintered one Beyond
