personal trauma The authors of this book widen that inquiry to include the social and political sphere tracing perversion s existential roots to the human experience of being a conscious animal troubled by the knowledge of death Offering both creative and destructive possibilities perversion challenges boundaries and norms in every area of life and involves transgression illusion casting objectification dehumanization and the radical quest for transcendence This volume presents several clinical cases including a man who lived with and loved a sex doll a woman who wanted to be a Barbie doll and an Internet sex addict Also examined are cases of widespread social perversion in corporations the mental health care industry and even the government In considering the continued impact of technology the authors discuss how it is changing the practice of psychotherapy They speculate about what the future may hold for a species who will redefine what it means to be human more in the next few decades than during any other time in human history The Age of Perversion provides a novel examination of the convergence of perversion and technology that will appeal to psychoanalysts and psychoanalytic psychotherapists social workers mental health counselors sex therapists sexologists roboticists and futurists as well as social theorists and students and scholars of cultural studies

Duby,2025-01-09 Steven J Duby provides a close verse by verse exegesis of the book of Habakkuk setting forth the important literary and historical considerations with a view to their bearing on the theological content of the text Duby shows how

Habakkuk fits within and contributes to the larger mosaic of God's self-revelation in redemptive history and reflects on how this intersects with important points of Christian doctrine.
