Love's Evolution Billie Stephens-Ogden, 2022-09-23 This book was written for those who find themselves inadequate and alone to meet life's challenges with little or no support from family or friends having only themselves to count on for financial support and without even a car to get to and from work for those who are scared depressed and lonely That is how the author found herself after her divorce She began writing a journal of prose which enabled her to express her thoughts and activities then making comments on the prose The journal became the source for this book The trauma of all the above factors forced her to turn within where much to her surprise answers came What she has learned is All things ALL situations ALL events ALL circumstances work together for good PERIOD HOWEVER that phrase has a caveat It requires that we fully believe more than that KNOW that there is a power greater than our finite selves

that is omnipotent omniscient and omnipresent The essence of that power is LOVE that many of us call God That is what the author wants to share with her readers That through life s trials and personal tribulation our successes and failures and by turning within for the answers we become more and more aware that there is indeed a power greater than the finite inadequate ego centered self we hold so dear For the vast majority of us this does not happen over night that we must be vigilant in watching our thoughts You will find throughout this anthology that the author indeed has her ups and downs successes and failures but through her persistent belief in that higher power within us she found the love she was looking for both within and without

Filthy Rags Neil C. Parks,2011-10-26 Religion The term religion is used by most to describe a person that seeks and strives to work their way into a state of worthiness and acceptance before a Holy God with their goodness and efforts of works put forth as the offering Sadly enough religion is not understood by most people and Christians as well The natural mind will always rationalize its behavior in hopes it will convince the Creator of the universe to accept the goodness of deeds or overlook the pettiness of mistakes If that is the case then there is no need for the New Testament Bible Grace Grace is un merited favor or in other words the complete opposite of religion Grace provides forgiveness of every sin with the assurance of no recall Their sins and lawless deeds will be remembered no more Hebrews 10 17 Grace is what has already been done for mankind The payment of the sin debt is too costly for mankind to consider paying The shed Blood of Christ is the only reason we have the forgiveness of sin Without the shedding of His Blood there is no hope

Cry of the Elephant Man Erik L. Strandness MD MATH,2016-06-30 We are in danger of losing our identities as unique beings created in the image of God Our culture not wanting to answer to a higher authority tries to expel God from the planet but in the process strips off the very image that

makes us human If we officiate at the death of God we will also be forced to preside over the funeral of man The good news is that despite the loud voices declaring that we are just evolved animals the vast majority of us behave as if we are special Since the characteristics that make humans unique are found nowhere else on the planet we are compelled to look to the heavens We have a choice we can find significance running with the pack or in becoming children of God We can howl at the moon or offer prayers to our Father but either way we will end up worshipping our maker Dr Strandness explores what it means to be created in the image of God by examining those qualities that are universally recognized as unique to humankind He makes the case that these characteristics have a heavenly origin and can only be adequately explained by a Biblical understanding of humans as Gods image bearers
