Companion to Victorian Popular Fiction Kevin A. Morrison,2018-10-10 This companion to Victorian popular fiction includes more than 300 cross referenced entries on works written for the British mass market Biographical sketches cover the writers and their publishers the topics that concerned them and the genres they helped to establish or refine Entries introduce readers to long overlooked authors who were widely read in their time with suggestions for further reading and emerging resources for the study of popular fiction Mick Suzanne Falkiner,2016 Randolph Stow was one of the great Australian writers of his generation His novel *To the Islands* written in his early twenties after living on a remote Aboriginal mission won the Miles Franklin Award for 1958 In later life after publishing seven remarkable novels and several collections of poetry Stow s literary output slowed This biography examines the productive period as well as his long periods of publishing silence In *Mick A Life of Randolph Stow* Suzanne Falkiner unravels the reasons behind Randolph Stow s quiet retreat from Australia and the wider literary world Meticulously researched insightful and at times deeply moving Falkiner s biography pieces together an intriguing story from Stow s personal letters diaries and interviews with the people who knew him best And many of her tales from Stow s beginnings in idyllic rural Australia to his critical turning point in Papua New Guinea and his final years in Essex England provide us with keys to unlock the meaning of Stow s rich and introspective

works The overriding virtue of this book is Falkiner s steady trust in the intelligence of her readers She spells very little out presenting us instead with this carefully curated wealth of textual evidence Kerryn Goldsworthy Australian Book Review Finally we have some sense of the wounds that shaped and animated Stow s poetry and fiction Geordie Williamson The Australian Suzanne Falkiner s prodigious biography of Randolph Stow is a book long awaited by many not just the literati of his native Australia but those countless readers who feasted on his novels and wondered what kind of person could write with such imaginative power Not only do we come to appreciate what led this renowned Australian writer to create his celebrated fictional works but we are also given rare glimpses into the inner world of this most private individual whose personal demons included a dependence on alcohol two suicide attempts and struggles with homosexuality Falkiner cut her teeth on six previous biographies which stood her in good stead to tackle this challenge Against significant odds she has done a masterful job in painting a portrait of one of Australia s most revered writers somewhat akin to what compatriot David Marr did for Nobel Prize winning author Patrick White It will no doubt send readers scurrying back to Stow s novels which as Marr once said is the best news a biographer can hear World Literature Today January February 2017 Subject Biography Literary Criticism *The Anchora of delta gamma summer 1975* , *The Routledge Companion to Global Renaissance Art* Stephen J. Campbell, Stephanie Porras, 2024-01-22 This companion examines the global Renaissance through object based case studies of artistic production from Africa Asia the Americas and Europe in the early modern period The international group of contributors take an art historical approach characterized by close analysis of form and meaning as well as function and a focus on questions of crosscultural dialogue and adaptation Seeking to de emphasize the traditional focus on Europe this book is a critical guide to the literature and the state of the field Chapters outline new questions and agendas while pushing beyond familiar material Main themes include workshops the migrations of artists objects technologies diplomatic gifts imperial ideologies ethnicity and indigeneity sacred spaces and image cults as well as engaging with the open questions of the Renaissance and the global This will be a useful and important resource for researchers and students alike and will be of interest to scholars working in art history visual culture material culture and Renaissance studies The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license [Looking for Lisa](#) Libby Harkness, 1991 **Medicine Bow-Routt National Forests (N.F.) & Thunder Basin National Grassland (N.G.), Blackhall-McAnulty Analysis** , 2004 **Genre and Women's Life Writing in Early Modern England** Michelle M. Dowd, Julie A. Eckerle, 2016-04-15 By taking account of the ways in which early modern women made use of formal and generic structures to constitute themselves in writing the essays collected here interrogate the discursive contours of gendered identity in sixteenth and seventeenth century England The contributors explore how generic choice mixture and revision influence narrative constructions of the female self in early modern England Collectively they situate women s life writings within the broader textual culture of early modern England

while maintaining a focus on the particular rhetorical devices and narrative structures that comprise individual texts
Reconsidering women's life writing in light of recent critical trends most notably historical formalism this volume produces both new readings of early modern texts such as Margaret Cavendish's autobiography and the diary of Anne Clifford and a new understanding of the complex relationships between literary forms and early modern women's selves This volume engages with new critical methods to make innovative connections between canonical and non canonical writing in so doing it helps to shape the future of scholarship on early modern women

Social Register, Seattle, 1914 **Encyclopedia of London's East End** Kevin A. Morrison, 2023-03-06 The East End is an iconic area of London from the transient street art of Banksy and Pablo Delgado to the exhibitions of Doreen Fletcher and Gilbert and George Located east of the Tower of London and north of the River Thames it has experienced a number of developmental stages in its four hundred year history Originating as a series of scattered villages the area has been home to Europe's worst slums and served as an affluent nodal point of the British Empire Through its evolution the East End has been the birthplace of radical political and social movements and the social center for a variety of diasporic communities This reference work with its alphabetically organized cross referenced entries and its original and historical photography serves as a comprehensive guide to the social and cultural history of this global hub

Literary and visual Raleigh Christopher Armitage, 2016-05-16 This collection of essays by scholars from Great Britain the United States Canada and Taiwan covers a wide range of topics about Raleigh's diversified career and achievements Some of the essays shed light on less familiar facets such as Raleigh as a father and as he is represented in paintings statues and in movies others re-examine him as poet historian as a controversial figure in Ireland during Elizabeth's reign and look at his complex relationship with and patronage of Edmund Spenser A recurrent topic is the Hatfield Manuscript in Raleigh's handwriting which contains his long unfinished poem The Ocean to Cynthia usually considered a lament about his rejection by Queen Elizabeth after she learned of his secret marriage to one of her ladies in waiting The book is appropriate for students of Elizabethan Jacobean history and literature Among the contributors are well known scholars of Raleigh and his era including James Nohrenberg Anna Beer Thomas Herron Alden Vaughan and Andrew Hiscock

Bodies, Speech, and Reproductive Knowledge in Early Modern England Sara D. Luttfiring, 2015-07-16 This volume examines early modern representations of women's reproductive knowledge through new readings of plays monstrous birth pamphlets medical treatises court records histories and more which are often interpreted as depicting female reproductive bodies as passive silenced objects of male control and critique Luttfiring argues instead that these texts represent women exercising epistemological control over reproduction through the stories they tell about their bodies and the ways they act these stories out combining speech and physical performance into what Luttfiring calls bodily narratives The power of these bodily narratives extends beyond knowledge of individual bodies to include the ways that women's stories about reproduction shape the patriarchal identities of fathers husbands and kings In the popular print and theater of early

modern England women's bodies women's speech and in particular women's speech about their bodies perform socially constitutive work constructing legible narratives of lineage and inheritance making and unmaking political alliances shaping local economies and defining delimiting male socio political authority in medical royal familial judicial and economic contexts This book joins growing critical discussion of how female reproductive bodies were used to represent socio political concerns and will be of interest to students and scholars working in early modern literature and culture women's history and the history of medicine
