therapies radiology and surgical procedures A Companion to Pablo Neruda Jason Wilson, 2014-08 Pablo Neruda was without doubt one of the greatest poets of the twentieth century but his work is extremely uneven There is a view that there are two Nerudas an early Romantic visionary and a later Marxist populist who denied his earlier poetic self By focussing on the poet's apprenticeship and by looking closely at how Neruda created his poetic persona within his poems this Companion tries to establish what should survive of his massive output By seeing his early work as self exploration through metaphor and sound as well as through varieties of love and direct experience the Companion outlines a unity behind all the work based on voice and a public self Neruda's debt to reading and books is studied in depth and the change in poetics re examined by concentrating on the early work up to Residencia en la tierra I and II and why he wanted to become a poet Debate about quality and representativity is grounded in his Romantic thinking sensibility and sincerity Unlike a Borges or a Paz who accompanied their creative work with analytical essays Neruda distilled all his experiences into his poems which remainhis true biography Jason Wilson is Professor Emeritus in the Department of Spanish and Latin American Studies University College London Metaphor Wars Raymond W.
