## **Love Lizzie A Story About Deployment:**

Love, Lizzie Lisa Tucker McElroy, 2009-03-01 Lizzie's mom is serving in the military overseas and Lizzie really misses her. While they are apart Lizzie and her mom write letters to each other to help make the separation easier. Lizzie asks her mom to hurry up and defend freedom so she can come home soon. It's hard when her mom misses Lizzie's soccer championship and her birthday. Throughout the story Lizzie draws maps to show her mother the important things in her life like the new ice cream store, her new friend's house, the family's Thanksgiving airplane trip to Florida, and the stars in the sky. While Lizzie doesn't know exactly where her mom is, they both can wish on the same star.

**The War of My Generation** David Kieran, 2015-08-04 Following the 9/11 attacks, approximately four million Americans have turned eighteen each year, and more than fifty million children have been born. These members of the millennial and post-millennial generation have come of age in a moment marked by increased anxiety about terrorism, two protracted wars, and policies that have raised questions about the United States's role abroad and at home. Young people have not been shielded from the attacks or from the wars and policy debates that followed. Instead, they have been active participants as potential military recruits and organizers for social justice amid anti-immigration policies, as students in schools learning about the attacks, or readers of young adult literature about wars. *The War of My Generation* is the first essay collection to focus specifically on how the terrorist attacks and their aftermath have shaped these new generations of Americans. Drawing from a variety of disciplines including anthropology, sociology, cultural studies, and literary studies, the essays cover a wide range of topics from graphic war images in the classroom to computer games designed to promote military recruitment to emails from parents in the combat zone. The collection considers what cultural factors and products have shaped young people's experience of the 9/11 attacks, the wars that have followed, and their experiences as emerging citizen subjects in that moment. Revealing how young people understand the War on Terror and how adults understand the way young people think, *The War of My Generation* offers groundbreaking research on catastrophic events still fresh in our minds.

Thirteen Stories Eudora Welty, 1965-03-17

I've read her Thirteen Stories many times and I'm always awed by how much comedy pathos satire and lyricism she manages to squeeze into her stories. Sue Monk Kidd: A strong sense of place in this case Mississippi along with often larger than life characterizations of ordinary folk with all their glorious eccentricities and foibles and above all a completely distinctive voice come together in Eudora Welty's fiction to offer us a world that is sometimes sad sometimes comic often petty and always compassionate. Here is a baker's dozen of Welty's very best including *The Wide Net* in which a pregnant wife threatens to drown herself despite fear of the water and a communal dragging of the river turns into a celebratory fish fry. *Petrified Man* revealing the savagery of small town gossip. *Powerhouse* Welty's prose answer to jazz improvisation and the emotional heart of the blues and *Why I Live at the P.O.* the hilariously one-sided testimony of a postmistress who believes herself wronged by her family. With her highly tuned ear and sharp insight into human behavior Eudora Welty has crafted stories as vital and unpredictable as they are artful and enduring. Miss Welty has written some of the finest short stories of modern times. *The New York Times*: Eudora Welty is one of our purest finest gentlest voices. Anne Tyler

Cascio, 2005-05 **YC Young Children**, 2008 *Lizzie Borden on Trial* Joseph A. Conforti, 2016-02-02 Most people could probably tell you that Lizzie Borden took an axe and gave her mother forty whacks but few could say that when tried Lizzie Borden was acquitted and fewer still why In Joseph A Conforti's engrossing retelling the case of Lizzie Borden sensational in itself also opens a window on a time and place in American history and culture Surprising for how much it reveals about a legend so ostensibly familiar Conforti's account is also fascinating for what it tells us about the world that Lizzie Borden inhabited As Conforti himself a native of Fall River the site of the infamous murders introduces us to Lizzie and her father and step mother he shows us why who they were matters almost as much to the trial's outcome as the actual events of August 4 1892 Lizzie for instance was an unmarried woman of some privilege a prominent religious woman who fit the profile of what some characterized as a Protestant nun She was also part of a class of moneyed women emerging in the late 19th century who had the means but did not marry choosing instead to pursue good works and at times careers in the helping professions Many of her contemporaries we learn particularly those of her class found it impossible to believe that a woman of her background could commit such a gruesome murder As he relates the details known and presumed of the murder and the subsequent trial Conforti also fills in that background His vividly written account creates a complete picture of the Fall River of the time as Yankee families like the Borden's made wealthy by textile factories began to feel the economic and cultural pressures of the teeming population of native and foreign born who worked at the spindles and bobbins Conforti situates Lizzie's austere household uneasily balanced between the well to do and the poor within this social and cultural milieu laying the groundwork for the murder and the trial as well as the outsize reaction that reverberates to our day As Peter C Hoffer remarks in his preface there are many popular and fictional accounts of this still controversial case but none so readable or so well balanced as this *Church & Synagogue Libraries*, 2005 **Story by Story** Thomas Alderson Davis, Robert Arnold Johnson, 2019-07-12 This volume brings together two authors one a psychiatrist one a philosopher to listen to one another's reading of five stories of what it's like to bear a different mental or physical illness The beginning story or anchor for the conversation that unfolds between them is that of a person subject to recurring spells of catatonia the uncanniest of human conditions They discover that truly understanding what an illness is calls for understanding it within the context of who suffers it that to understand illness is to establish the right relation between what is being suffered and who is suffering it This deceptively simple way of talking which is labelled who what talk will prove more practical and more clarifying than will terms like mental and physical Furthermore it has this additional dividend it intrinsically resists a temptation toward medical prejudice the inclination for doctors and other caregivers to lose the who of the sufferer through their focus on the what of her illness A Nun's Story - The Deeply Moving True Story of Giving Up a
