Art, Creativity, and Politics in Africa and the Diaspora

Abimbola Adelakun,Toyin Falola,2018-07-26 This book explores the politics of artistic creativity examining how black artists in Africa and the diaspora create art as a procedure of self making Essays cross continents to uncover the efflorescence of black culture in national and global contexts and in literature film performance music and visual art Contributors place the concerns of black artists and their works within national and transnational conversations on anti black racism xenophobia ethnocentrism migration resettlement resistance and transnational feminisms Does art by the subaltern fulfill the liberatory potential that critics have ascribed to it What other possibilities does political art offer Together these essays sort through the aesthetics of daily life to build a thesis that reflects the desire of black artists and cultures to remake themselves and their world

The Practices of the Self

Charles Larmore,2010-12-15 What is the nature of the fundamental relation we have to ourselves that makes each of us a self To answer this question Charles Larmore develops a systematic theory of the self challenging the widespread view that the self s defining relation to itself is to have an immediate knowledge of its own thoughts On the contrary Larmore maintains our essential relation to ourselves is practical as is clear when we consider the nature of belief and desire For to believe or desire something consists in committing ourselves to thinking and acting in accord with the presumed truth of our belief or the presumed value of what we desire Larmore develops this conception with

frequent reference to such classic authors as Montaigne Stendhal and Proust and by comparing it to other views of the self in contemporary philosophy He also discusses the important ethical consequences of his theory of the self arguing that it allows us to better grasp what it means to be ourselves and why self understanding often involves self creation Winner of the Academie Fran aise s Grand Prix de Philosophie The Practices of the Self is that rare kind of lucid yet rigorous work that transcends disciplinary boundaries Politics & Rhetoric G. Yoos,2009-07-20 Interpretation and definition as rhetorical and logical modes are interactive in determining and pr cising meaning that transcends our repertoire of literal usage Refining language use gives us the opportunity and freedom to explore and discover what never has been thought about used or expressed before *Origin* Christian Eibelshauser,2014-06-17 Is there a purpose to life Is there a higher power Is there an eternity How can our lives be more fulfi lling How do all the pieces fi t together What is the nature of the universe Where does all this star stuff come from What is the origin of the universe Curiosity of the author Christian Eibelshauser compelled him to search for the answers to some of life s most enduring questions Now his astonishing findings are revealed in *ORIGIN A Journey Of Discovery* The power behind the universe what he calls the infi nite totality is present in every part of the universe In fact it is the universe As such the infinite totality is present in each individual and is known as the cosmic being traditionally called a soul or intuition He believes that the reason so many have failed at finding true happiness in their lives is because they have fallen out of touch with their personal cosmic being But there is hope To become reacquainted with your cosmic being you must begin consciously examining your Everyday actions and beliefs in an effort to get rid of outdated patterns of living and thinking He also explores the creation of the universe from a scientifi c standpoint Using physics the author shows that on its most basic level all matter is made up from nothing more than energy with an in depth explanation of the term energy Therefore the universe is the infi nite totality or energy itself Finally the author presents a new and totally revolutionary model of the universe hitherto neither contemplated nor depicted Power of Love: The Ways and Means Robert D. Waterman,Karey C. Thorne,2019-07-31 This book is for the reader who has a sense that the adaptive response to these epic times is the power of love Each element of the writing builds on the next blending discourse with inner awakening making available a truly transformational endeavor For the reader who is new yet drawn to practical spirituality Power of Love builds the understanding and experience they need in a step by step way that is easy to apply For the reader who has been at it a while we have a way to sort out the chaff from the wheat and filter mental and metaphysical noise from the clear signal of foundational love For the seasoned reader who has had the fortune of good teachers and has done superb self work we provide refinement and an extended application of what they already know

The Top Books of the Year Looking At Ourselves The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the engaging narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Looking At Ourselves : Delia Owens' "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and thrilling novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
