marketing and more Honest and precise everything about writing for children there is to know Jane Yolen author *Great Authors of Children's Books* Britannica Educational Publishing, 2014-01-01 Few stories have the power to stay with us the way the tales we hear in childhood do Great children's book authors have at their disposal countless techniques to channel young imaginations and appeal directly to their audience's tender sensibilities They craft colorful characters whose circumstances and actions resonate with readers in a way that carries through well into adulthood The creators of some of the most whimsical witty thought provoking and powerful children's books of all time including Lewis Carroll Dr Seuss Beatrix Potter Maurice Sendak and Laura Ingalls Wilder among many others are presented in this exciting volume The Divorce Culture Barbara Dafoe Whitehead, 1998-02-03 the author's Atlantic Monthly article Dan Quayle Was Right ignited a media debate on the effects of divorce that rages still In this book she expands her argument making it clear Americans need to strengthen their resolve with regard to divorce prevention new ways of thinking about marriage and a new consciousness about the meaning of commitment 240 pp Author tour Radio satellite tour 60 000 print Newbery Award Winning Authors , *Crossing Textual Boundaries in International Children's Literature* Lance Weldy, 2011-01-18 As the first part of the title indicates my interest in looking at intertextuality and transformation still maintains a prominent place throughout this book as well If we believe that no text is an island then we will understand that the relationships between and within texts across the years become a fascinating place for academic inquiry I included the word boundaries into the title because we never get tired of voicing our opinions about texts which traverse relegated boundaries such as genre or medium Not only am I interested in discussing what these changes across boundaries mean socially historically and culturally but also what they mean geographically which accounts for the second part of my title I am very excited that this book will be placing even more emphasis on children's literature in an international scene than my first book did in the sense that I have added more scholars on an international level I hesitate to list the nationalities of all of the contributors here because quite a few have themselves crossed international boundaries in different ways by either studying abroad or finding permanent residency in foreign countries Nevertheless the writers have lived extensively in or identify as being from Australia Canada England Finland Germany Greece Iceland Ireland Israel Norway Spain Sweden Turkey the United States of America and Wales Introduction Bookbird , 1994 Literature for Today's Young Adults Kenneth L. Donelson, Alleen Pace Nilsen, 1997 With 140 fewer pages than the fourth edition the fifth obviously has been tightened it's partly in the format with narrower margins and less white space Otherwise some text has been rephrased or rearranged and topics for example adolescent psychology given shorter shrift Coverage of Holocaust literature has been expanded and discussion of problem novels improved Sports books have been dumped in with humor movies and other stuff including humorous poetry which it seems the authors feel is the only kind teens read for pleasure other types of poetry as well as short stories and drama are relegated to the English classroom coverage of which has been enlarged The chapter on sf and fantasy is good on historical aspects but weak on

today's writers A short list of Internet listserves and Web sites has been incorporated as part of using YA literature in the library Once again updating of appendixes seems spotty Nevertheless this is useful as a resource for youth librarians and a tool for teaching YA literature Sally Estes **Literature for Today's Young Adults** Alleen Pace Nilsen, Kenneth L. Donelson, 2001 Introduction to young adult literature to help motivate teenagers become life long readers Reader friendly and comprehensive **Children's Literature Association Quarterly**, 1996 *Teaching Reading in High School English Classes* Bonnie O. Ericson, 2001 Contains ten essays that offer suggestions to teachers on how to teach reading in high school English classes addressing the varying needs for reading instruction among high school students **Developing Better Readers and Writers Using Caldecott Books** Kathryn I. Matthew, 2006 Contains 100 ready to use lesson plans and library activities each featuring a different Caldecott Medal or Honor book Each plan integrates the reading and writing process by introducing different forms of writing and includes a summary of the featured book and author and illustrator information

Journal of Youth Services in Libraries, 1994 The Writers Directory, 2013 **Connecting Young Adults and Libraries** Patrick Jones, 1998 A manual designed for staff at libraries who are trying to provide some level of quality YA service without the benefit of a YA professional Not intended for experienced YA librarians Writers for Young Adults Theodore W.
