Landscape Architecture , **American Home Life, 1880-1930** Jessica H. Foy, 2024-07-31 In the pivotal decades around
the turn of the century American domestic life underwent dramatic alteration From backstairs to front stairs spaces and the
activities within them were radically affected by shifts in the larger social and material environments This volume while
taking account of architecture and decoration moves us beyond the study of buildings to the study of behaviors particularly
the behaviors of those who peopled the middle class single family detached American home between 1880 and 1930 The
book s contributors study transformations in services such as home utilities of power heat light water and waste removal in
servicing for example the impact of home appliances such as gas and electric ranges washing machines and refrigerators and
in serving changes in domestic servants duties hours of work racial and ethnic backgrounds In blending intellectual and
home history these essays both examine and exemplify the perennial American enthusiasm for as well as anxiety about the
meaning of modernity *Nineteenth-Century Interiors* Clive Edwards, 2023-12-05 This volume of primary source materials
documents the nineteenth century search for a representative style and the alternating fashions for interiors that
demonstrated the consumerism of the period Although in some senses every interior is unique so that a style canon may
seem to be meaningless there have been important historical trends or styles that have influenced individual interiors and
these have formed the groundwork from which other styles and tastes have developed and changed Accompanied by
extensive editorial commentary this collection will be of great interest to students and scholars of art history *Tarpon*
