Lorca A Dream Of Life:

Lorca - a Dream of Life Leslie Stainton, 2013-06-10 With a rare blend of grace warmth and scholarship Leslie Stainton raises the stakes of our appreciation for the greatest of Spain's modern poets Federico García Lorca Drawing on fourteen years of research more than a hundred letters unknown to prior biographers exclusive interviews with Lorca's friends family and acquaintances and dozens of newly discovered archival material Stainton has brought her subject to life as few writers can She describes his carefree childhood in rural Andalusia his residencies in Madrid and Granada then in New York Havana and Buenos Aires his potent interaction with other Spanish artists such as Salvador Dalí Luis Buñuel and the composer Manuel de Falla and finally Stainton shows how Lorca's marginal political activity during the Spanish Civil War still cost him his life Throughout Stainton meticulously but unobtrusively relates the oeuvre to the life Her biography is quickly becoming the standard one volume work on the poet

Revolutionary Memory Cary Nelson, 2013-10-11 Revolutionary Memory is the most important book yet to be published about the vital tradition of leftwing American Poetry As Cary Nelson shows it is not only our image of the past but also our sense of the present and future that changes when we recover these revolutionary memories Making a forceful case for political poetry as poetry Nelson brings to bear his extraordinary knowledge of American poets radical movements and social struggles in order to bring out an undervalued strength in a literature often left at the canon's edge Focused in part of the red decade of the 1930s Revolutionary Memory revitalizes biographical criticism for writers on the margin and shows us for the first time how progressive poets fused their work into a powerful chorus of political voices Richly detailed and beautifully illustrated with period engravings and woodcuts Revolutionary Memory brings that chorus dramatically to life and set a cultural agenda for future work

Archives of Flesh Robert Reid-Pharr, 2016-12-13 Enlists the principles of post humanist critique in order to investigate decades of intimate dialogues between African American and Spanish intellectuals In Archives of Flesh Robert Reid Pharr reveals the deep history of intellectual engagement between African America and Spain Opening a fascinating window onto black and anti Fascist intellectual life from 1898 through the mid 1950s Reid Pharr argues that key institutions of Western Humanism including American colleges and universities developed in intimate relation to slavery colonization and white supremacy This retreat to rigidly established philosophical and critical traditions can never fully address or even fully recognize the deep seated hostility to black subjectivity underlying the humanist ideal of a transcendent Manhood Calling for a specifically anti white supremacist reexamination of the archives of black subjectivity and resistance Reid Pharr enlists the principles of post humanist critique in order to investigate decades of intimate dialogues between African American and Spanish intellectuals including Salaria Kea Federico García Lorca Nella Larsen Langston Hughes Richard Wright Chester Himes Lynn Nottage and Pablo Picasso In the process Reid Pharr takes up the African American Spanish Archive in order to resist the anti corporeal anti black anti human biases that stand at the heart of Western Humanism

Granada Steven Nightingale, 2015-02-01 Andalusia ancient homeland of the mysterious Iberians birthplace of Roman emperors seedbed of modern Anarchism and unmarked gravesite of Spain's greatest lyric poet Perhaps most importantly Andalusia is home to the city of Granada where a hybrid culture composed of Islamic Jewish and Christian traditions gave rise to an intellectual vanguard whose achievements can be compared only with those of classical Athens Ming China or Renaissance Italy Granada resident Steven Nightingale excavates the rich past of his adopted city and its surrounding countryside finding there a lavish story of utopian ecstasy political intrigue and finally anguish Part of that region in southern Spain named by its Islamic rulers Al Andalus medieval Granada witnessed a flourishing of poetry in several languages the first modern translations of Greek philosophy the birth of algebra and the construction of architectural masterpieces such as the Alhambra and the Generalife Yet with Ferdinand and Isabella's sack of Granada in 1492 regarded as the culmination of the Reconquista which sought to reclaim Spain for the Vatican a Catholic mythology of Spain began to erode Granada's centuries old reputation as an artistically vital haven for multiple ethnic and religious groups Linking the disastrous afterlife of the Reconquista to the Catholic nationalism of the Franco regime whose execution of Granadan poet Federico Garcia Lorca symbolizes the suppression of Andalusia's cultural heritage Nightingale demonstrates the extent to which this Catholic

triumphalism also obscured the source of much cultural wealth bequeathed by Al Andalus to Christian Europe Nightingale's own account of the region's medieval zenith recovers the intellectual pageantry and aesthetic splendor of this astounding period in Western history and the marvelous city that was its cultural center

Lorca's Legacy Jonathan Mayhew, 2018-05-15 In *Lorca's Legacy* Jonathan Mayhew explores multiple aspects of the creative and critical afterlife of Federico García Lorca, the most internationally recognized Spanish poet and playwright of the twentieth century. Lorca is an iconic and charismatic figure who has evoked the admiration and fascination of musicians, poets, painters, and playwrights across the world since his tragic assassination by right-wing forces in 1936 at the onset of the Spanish Civil War. This volume ranges widely, discussing his influence on American theater, his much-debated lecture on the duende, his delayed encounter with queer theory, his influence on contemporary Spanish poetry, and other relevant topics. The critical literature on Lorca is vast, and original contributions are comparatively rare, but Mayhew has found a way to shed fresh light on his legacy by looking with a critical eye at the creative transformations of his life and work both in Spain and abroad. *Lorca's Legacy* celebrates the wealth of material inspired by Lorca, bringing to bear a sophisticated theoretically informed critical perspective. This book will be of enormous interest to anyone interested in the international projection of Spanish literature or anyone who has felt the fascination of Lorca's duende.

