

We must discover the power of love, the power, the redemptive power of love. And when we discover that we will be able to make of this old world a new world. We will be able to make men better. Love is the only way.

Love And The Power:

The End of Divine Truthiness: Love, Power, and God Paul Joseph Greene, 2017-08-01 In *The End of Divine Truthiness* Paul Joseph Greene confronts stark realities of terrifying theologies that make a mockery out of divine love With urgent resolve Greene answers Martin Luther King Jr's pointed challenge to overcome reckless and abusive power without love and sentimental and anemic love without power Too many theologies cast God either as the tyrant whose loveless power lifts up the mighty or the victim whose powerless love sends the poor away empty Wielding Stephen Colbert's word truthiness as a scalpel Greene slices out one perilous theology after another to restore the wholesome truth that God is love Supported by three world religions Buddhism Christianity and Taoism he discovers a remarkably harmonious and revolutionary divine power that is fully aligned with divine love To reunify love and power here in the world as King challenges it is time to abandon ideologies of divine power that devastate divine love and promote atrocities Greene's call for the end of divine truthiness heralds a new day for the God whose love is power and whose power is love

Love, Power, and Gender in Seventeenth-Century French Fairy Tales Bronwyn Reddan, 2020-12 Love is a key ingredient in the stereotypical fairy tale ending in which everyone lives happily ever after This romantic formula continues to influence contemporary ideas about love and marriage but it ignores the history of love as an emotion that shapes and is shaped by hierarchies of power including gender class education and social status This interdisciplinary study questions the idealization of love as the ultimate happy ending by showing how the conteuses the women writers who dominated the first French fairy tale vogue in the 1690s used the fairy tale genre to critique the power dynamics of courtship and marriage Their tales do not sit comfortably in the fairy tale canon as they explore the good the bad and the ugly effects of love and marriage on the lives of their heroines Bronwyn Reddan argues that the conteuses scripts for love emphasize the importance of gender in determining the right way to love in seventeenth century France Their version of fairy tale love is historical and contingent rather than universal and timeless This conversation about love compels revision of the happily ever after narrative and offers incisive commentary on the gendered scripts for the performance of love in courtship and marriage in seventeenth century France
