**How Did Long John Silver Lose his Leg** Dennis Butts, Peter Hunt, 2013-11-28 How did Long John Silver Lose His Leg is a diverting tour through some of the bestloved classics of children's literature addressing many of the unanswered questions that inspire intense speculation when the books are laid down Could Bobbie's train really have stopped in time The Railway Children Did Beatrix Potter have the flu in 1909 and did this lead to a certain darkness in her work The Tale of Mr Tod Would the rugby football played by Tom Brown be recognised by sportsmen today Tom Brown's Schooldays The authors speculate entertainingly and informatively on the anomalies and unexplained phenomena found in children's literature and having

established the cultural importance of children's books in the modern age also consider the more serious issues raised by the genre. Why are we so defensive of the idyllic worlds presented in children's books? Why have some of our best loved authors been outed as neglectful parents to their own children? Should we ever separate the book from its creator and appreciate the works of writers convicted of crimes against children? A treat for any enthusiast of children's literature, two of the most distinguished writers on the subject provide rich detail, witty explication and serious food for thought.

**Minders of Make-believe** Leonard S. Marcus, 2008 Marcus offers this animated history of the visionaries, editors, illustrators and others whose books have transformed American childhood and American culture.

**Girls' Series Fiction and American Popular Culture** LuElla D'Amico, 2016-03-01 Girls Series Fiction and American Popular Culture examines the ways in which young female heroines in American series fiction have undergone dramatic changes in the past 150 years, changes which have both reflected and modeled standards of behavior for America's tweens and teen girls. Though series books are often derided for lacking in imagination and literary potency, that the majority of American girls have been exposed to girls series in some form, whether through books, television or other media, suggests that this genre needs to be studied further and that the development of the heroines that girls read about have created an impact that is worthy of a fresh critical lens. Thus, this collection explores how series books have influenced and shaped popular American culture and, in doing so, girls' everyday experiences from the mid nineteenth century until now. The collection interrogates the cultural work that is performed through the series genre, contemplating the messages these books relay about subjects including race, class, gender, education, family, romance and friendship, and it examines the trajectory of girl fiction within such contexts as material culture, geopolitics, socioeconomics and feminism.

**The Cultivation of Hatred** Peter Gay, 1993 Gay's search through middle class Victorian culture, illuminated by lively portraits of such daunting figures as Bismarck, Darwin and his acolytes, George Eliot and the great satirists, Daumier and Wilhelm Busch, covers a vast terrain: the relations between men and women, wit, demagoguery and much more. We discover the multiple ways in which the nineteenth century, at once restrained, aggressive, behavior and licensed it. Aggression split the social universe into insiders and outsiders. By gathering up communities of insiders, Professor Gay writes, the Victorians discovered only too often invented a world of strangers beyond the pale of individuals and classes, races and nations. It was perfectly proper to debate, patronize, ridicule, bully, exploit or exterminate. The aggressions so channeled or bottled could not be contained forever. Ultimately, they exploded in the First World War.

*The Cultivation of Hatred: The Bourgeois Experience: Victoria to Freud* Peter Gay, 1993-09-17 With the same sweep, authority and originality that marked his best selling *Freud: A Life for Our Time*, Peter Gay here takes us on a remarkable journey through middle class Victorian culture. Gay's search through middle class Victorian culture, illuminated by lively portraits of such daunting figures as Bismarck, Darwin and his acolytes, George Eliot and the great satirists, Daumier and Wilhelm Busch, covers a vast terrain: the relations between men and women, wit, demagoguery and much more. Love, Wages, Slavery Barbara Ryan, 2006. With the home the sacred center of social life in the nineteenth century United States, few social tensions carried more weight than the servant problem. As slavery tore at the nation, tension about domestic dependency became a heated topic to which publishers responded by producing a steady stream of literature instructing homemakers how to hire, treat, and discipline staff. In *Love, Wages, Slavery*, Barbara Ryan surveys an expansive collection of these published materials to chart shifts in thinking about what made a servant good and how servitors felt about attending non-kin, as well as changing ideas about gender, waged and chattel labor, status, race, and family life. *Love, Wages, Slavery* examines the nature of free servitude before and after Emancipation through an in-depth comparison of negotiations of attendance and household management. Paying particular attention to women servants, Ryan traces a complex discussion as it developed in such magazines as the *Atlantic Monthly*, *Godey's Lady's Book*, and *Harper's Bazar*.