Modernism and Mourning Patricia Rae, 2007 The essays in *Modernism and Mourning* examine the work of mourning in modernist literature or, more precisely, its propensity for resisting this work. Drawing from recent developments in the theory and cultural history of mourning, its contributors explore the various ways in which modernist writers repudiate Freud's famous injunction to mourners to work through their grief, endorsing instead a resistant or melancholic mourning that shapes both their themes and their radical experiments with form. The emerging picture of the pervasive influence of melancholic mourning in modernist literature casts new light on longstanding critical arguments, especially those about the politics of modernism. It also makes clear the pertinence of this literature to the present day, in which the catastrophic losses of 9/11, of retaliatory war, of racially motivated genocide, of the AIDS epidemic have made the work of mourning a subject of widespread interest and debate. Patricia Rae is Head of the Department of English at Queen's University.

The Discourse of Flanerie in Antonio Muñoz Molina's Texts Richard Sperber, 2015-09-10 Edgar Allan Poe, Charles Baudelaire, and Walter Benjamin have shown that flânerie is anything but an aimless stroll. Walking through London, Paris, and Berlin entailed engagements with the latest modernity. Thought provoking, exhilarating, and at times terrifying, flânerie adjusted to and documented the mobility of modernity, its aesthetic possibilities, and social risks. Antonio Muñoz Molina is one of several contemporary authors who have closely coupled the development of their literary characters to urban perambulations. Their biographic growth, cultural and social adaptations, as well as epistemological insights, are so dependent on flânerie that his late twentieth and early twenty-first century texts warrant the designation flâneur literature. Muñoz Molina has also contributed to the current decentralization of flâneur literature from

Paris to smaller cities including Spanish cities like Granada Córdoba and San Sebastián Reflecting on Poe Baudelaire and Benjamin in these cities his characters update and revise the canon of flaneur literature stretching its discursive boundaries This study examines not only the mobility of his characters but also draws attention to intercultural aspects of his flaneur literature which lie both in a uniquely Spanish perspective on flânerie as well as in engagements with cultural otherness Walking through a Moroccan city or through Chinatown in New York Muñoz Molina's characters broaden the Eurocentric horizon of canonical flaneur literature and the modernist one of his Spanish flaneur precursor Federico García Lorca whose portrait of New York is revisited in Muñoz Molina's longest flaneur text National and literary boundaries blur as intercultural urban spaces transform his characters into transnational subjects This study traces the author's struggle with this globalization a residual rural nostalgia straddles uneasily with forays into filmic flânerie a form of spectatorship that renders the flaneur newly mobile in the mass mediated environments of postmodernity If Muñoz Molina is generally regarded as an incisive chronicler of Spain's transition from Francoism to democracy and an attentive memorialist of the Spanish Civil War this study bases its portrait of a much more globally engaged Muñoz Molina in his characters' movements from Spain into the urban centers of Euro American postmodernity and its northern African periphery

Seagoing John McCormick, The great virtue of McCormick's memoirs is their blunt honesty He writes with a persuasive directness about what happened to him and what he believes Arts and Letters The title of John McCormick's autobiographical book may be taken both literally and symbolically In a literal sense going to sea was an early and powerful ambition while seagoing is also a metaphor for the twists and turns in a rootless life a long voyaging This is not a conventional autobiography It is personal only as necessary for continuity and never confessional The essays center upon telling episodes in the author's life and strive for objectivity and accuracy about the recent past both personal and historical He does so as he writes without any pretension of producing a true history The events of his life are necessarily unique to him thus he finds uniqueness in the events that impinged upon him McCormick begins with his early years growing up in the American mid West during the Depression a time of broken family relations and random jobs He relates his falling away from religious faith He describes his first experience as a sailor in a tanker which gave him physical liberation a world free of constrictions as with Hemingway In discussing his early teaching experience he gives a vivid portrayal of Germany in the immediate postwar years along with observations of residual pro Hitler sentiment and the awkward circumstances for Germans of the immediate past He devotes a chapter to a moving memoir of his friend Francis Fergusson eminent Rutgers

University scholar McCormick also relates his experience as an amateur bullfighter and reiterates his defense of bullfighting as an art. He paints a vivid picture of an adventure at sea while working on a definitive biography of George Santayana, reflecting also on changes in the genre of biography with its prevailing emphasis on trivia and sensationalism. In describing his retirement to England, McCormick describes the conflict between nationalism and expatriation. He punctuates details of his naval war experiences with thoughtful observations on military combat. Finally, in his closing chapter, "Coda: Closet Space," McCormick attempts to make sense of old age and death. This autobiographical account of a well-lived life encompasses far more than a splendid teaching and literary career. It will provide insight and good reading for those who know McCormick's scholarly work, for students of the humanities, and for the general public interested in vivid prose. John McCormick is professor emeritus of comparative literature at Rutgers University and honorary fellow of English and literature at the University of York. He is the author of *George Santayana: A Biography*, *Catastrophe and Imagination*, *The Middle Distance*, and *Fiction as Knowledge*.
