Love China Today

**Claude-Hélène Mayer, Elisabeth
Vanderheiden**

Love China Today:

Hong Kong, China Gordon Mathews, Dale Lü, Jiewei Ma, 2008 The idea of national identity is an ambiguous one for Hong Kong. Returned to the national embrace of China on 1 July 1997 after 150 years as a British colony, the concept of national identity and what it means to belong to a nation is a matter of great tension and contestation in Hong Kong. Written by three academic specialists on Hong Kong cultural identity, social history and mass media, this book explores the processes through which the people of Hong Kong are learning to belong to a nation by examining their relationship with the Chinese nation and state in the recent past, present and future. It considers the complex meanings of and debates over national identity in Hong Kong over the past fifty years and especially during the last decade following Hong Kong's return to China. It also places these arguments within a larger global perspective to ask what Hong Kong can teach us about national identity and its potential transformations. Multidisciplinary in its approach, *Hong Kong and China* explores national identity in terms of theory, mass media, survey data, ethnography and history, and will appeal to students and scholars of Chinese history, cultural studies and nationalism.

Sex and Sexuality in China Elaine Jeffreys, 2007-01-24 Elaine Jeffreys explores the issues of sex and sexuality in a non-Western context by examining debates surrounding the emergence of new sexual behaviours and the appropriate nature of their regulation in the People's Republic of China. Commissioned from Western and mainland Chinese scholars of sex and sexuality in China, the chapters in this volume are marked by a diversity of subject material and theoretical perspectives but turn on three related concerns. First, the book situates China's changing sexual culture and the nature of its governance in the socio-political history of the PRC. Second, it shows how China's shift to a rule of law has generated conflicting conceptions of citizenship and the associated rights of individuals as sexual citizens. Finally, the book demonstrates that the Chinese state does not operate strictly to repress sex; it also is implicated in the creation of new spaces for sexual entrepreneurship, expertise and consumption. This comprehensive study is a valuable resource for scholars in the fields of sexuality studies and post-socialist societies and culture, directly appealing to both East Asia and China specialists.

When True Love Came to China Lynn Pan, 2015-11-01 The Guardian's Best Books of 2015. Most people suppose that the whole world knows what it is to love: that romantic love is universal, quintessentially human. Such a supposition has to be able to meet three challenges. It has to justify its underlying assumption that all cultures mean the same thing by the word love, regardless of language. It has to engage with the scholarly debate on whether or not romantic love was invented in Europe and is uniquely Western. And it must be able to explain why early twentieth-century Chinese writers claimed that they had never known true love or love by modern Western standards. By addressing these three challenges through a literary, historical, philosophical, biographical and, above all, comparative approach, this highly original work shows how love's profile in China shifted with the rejection of arranged marriages and concubinage in favour of free individual choice, monogamy and a Western model of romantic love. This book, Lynn Pan's best to date, adds a wonderful new angle by encouraging us via

comparison to better appreciate how unusual even in some ways exotic a part of the Western past we take for granted as though it were natural actually is While the reader will learn a great deal about Chinese literary and cultural traditions from this book if read with an open mind the Western reader may end up rethinking things about his or her tradition just as deeply Jeffrey N Wasserstrom Chancellor s Professor of History University of California at Irvine Nobody writes about China quite as brilliantly as Lynn Pan who in this new illuminating work on love showcases her trademark erudition entwined with a novelist s sensibility Pan s rare skill makes the book a treat from start to finish a sumptuous deft and moving analysis of China s relationship with love Mishi Saran author of *Chasing the Monk s Shadow A Journey in the Footsteps of Xuanzang and The Other Side of Light* *America Loves China: A Romance Novel* Martin Avery,2015-08-13 What happens when an American man meets a Chinese woman in China Love and Marriage Serena Nanda,2018-12-10 Cultural anthropologist Serena Nanda mines a wide range of ethnographic research to examine the patterns of love marriage sexuality and family unique to eight cultures around the world After reviewing changing patterns in the United States readers are taken to China India Brazil Iran Indonesia Nigeria the South Pacific and Nepal to explore traditions and transformations and the intertwining dynamics of kinship class politics religion and gender roles in love and marriage An additional chapter traces the diversity of LGBTQ relationships with contemporary examples drawn from the US Indonesia and India A valuable summary chapter features a brief analysis of similar and different cultural configurations Nanda s ethnographically rich examples and fresh perspective will challenge readers to understand that their own culture is not natural or superior but rather just one of many possibilities adapted to specific environments and subject to changes **China the Super Predator** Pierre-Antoine Donnet,2024-02-23 China is facing tremendous economic social and political challenges as well as having become a predominant contributor to climate change It has also become a predator against the Uyghurs the Tibetans and the Mongols and taken over Hong Kong silencing any forms of dissent It increasingly appears that one of the Communist regime s main goals is to control the entire world but this global ambition now faces mounting geopolitical difficulties At the center stands Taiwan which has become a full blown democracy and perhaps a model for the entire Chinese nation The United States along with Japan South Korea Australia India and other states are more than ever before willing to defend Taiwan The possibility of a clash is real making China along with Russia the main threat to the democratic world **International Handbook of Love** Claude-Hélène Mayer,Elisabeth Vanderheiden,2021-05-04 This handbook is the winner of the William B Gudykunst Award for Outstanding Book in 2023 given by the International Academy of Intercultural Research This handbook includes state of the art research on love in classical modern and postmodern perspectives It expands on previous literature and explores topics around love from new cultural intercultural and transcultural approaches and across disciplines It provides insights into various love concepts like romantic love agape and eros in their cultural embeddedness and their changes and developments in specific cultural contexts It also includes discussions on postmodern aspects with regard to love and love
