A Looking-glass Tragedy Christopher Booker, 1997 The story behind a sensational historical controversy

Shakespeare's Tragic Imagination Nicholas Grene, 2016-01-05 The world of Macbeth with its absolutes of good and evil seems very remote from the shifting perspectives of Antony and Cleopatra or the psychological and political realities of Coriolanus Yet all three plays share similar thematic concerns and preoccupations the relation of power to legitimating authority for instance or of male and female roles in the imagination of male heroic endeavour In this acclaimed study Nicholas Grene shows how all nine plays written in Shakespeare's main tragic period display this combination of strikingly different milieu balanced by thematic interrelationships Taking the English history play as his starting point he argues that Shakespeare established two different modes of imagining the one mythic and visionary the other sceptical and analytic In the tragic plays that followed themes and situations are dramatised alternately in sacred and secular worlds A chapter is devoted to each tragedy but with a continuing awareness of companion plays the analysis of Julius Caesar informing that of Hamlet discussion of Troilus and Cressida counterpointed by the critique of Othello and the treatment of King Lear growing out from the limitations of Timon of Athens The aim is to resist homogenising the plays but to recognise and explore the unique imaginative enterprise from which they arose *Shakespearean Tragedy and Its Double* Kent Cartwright, 2010-11-01

The Heroic Idiom of Shakespearean Tragedy James C. Bulman, 1985 Shakespeare's idiom is an aggregate of archaic modes of speech and codes of conduct This book attempts to make that idiom more accessible and in the process to illuminate the significance of heroic concepts to a study of Shakespeare's tragedies and histories [The Tragedy of Bleiburg and Viktring, 1945](#) Florian Rulitz, 2016-03-07 The atrocities and mass murders committed by Josip Broz Tito's Partisan units of the Yugoslav Army immediately after the Second World War had no place in the conscience of Socialist Yugoslavia More than once the annual Croatian commemoration of the Bleiburg victims was subject to attacks carried out by the socialist Yugoslav state Abroad in the West on Austrian soil the Yugoslav secret service UDBA did not shy away from murdering the protagonist of the Croatian memory culture Nicola Martinovic as late as 1975 The official history was aligned with a firm interpretational paradigm that called for a glorification of the anti fascist people's liberation resistance With the breakup of Yugoslavia and its socialist regime in 1991 the identity establishing accounts of contemporary witnesses which had mainly been cherished in exile circles abroad increasingly reached public awareness in Croatia and Slovenia In the 1990s Croatia witnessed the emergence of a memory that had been suppressed by the socialist Yugoslav regime namely the Bleiburg tragedy The situation in Slovenia was similar in terms of identity and remembrance culture Among the Slovenes the communist crimes committed during the turmoil are known as the drama of Viktring or the Viktring tragedy named after the largest refugee camp of the Slovenes Reports on the communist postwar crimes and on the countless discoveries of mass gravesites have also begun circulating in the media of the German speaking world in the last few years Florian Rulitz's

meticulously researched book now available for the first time in English provides a corrective to the historical memory that had been previously accepted as truth Rulitz focuses on two essential questions First did the so called final encirclement battles indeed occur in Carinthia in the Ferlach Hollenburg Viktring and Dravograd Poljana Bleiburg areas resulting in military victories for the Yugoslav Army Second were the battles after the capitulation fought by the refugees with the aim of reaching the British controlled areas in Carinthia To answer these questions Rulitz presents a detailed reconstruction of those days in May 1945 He furthermore considers the question of the murders on Austrian territory which were hushed up in Partisan literature and presented as casualties of the final military operations This groundbreaking study will interest scholars and students of modern European history
