**Magic in Apuleius' ›Apologia‹** Leonardo Costantini,2019-01-14 Despite the growing interest in Apuleius Apologia or Pro se de magia a speech he delivered in AD 158 159 to defend himself against the charge of being a magus the only comprehensive study on this speech and magic to date is that by Adam Abt 1908 The aim of this volume is to shed new light on the extent to which Apuleius speech reveals his own knowledge of magic and on the

implications of the dangerous allegations brought against Apuleius By analysing the Apologia sequentially the author does not only reassess Abt s analysis but proposes a new reconstruction of the prosecution s case arguing that it is heavily distorted by Apuleius Since ancient magic is the main topic of this speech an extensive discussion of the topic is provided offering a new semantic taxonomy of magus and its cognates Finally this volume also explores Apuleius forensic techniques and the Platonic ideology underpinning his speech It is proposed that a Platonising reasoning distinguishing between higher and lower concepts lies at the core of Apuleius rhetorical strategy and that Apuleius aims to charm the judge the audience and ultimately his readers with the irresistible power of his arguments **Feast, Fast or Famine** Wendy Mayer, Silke Trzcionka, 2005-01-01 In recent decades there has been an increasing interest in the study of food and drink in the ancient Mediaeval and Byzantine worlds and of their supply and consumption This volume presents selected papers from the biennial conference of the Australian Association for Byzantine Studies which was held at the University of Adelaide 11 12 July 2003 The theme was food and drink in Byzantium Published selectively in the present volume the papers of the conference are augmented by contributions from international scholars While some papers address the use of food directly children s diet fasting or tangentially in love spells or discuss philosophical approaches towards food vegetarianism other papers in this volume examine the topic from another perspective the role and perception of food and drink and their consumption in society Yet others examine issues of supply military logistics and the role it played in shaping Byzantium This volume will appeal to readers interested in the history of food in late antique and Byzantine society in Byzantine rhetoric in magic in late antiquity and in the Jews in early Byzantium *The Nordic Grimoire: Spells and Rituals of the Vikings* Nick Creighton, Dive deep into the ancient wisdom of the North with The Nordic Grimoire Spells and Rituals of the Vikings a comprehensive guide that brings the powerful magic and profound rituals of the Vikings to the modern seeker This tome serves as a gateway to understanding and practicing the spellwork that was woven into the fabric of Norse society Inside you ll discover Detailed explanations of the historical and mythological context behind each spell and ritual Step by step guides to performing Norse rituals and creating spells for protection prosperity and more Insights into the significance of Norse gods and their roles in spellwork including Thor Odin and Freyja An exploration of runic magic and how these ancient symbols can be used to enhance your magical practice Perfect for practitioners of all levels The Nordic Grimoire offers a unique blend of scholarly research and practical application making it an essential addition to the library of anyone drawn to Norse mythology or interested in the pagan traditions Trafficking with Demons Martha Rampton, 2022-01-15 Trafficking with Demons explores how magic was perceived practiced and prohibited in western Europe during the first millennium CE Through the overlapping frameworks of religion ritual and gender Martha Rampton connects early Christian reckonings with pagan magic to later doctrines and dogmas Challenging established views on the role of women in ritual magic during this period Rampton provides a new narrative of the ways in which magic was embedded within the foundational assumptions of western

European society informing how people understood the cosmos divinity and their own Christian faith As Rampton shows throughout the first Christian millennium magic was thought to play a natural role within the functioning of the universe and existed within a rational cosmos hierarchically arranged according to a great chain of being Trafficking with the demons of the lower air was the essence of magic Interactions with those demons occurred both in highly formalistic ritual settings and on a routine and casual basis Rampton tracks the competition between pagan magic and Christian belief from the first century CE when it was fiercest through the early Middle Ages as atavistic forms of magic mutated and found sanctuary in the daily habits of the converted peoples and new paganisms entered Europe with their own forms of magic By the year 1000 she concludes many forms of magic had been tamed and were by the reckoning of the elite essentially ineffective as were the women who practiced it and the rituals that attended it

**The Handless Maiden** Mary Elizabeth Perry, 2013-10-24 In 1502 a decade of increasing tension between Muslims and Christians in Spain culminated in a royal decree that Muslims in Castile wanting to remain had to convert to Christianity Mary Elizabeth Perry uses this event as the starting point for a remarkable exploration of how Moriscos converted Muslims and their descendants responded to their increasing disempowerment in sixteenth and early seventeenth century Spain Stepping beyond traditional histories that have emphasized armed conflict from the view of victors The Handless Maiden focuses on Morisco women Perry argues that these women's lives offer vital new insights on the experiences of Moriscos in general and on how the politics of religion both empowers and oppresses Drawing on archival documents legends and literature Perry shows that the Moriscos carried out active resistance to cultural oppression through everyday rituals and acts For example they taught their children Arabic language and Islamic prayers dietary practices and the observation of Islamic holy days Thus the home not the battlefield became the major forum for Morisco Christian interaction Moriscos experiences further reveal how the Morisco presence provided a vital counter identity for a centralizing state in early modern Spain For readers of the twenty first century The Handless Maiden raises urgent questions of how we choose to use difference and historical memory
