P. Lock,2006-09-07 This is the second and concluding volume of a biography of Edmund Burke 1730-97 a key figure in eighteenth century British and Irish politics and intellectual life Covering the most interesting years of his life 1784-97 its leading themes are India and the French Revolution Burke was largely responsible for the impeachment of Warren Hastings former Governor General of Bengal The lengthy 145 day trial of Hastings which lasted from 1788 to 1795 is recognized as a landmark episode in the history of Britain s relationship with India Lock provides the first day by day account of the entire trial highlighting some of the many disputes about evidence as well as the great set speeches by Burke and others In 1790 Burke published Reflections on the Revolution in France the earliest sustained attack on the principles of the Revolution Continuously in print ever since the Reflections remains the most widely read and quoted book about the Revolution The Reflections was followed by a series of anti revolutionary writings as Burke maintained his crusade against the Revolution to the end of his life In addition to these leading themes the biography examines many other topics in its coverage of Burke s busy and varied life his
