we solve one philosophical problem with luck that two more appear like heads on a hydra but rather that the monster is altogether mythological We cannot master luck because there is nothing to defeat luck is no more than a persistent and troubling illusion By introducing us to compelling arguments and convincing reasons that explain why there is no such thing as luck we finally see why in a very real sense we make our own luck that luck is our own doing The Myth of Luck helps us to regain our own agency in the world telling the entertaining story of the philosophy and history of luck along the way
