### **Writings in the Social Philosophy and Ethics / Sozialphilosophische und ethische Schriften Paul**

Tillich,2020-03-23 No detailed description available for Writings in the Social Philosophy and Ethics Sozialphilosophische und ethische Schriften      **Routledge Revivals: Paul Tillich (1973)** Alistair M. Macleod,2017-09-29 First published in 1973

this is the first book on Paul Tillich in which a sustained attempt is made to sort out and evaluate the questions to which Tillich addresses himself in the crucial philosophical parts of his theological system It is argued that despite the apparent simplicity in his interest in the question of being Tillich in fact conceives of the ontological enterprise in a number of radically different ways in different contexts Much of Professor Macleod s work is devoted to the careful separation of these strands in his philosophical thought and to an exploration and assessment of the assumptions associated with them This book will be of interest to readers of Tillich and philosophers who specialise in ontology and linguistics      **Lest We Lose Love** Scherto

Gill,2023-04-18 Few are aware that since antiquity there has always been the philosophy of love at the core of Western culture It articulates what makes life meaningful and worthwhile and how we can live a good life together through an ethic of love This book fills this significant gap not only reconnecting the reader with such important wisdom and more crucially also reorienting our socio economic institutions and collective actions towards more loving and caring and more concerned with the qualities of our lived experiences By re-discovering the gifts of love we may challenge the existing systemic dehumanisation and draw from knowledge and understanding already present in our culture This is timely because the global crises we are facing are catastrophic especially when it comes to climate change Therefore we must respond from a place of love rather than fear Whether it is reducing the use of fossil fuels lowering greenhouse emission choosing the right food to eat or advocating for structural transformation our concerted endeavours start with an appropriate appreciation of the nature of our well being which includes the planet s well ness This book highlights a clear pathway forward to ensure collective healing and co flourishing with nature we must practise the art of loving      The Heart of an Addict Michael

Jordan,2007-07-01 Offers as never before a view straight into the heart of an addict Written by an ex Methamphetamine Manufacturer during his incarnation in state prison The three primary objectives of this book is to aid addicts in recovery detour youngsters from ever becoming addicts and to enlighten family members of addicts as to why their loved ones think feel and act as they do The beautifully written poems depict a tragic story of one man who sold out all his dreams to the high and found himself lost in the revolving door syndrome of prison where he finally gave it all over to God A must read for anyone who s life has been affected by addiction      **Love Engineering** Seongju Choi,2019-06-12 Love Engineering is after book micro concept my second book so that micro concept knowledge is adopt living in the macro concept world wicked soul righteous soul mind and body so then righteous soul doing real love which mission tools from righteous soul living in destination place creator righteous soul doing real love meet a lover in the macro concept world so that righteous soul living

John Gower,2011-05-01 Gower s imaginative French poetry is now available in a new edition with facing page translation annotations and introduction Gower s Traitie employs the French poetic form of balade typically used for courtly verses to avow instead the virtues of loving marriage characteristic of Gower s signature moralizing His Cinkante Balades confront the tradition of the French Livre de Cent Balades by describing the feelings of a young man towards his lady but eventually offering a praise of love insofar as it is subject to reason and morality Together the two works offer an excellent introduction to the Anglo Norman works of Gower and are perfect for classroom use     *Lost the Plot* David S. *Laoism: The Complete Teachings of Lao Zi* Tao Huang,2000-08 Laoism is the first ever book on the complete teachings of Lao Zi an ancient Chinese philosopher sage It is also the first English depiction to distinguish Lao Zi s teachings from Taoism a native religion of China Endless revelations and commentaries on his text of Tao Te Ching text have been and continuously exist in Chinese and many other languages but not yet a complete work between the text and its poetic summary the Lao Zi s self invented fourteen character couplet The couplet as old as the text has been circulating secretly only in a few monasteries This makes the writers throughout the history not being able to get a full picture on his work and the public inaccessible The completion of such a project must be a combination of the spiritual inclination into the text and the heart sealed connection with Lao Zi s spirit The time has come     **Complete Concordance to Miscellaneous Writings** Mary

Stone,2020-03-04 Guido Cavalcanti Dante s intellectual mentor is widely considered among the greatest Italian lyric poets his famous and notoriously difficult philosophical canzone Donna me prega is often characterized as the most studied lyric poem in Italian literature This book situates Cavalcanti s poetry in the context of the Arabic Aristotelian rationalism that entered the Latin West in the 12th century a tradition marked by questions concerning whether humans can ever transcend their animality Cavalcanti s poetry is a focal point where one can view circa 1300 AD Arabo Islamic philosophy in the process of being assimilated and naturalized in Western Europe eventually leading to values associated with the Renaissance and the Enlightenment that we now call modern and secular in particular to a notion of human reason as bound up with imagination and with ethical praxis rather than as a means for the attainment of knowledge concerning God and the cosmos The book features a radically unprecedented interpretation of Donna me prega starkly opposed to all previous accounts far from treating love as a threat to reason that would best be eliminated the canzone praises loving as the essential operation of rational human flourishing This study of Cavalcanti serves as a prelude to the formulation of a new paradigm for understanding Dante s Comedy      **Love Beyond Measure: An Exploration of Love's**
