Love On An Animal Farm A Story For Children:

Parental Alienation Syndrome and Me David Goodman, 2010-10-14 Parental Alienation Syndrome occurs when a child is turned against his or her own parent PAS is real and it hurts through the words of one sufferer it can be exposed The best day in David Goodman's life was the day he became a father His life was changed for the better with the arrival of a beautiful baby girl For thirteen years he held her loved her and cared for her until one day she was removed from his life forever through no fault of his own Since then Goodman has suffered as a result of Parental Alienation Syndrome PAS PAS is very real The innocent child is never to blame for the alienation In most cases one parent turns against the other parent and that parent may then pour poison into the ears of the innocent until the child turns against the unwanted parent too The result for the unwanted parent is abandonment heartbreak and loss It's hard to believe it could happen so imagine Goodman's surprise when he suddenly became the alienated member of his once loving family Parental Alienation Syndrome and Me is Goodman's story told through anecdotes and poetry This is the vivid recording of one man's journey into despair over the loss of the love of his child fifteen years ago and counting The tale does not necessarily have a happy ending but perhaps through his words another family will be saved the pain of PAS and another child will be spared the pain of an alienated parent

British Children's Fiction in the Second World War Owen Dudley Edwards, 2007-08-01. What children read in the Second World War had an immense effect on how they came of age as they faced the new world. This time was unique for British children: parental controls were often relaxed if not absent, and the radio and reading assumed greater significance for most children than they had in the more structured past or were to do in the more crowded future. Owen Dudley Edwards discusses reading, children's radio, comics, films, and book-related play activity in relation to value systems, the child's perspective versus the adult's perspective, the development of sophistication, retention and loss of pre-war attitudes, and their post-war fate. British literature is placed in a wider context through a consideration of what British writing reached the USA and vice versa, and also through an exploration of wartime Europe as it was shown to British children. Questions of leadership, authority, individualism, community, conformity, urban/rural division, ageism, class, race, and gender awareness are explored. In this incredibly broad-ranging book covering over 100 writers, Owen Dudley Edwards looks at the literary inheritance when the war broke out and asks whether children's literary diet was altered in the war temporarily or permanently. Concerned with the effects of the war as a whole on what children could read during the war and what they made of it, he reveals the implications of this for the world they would come to inhabit. **Michigan School Moderator**, 1918. *Book News*, 1896.
