Looking For The Possible Dance:

Looking for the Possible Dance A.L. Kennedy, 2010-11-30 Mary Margaret Hamilton was educated in Scotland She was born there too These may not have been the best possible options but they were the only ones on offer at the time Although her father did his best her knowledge of life is perhaps a little incomplete Margaret knows the best way to look at the moon how to wake on time and how to breathe fire Now she must learn how to live A L Kennedy s absorbing moving and gently political first novel dissects the intricate difficulties of human relationships from Margaret s passionate attachment to her father and her more problematic involvement with Colin her lover to the wider social relations between pupil and teacher employer and employee individual and state **Looking for the Possible Dance** Kennedy. Disappearing Men Carole Jones, 2009 *Disappearing Men* examines the complex and rebellious representations of gender in the work of several writers of devolutionary Scottish fiction in the period 1979 to 1999 The study focuses on the context of a crisis in masculinity accompanying the rapidly changing male role in the period concluding that men often disappear from sight in this writing highlighting issues of male insecurity and female disorientation in a new gender landscape Hence the novels examined here by authors James Kelman Jancie Galloway Jackie Kay A L Kennedy and Alan Warner strongly challenge the stereotype of the Scottish hardman and his dominance in 20th century Scottish fiction *Disappearing Men* dissects this challenge by giving major consideration to the relationship between the innovative literary forms often found in this writing and the concepts of selfhood they give rise to The possibilities inherent in these texts of reimagining gender identity and relations make them important contemporary documents of our struggles with realising selfhood and relations with others A sustained and intimate analysis this monograph will be of crucial interest to those concerned with issues of gender and representation in our rapidly changing era **Dance, Access and Inclusion** Stephanie Burridge, Charlotte Svendler Nielsen, 2017-07-06 The arts have a crucial role in empowering young people with special needs through diverse dance initiatives Inclusive pedagogy that integrates all students in rich equitable and just dance programmes within education frameworks is occurring alongside enabling projects by community groups and in the

Rewriting Scotland Cristie L. March, 2002 Rewriting Scotland examines six of the most influential and cutting edge contemporary Scottish writers as they redefine outmoded notions of Scottish identity From Irvine Welsh's windows into Scottish youth culture in *Trainspotting* to Janice Galloway's examinations of the duality of female isolation and empowerment this unique work reveals new explorations of Scottish gender politics sexuality voice and self awareness

Scottish Literature in English and Scots Douglas Gifford, Sarah Dunnigan, Alan MacGillivray, Beth Dickson, 2002 This substantial new volume is a stimulating yet in depth introduction to Scottish literature in English and Scots From medieval to modern the entire range of literature is introduced examined and explored Aimed primarily at those with an interest in Scottish literature this guide also responds to the need for students and teachers to have detailed discussions of individual authors and texts The volume looks at Scottish literature in six period sections Early Scottish Literature Eighteenth Century The Age of Scott Victorian and Edwardian The Twentieth Century Scottish Literary Renaissance and Scottish Literature since 1945 Each section begins with an overview of the period followed by several chapters examining exemplary authors and texts Each section finishes with an extensive discussion including suggestions as to how to further explore the rich and often neglected hinterlands of Scottish writing Extensive reading lists identify primary texts of the period as well as details of a wide range of additional authors Opening up neglected areas of study as well as responding to the burgeoning interest in novelists modern poets and dramatists this book serves as an invaluable guide to Scottish Literature

Ethically Speaking James McGonigal, Kirsten Stirling, 2006 As politics and cultures interact within an increasingly diverse Scotland and differences in values become more evident across generations the need for clear understanding and cooperation within and between communities becomes a pressing issue This relates both to local and larger concerns language violence morality gender and sexuality education ethnicity truth and lies The chapters gathered here focus on significant Scottish writers of the late twentieth and early twenty first centuries Edwin Morgan A L Kennedy Liz Lochhead John Burnside Jackie Kay Robin Jenkins Muriel Spark William McIlvanney Ali Smith James Kelman and others and the communities described are certainly Scottish but the issues raised are universal Questions are asked about the relationship of the individual to others and therefore on a larger scale about the means through which any community is both

constructed and sustained linguistically spiritually ethically If their multiple voices evoke a zigzag of contradictions it is at any rate a creative zigzag which discovers or uncovers many contradictory aspects of life in modern Scotland that should particularly be brought to light in a re emergent nation Ethically speaking Scottish writers point out the need to attend to many different narratives and retellings in order that Scots might live more honestly and clear sightedly with themselves and with the wider world
